ment has been made to those new and thinly settled Counties where poor schools have heretofore existed, and where the ordinary Legislative and Municipal grants were not in former years sufficient to enable Trustees to sustain the schools during the whole year.

Where Separate Schools exist, the sum apportioned to the Municipality has been divided among the Common and Roman Catholic Separate Schools therein, according to the average attendance of pupils at both classes of Schools during last year, as reported by the Trustees.

The gross sum apportioned to all the schools this year is the same as that apportioned last year.

The apportionment is made on the supposition that the amount placed on the estimates, for the support of Common Schools, as presented to the House of Assembly before the dissolution, will be voted on the meeting of Parliament. But according to an intimation made to me by order of the Finance Minister, that part of it which depends upon the annual vote of Parliament (namely, four-ninths), will not be payable until it is voted by Parliament—the Legislative Assembly having been dissolved before the estimates were passed. There is, however, I think, no doubt that the whole sum will be voted on the re-assembling of Parliament.

I trust that the liberality of your Council will be increased in proportion to the growing necessity and importance of providing for the sound and thorough education of all the youth of the land.

I am Sir, your obedient Servant,
Education Office,
Toronto, 18th June, 1863.
E. RYERSON.
