

PROSPECTUS.

It is not overstating the fact to say that, for some years back, there has been felt a necessity for a first-class weekly commercial paper in our midst. There is no reason why a purely commercial journal—which would be a truthful and fair index of the state of the Trade, and an exponent of the views of the Merchants, Manufacturers, Bankers, and Managers of the Insurance interests of the metropolis of Canada—should not be published here, although the efforts hitherto made to maintain such a paper have resulted, from one reason or another, in the publishers transferring their labors to "fresh fields and pastures new." The great degree of usefulness and success which has marked the career of two such journals in other and smaller cities of the Dominion, where they are comparatively remote from the direct information which should be within easy reach of the contributors, is surely sufficient proof that such a paper should be published and maintained in Montreal.

The preceding facts, as well as others bearing on the subject, but chiefly the encouragement given it by every business man in the city with whom we have discussed the matter, have at length deter-

mined the subscribers to attempt the publication of a commercial paper here, to be called the Montreal

JOURNAL OF COMMERCE.

FINANCE AND INSURANCE REVIEW.

It will be published every Friday, commencing on the 20th of August. It will have, for contributors, the very ablest writers whose services can be procured, local and throughout the Dominion, with occasional correspondents from the other Colonies, England, and the United States—men who write on special subjects, and thus afford a much greater combination of talent than can be supplied by any one man. No expense will be spared to make the *Journal of Commerce* a desideratum to every Merchant, Manufacturer, Banker, Broker, and Insurance Manager throughout the Dominion. Quality, rather than quantity, will be made the distinguishing merit of the contributions. It will always contain accurate and diversified business information, general and particular, temperate and thoughtful comments on the vital business questions of the day. Finance and Insurance reviews will be made a special feature. The articles on each subject will be carefully written, and supervised by men of experience and ability. Weekly reviews of the Dry Goods, Grocery, Hardware, Leather and Produce Trades

will be carefully prepared, and no pains will be spared to have the Prices Current, Bond and Stock Reports, correctly reported and tested up to the hour of going to press.

The *Journal of Commerce* in endeavouring to cater to the requirements of intelligent business men will contain in each number suitable extracts from the leading periodicals of the day, at the same time it does not bind itself to endorse the opinions expressed therein, giving them only as hints or aids to reflections on the subjects treated. It is the organ of no party. With politics it has nothing to do, except in so far as they relate directly to the commercial interests of the country.

TO ADVERTISERS, the *Journal of Commerce* offers great and particular advantages: besides its regular subscribers, it will be sent in turn to every business man of good credit throughout the Dominion; thus securing to it a circulation among upwards of twenty thousand Merchants, Manufacturers, &c.

The paper will contain 24 pages 12x9, stitched.

Subscription \$2 a year in advance. Postage pre-paid.

ADVANTAGES OFFERED.

It is embodied by its Charter to insure nothing more hazardous than Farm Property and Residences.
It insures Live Stock against death by lightning, either in the building or on the premises of the Assured.
It refutes Mills, Sheds, Tanneries, Stores, Hotels, and other hazardous property, and makes a specialty of Farm Property and Dwellings. It is not subject to heavy losses, and affords a certain Guarantee to those it insures.
It is a purely Canadian Institution, its business is confined to the Dominion, and is under the management of men who have devoted many years to this peculiar branch of Insurance, and understand thoroughly the requirements of the Farmers as a class.
It has a larger subscribed and paid-up Capital than any other Company in Canada confining its business to the same class of risks. It has \$50,000 together with \$1,000,000 transferred from the Agricultural Ins. Co. of Watertown, upon the re-insurance of the Canadian risks of said Co., making in all \$150,000 deposited with the Government at Ottawa—giving its Policy holders the best security of any Insurance Company in the Dominion.
The sweeping fires which have devastated our large cities within a few years past, destroying millions upon millions of dollars of property, and ruining hundreds of Insurance Companies, rendering worthless the hands of policyholders on the homes of our people, are convincing proofs of the wisdom of our original plan of separating Private Dwellings and Farm Property from business hazards.
This Company insures against loss and damage by Lightning as well as Fire. It is the only Canadian Insurance Company obliging itself by its Charter and Policies to pay for such losses.
Farmers and others will consult their own interests by insuring in this Company. For further information, please call on our Agents, or Address the Managing Directors.
