## Another Bulge in Wheat Market Crop Damage Reports the Factor

May Option Closes at a Decline, But Deferred Futures Are Higher - European Markets Easier.

CHICAGO, May 17 .- Oats had first place to-day in a general advance of the price of grain. At the end of the day oats had a gain of %c to 1%c; wheat varied from %c higher to %c off, and corn from %c rise to 160 down. Hog products finished all the way from 121/2c up to 50c decline. The close for oats was steady, within 150 of the top figures of the day. July ranged at from 321/2c to 341/4c, and closed Business in wheat was not large, but shorts became uneasy after oats commenced to soar. The chief strengthening influence, the came from news of damage to winter wheat in Ontario. Rains in Russia and increasing offers from the southern hemisphere had given the market a weak start. Cable advices, however, were entirely lost sight of later in the day. July fluctuated at between \$3\frac{1}{2}\text{o} and \$3\frac{1}{2}\text{c} (closing strong, \( \text{T} \) cup, at \$8\text{c}. In the corn trade the feature was the disappearance of May premium. The leading long in that option was reported to be selling at low prices to the east. Otherwise the bulge in oats formed the principal factor. July touched as extreme limits \$2\frac{1}{2}\text{c} and \$2\frac{1}{2}\text{c}, with the close firm, \( \frac{1}{2}\text{c} to \frac{1}{2}\text{c} up, at \$2\frac{1}{2}\text{c}. Cash grain was steady. \( \text{For the most part provisions showed a little advance, current shipments of produce being much ahead of a year ago. Montreal Grain Prices.

Montreal, May 17.—There was an improved demand from foreign buyers for Manifobs spring wheat, but the prices bid were unchanged to 1½d per quarter lower, while prices on this side were much higher, consequently no business was done from here but advices from New York reported sales of several loads to the continent for nearby shipment. The foreign demand for oats was much quieter, but bids in some instances were in line and sales of a few loads were made. The local market was quiet and steady. The local and outside demand for flour was good at firm prices. Mill feed is still somewhat scarce and in demand.

CATTLE MARKETS

MONTREAL, May 17.—At the Canadian Pacific Live Stock Market this morning the offerings of live stock were 500 cattle, 300 sheep and lambs, 1520 hogs and 2100 calves. There was no change in the condition of the market for cattle since Monday, prices being firmly maintained at the advance noted on that day. The sathering of buyers was large and as they all wanted some beef to carry them over for the balance of the week the demand was good and an active trade was done. Choice steers sold at 6%c to 6½c. good at 5%c to 6c, fairly good at 5%c to 5½c, fair at 4%c to 5c and common at 4%c to 5½c, and bulls from 3½c to 5½c, and bulls from 3½c to 5½c per lb. Cows brought from 3%c to 5½c, and bulls from 3½c to 5¼c per pound.

Owing to increased supplies of hogs a weaker feeling developed in the market and prices scored another decline of 10c to 35c per cwt. At this reduction the demand from packers was good and a fairly active trade was done, with sales of selected lots at \$6.05 to \$6.75 per cwt., weighed off the cars.

Supplies of calves continue to come forward very freely and in consequence the tone of the market is weaker and prices are lower, the range being from \$2 to \$6 each, as to size and quality. The trade in sheep and lambs was more active and prices ruled steady at \$4 to \$5 for the former, and \$5 to \$6 for the latter.

At the Montreal stock yards, west end

ter.

At the Montreal stock yards, west end market, the supply of live stock consisted of 250 cattle, 50 sheep and lambs, 550 hogs, and 1200 calves. There was a good demand for hogs at the above decline noted and sales of selected lots were made at \$6.05 per cwt.; weighed off the cars. The trade in calves was active at prices ranging from \$2 to \$6 each. The prices realized for the cattle were much the same as those quoted above.
