ACTIVITIES OF WOMEN

Weston Hospital Sewing Club Season Opens Today—Loretto Abbey Alumnae.

The opening meeting of the Weston Hospital Sewing Club will be held in the High Park Presbyterian Church, corner of Wrigley and Bloor streets, at 8 o'clock today. Miss Gordon of the Nursing-at-Home Mission will address the meeting and a musical program will be provided. A general invitation is extended.

The monthly meeting of the Loretto Abbey Alumnae will be held this afternoon at the Abbey at 4 o'clock. Tea will be served at the close of the meeting.

The regular monthly meeting of the Women's Canadian Historical Society will be held at 52 St. Alban's street, on Thursday afternoon at 3 o'clock. Mrs. Fitzgibbon will speak on "Glimpses of England at the outbreak of war."

The thirty-seventh annual convention of the Ontario Women's Christian Temperance Union, October 31-10th inclusive, is being held in St. James' Square Presbyterian Church. The full executive board met last night in Willard Hall and the report of the week will be filled with reports, including reading of reports, discussion of the work, addresses from the various presidents, and social activities. The W. C. T. U. members have been planning for many weeks to make this convention what it should be, and judging from the work that will be done during the week their efforts will not have been in vain.

Tomorrow night will be known as the "Y" and "L. T. L." evening, when a great demonstration of the young people's departments of work will be held in Carlton street Methodist Church. A silver collection will be taken up. This splendid entertainment should be very well supported and a record set for the week is anticipated.

Thursday night will also be the occasion of a good program, when an address will be delivered by Mrs. Ella Socie, president, New York State W. C. T. U.

Musical selections will constitute a part of some of the programs, and an automobile tour of the city will be a big feature on Wednesday. It is expected that every member will do her best work and give her undivided support throughout the convention. It is the workers that such a splendid standard has been established and such rapid strides made in temperance work.

First Meeting Today. The "Patrons' Club" will hold their first meeting today at 8 o'clock, in the parlors of the Y.W.C.A. A meeting of the Florence Nightingale Association will be held at the "Women's Patriotic League" at 8 o'clock this evening. All members are requested to attend.

At the meeting of the Ladies' Auxiliary of the Western Y.M.C.A., it was decided, on account of present conditions, not to have the contemplated social, but to continue the social work in connection with the supper for the boys. Miss Connell of the Anglican Deaconesses' Home addressed the meeting.

The "Patrons' Club" will give a reception under the direction of Miss Maude E. Gillman, L.C.S.E., in Harbord Collegiate Institute, next Tuesday, at 8 o'clock. Proceeds will be for the "Women's Patriotic League."

The regular meeting of the ladies' board of the Western Hospital will be held tomorrow, at the Nurses' Home, 28 Rosberry at 2.30.

The Women's Samaritan Club will hold its opening bazaar for the season this morning, at 10.30, in the 13th St. Society building, 14 College street.

In Drama President. Miss Isabel Cassidy has been elected president of the Dramatic Club of Toronto University.

Bay of Fundy Sardine Industry. BAY HAS PROSPEROUS SEASON.

(Special Correspondence.)

ST. JOHN, N.B., Oct. 5.—The sardine industry of the Bay of Fundy is enjoying one of the most profitable seasons in its history. The fish are very plentiful and the prices have risen all the way from \$10 to \$30 per hogshead. Some fishermen have taken as high as \$20,000 worth of fish and there are yet two months of the fishing season unexpired. The bulk of the fish have been sold to Maine packers. The big Canadian sardine factory at St. Andrews, which cost over half a million dollars, and which had been closed down for over a year owing to financial affairs, was recently sold to the Bank of Nova Scotia for \$270,000. It is expected that this factory will open under new auspices.

UPWARD INCLINE IN CHICAGO WHEAT

Rumors of Droughts in Australia Made Prices Ascend—Corn Easier.

Canadian Press Despatch. CHICAGO, Oct. 5.—Severe drought in Australia and much drier today, with making the wheat market ascend. The outcome was a firm close at 1/2c to 3/4c above Saturday's level. Corn lost 1/4c to 1/2c net; oats finished 1/4c off, and provisions irregular, varying from 1/2c decline to a rise of 1/4c.

Wheat bulls were prompt to take advantage of reports that, owing to drought, the crop in New South Wales and in Victoria had been reduced 25,000,000 bushels, an amount equal to half of the normal yield. In addition, some speculators were affected by advice that seemed less hopeful of Italy and Turkey being kept out of the war. Liberal export sales, said to have been made here and at Kansas City, tended also to give the market strength.

Temporary reactions after the bulge took place in wheat as a result of big receipts at primary points. The increase in the domestic visible supply, however, was a good deal less than that of a week ago, and there was a decided rally as a consequence during the last half-hour of the session.

Heaviness developed in the corn market owing somewhat to assertions that even late fields were now virtually out of danger from frost. Cash demand was slow, and an early advance, due to wheat strength and to unsettled weather, was more than wiped out.

Corn surged from profit-taking sales by longs. The market, tho, was steadied by cash transactions, that reached as high as 800,000 bushels.

Disappointing figures regarding exports caused provisions to average lower. Weakness of quotations for hogs counted also on the bear side.

WINNIPEG REPORTS RISING TENDENCY

Fair Export Trade With Wheat Higher on Bad News From Abroad.

WINNIPEG, Oct. 5.—A bull market, with a good demand for all grades of grain and a fair export trade, marked the opening of the week. Wheat prices opened 1/4c to 1/2c higher. There was a heavy decrease in world's shipments from last year—bad news from Australia and Argentina, a heavy decrease in local receipts, and a 255,000,000-bushel deficit in Europe—so the bulls came down with their horns on closing prices were 1/4c to 1/2c higher for wheat, unchanged to 1/4c higher for oats, and 1/4c to 2/4c lower for corn.
