Germans Arraigned for Failure to Observe Pact With Belgium.

MILLIONS EXTRACTED

Promised Payment for Requisitions in Return for War Indemnity.

AMSTERDAM, Nov. 4.—The chamber of commerce of Antwerp has issued a report written by its president, E. Castelen, to the members of the permanent deputation which represents the chamber before the Belgian government, outlining the steps which the Belgian provinces had taken to pay the German war levy of 450,000,000 francs (\$96,000,000). The report states:

"The Belgian provinces have just paid the German administration the fifth monthly instalment of the war levy of 450,000,000 francs. They have up-to-date actually paid out 360,000,000 francs, of which 45,000,000 are to be credited to 40,000,000 of which 15,000,000 are to be repaid as soon as possible in commercial bills or exchange, and 25,000,000 of which 15,000,000 are to be repaid as soon as possible in exchange for requisitioned goods."

Much Goods Unpaid For. M. Castelen, after pointing out how crumpulously Belgium has met her engagements relating to the war contributions, severely arraigns the German administration for the tax man in which they have paid for requisitioned goods. In a report submitted on March 18, last, it was shown that the value of requisitioned goods reached a figure in excess of 85,000,000 francs. Since this report, declares M. Castelen, Germany has paid less than one-tenth of the amount.

M. Castelen states that at first the Germans made many requisitions forcibly in a summary way. Then in December the war levy was fixed at 25,000,000 francs monthly for a series of 12 months. The Belgians accepted this figure after securing a formal promise of prompt settlement of the requisitioned goods, with prompt settlement stipulated. On Jan. 9, 1915, Gov. Gen. Von Bissing confirmed this agreement and the promise was made that a body of Belgian business men would be appointed to reach a solution of the problem of payment for irregular requisitions. M. Castelen continues:

"Of all this, nothing has materialized. No commission was appointed at Antwerp, and with few exceptions, the requisitions were not paid for."

M. Castelen asserts that the time is now ripe to demand of the Germans a fulfilment of their side of the contract, and he argues their liability, citing article 52 of The Hague Convention of Oct. 18, 1907, which he declares obligates Germany to repay requisitions even without a formal agreement, such as the Belgians signed, with them.

ASK MORE ACCURACY IN CASUALTY RETURNS Patriotic Fund Will Not Assist Families of Dismissed Soldiers.

By a Staff Reporter. OTTAWA, Ont., Nov. 4.—The executive committee of the National Patriotic Fund passed a resolution today recommending to the government that more drastic action be taken in regard to the punishment of deserters and that the officers commanding regiments now being mobilized be held responsible for the accuracy of casualty returns. The Montreal branch of the patriotic fund reported that the fund was being drawn upon for the families of those dismissed for desertion. The national executive decided to assist the families of deserters or men dismissed for misconduct.

YORK COUNTY AND SUBURBS

OVER HALF OF ROAD IN YORK FINISHED

Seventy-Six Miles of Hundred and Ten Completed.

PLANS FOR NEXT YEAR

Extend Radius of System by Including Territory to the North.

The York Highway Commission has practically completed its work for the season, tho a few of the outlots are closing up the odd jobs before the approach of winter by the banking of small ditches and getting things in shape for next year. In all, of the 110 miles in the "good roads" system, 76 are finished, leaving 34 miles for next year. A resume of the work just issued shows that 42,000 tons of gravel and crushed stone have been used on curbs and bridges and on the highways proper \$50,000.

In all two miles of the work is constructed of brick, two and one-quarter miles of concrete, five and one-half miles of limestone-bound macadam, two miles of granite water-bound macadam, 44 of limestone water-bound macadam and three of gravel, the latter principally in the northern part of Markham Township.

The York Highway Commission was organized in 1911 and consisted of three representatives from the county, two from the City of Toronto and one appointed by the provincial legislature as representing the board of trade. An initial grant of \$200,000 was made, of which one-third by the city and the other third by the province. In January, 1915, a supplemental vote of another \$100,000 was made each by the county, city and province, making \$300,000 in all. Of this amount practically \$250,000 has been expended.

Still Going Ahead. The Highway Commission is going ahead on the assumption that at the beginning of the year the county, city and province will, as in other years when the appropriations were exhausted, grant similar amounts. The county is known to be favorable to this course, and it is expected that the other two municipalities will follow suit.

A fact that it is proposed next year to extend the radius of the "good roads" system by including North York in the schedule will not cause any change in the plan, the only difference being that the city and provincial grants will be spread over a larger area, while the northern district will assume an increased tax rate. The North York Commission is now considering the type of construction, methods of financing and roads to be improved.

After a warning, Police Magistrate Brunton in Newmarket yesterday imposed a nominal fine on a driver charged with passing a funeral cortege at a higher rate than allowed by law. They were allowed to go on payment of the costs.

A showing of military staff is now being engaged preparing for delivery to the 25,000 property owners in the housing of the year for the year 1915, tho they will not be issued until the first of the year. In round figures there will be 25,000 new houses in the year 1915, making 277,000. The increase in the population during the year is 4800, and in assessed value \$1,000,000. The Township ranks seventh among the municipalities of Ontario, being surpassed by only six.

Notwithstanding the great increase in the assessed value and population of the township, the rate for five years has remained the same. The township clerk staff remains practically unchanged, the sending out of the tax bills being done by a temporary increase.

The present year is practically the first one in which the township has entered actively upon the work of sidewalk construction on the local improvement company's plan. Miss Jean Anderson, chairman, and the opening of the concert gave a short address.

IMPOSED MAXIMUM SENTENCE

James Dolan Goes to Industrial Farm for Two Years.

In Newmarket yesterday Police Magistrate Brunton imposed the maximum sentence, two years in the industrial jail, on James Dolan, charged with being drunk in Newmarket, a local option town. Dolan had been convicted on previous occasions of a similar charge. Another man was fined \$30 and cost, while a third, who was placed under arrest on a similar charge, was allowed to go, the magistrate holding that the arrest was illegal.

MONSTER PARADE OF ACTIVE TROOPS

Greatest Ever Held in Toronto Scheduled for Next Tuesday.

Will Pass City Hall on Way to Old General Hospital.

Next Thursday, Nov. 9, the birthday of the late King Edward VII. will be celebrated in Toronto by a monster parade thru the city of all the active service troops. From eight to ten thousand overseas men in khaki will probably be in line, making the biggest parade of active service soldiers ever held in the city's history. It is thought that the parade will greatly help the recruiting movement.

This morning the 33rd Battalion, under Col. Reg. Pellatt, will complete its trek from Niagara by marching from Fort Credit camp at 8 o'clock, arriving at Sunnyside at 3 o'clock. The battalion will march via West Queen street to the city hall, where it is due to arrive about 9 a.m.

The "enemy" made a surprise attack on the Mississauga Golf Club when six officers of the artillery were taken from Fort Credit camp. The attack was so sudden that the officers were forced to hold up their hands at the enemy's command and tell their names.

Addressed Grenadiers. Colonel W. B. Kingsmill, O.C. of the Grenadiers, and who will command the Grenadiers' Overseas Battalion soon to be organized, addressed the members of the regiment at the armories last night. He said he would like to have as many of the Grenadiers as possible in the overseas unit, and knew that all who could come into it would do so. But he wanted each and every one of them to weigh their own responsibilities. On account of his call some time ago for men for home service, hundreds had joined without expecting to go overseas. He did not want to go back on anything he had said at that time.

Sergt. A. Parker, Lance-Corp. J. Kelly and Arm-Sergt. T. S. Bayles were presented by Colonel Kingsmill with long service medals last night. Major James Wrayling, formerly of

the 12th York Rangers, and who has been lately in Africa, will
