"HAVE you Tuckett's Cigarettes?"
"Yes, sir, what kind?"

"Club Virginias, please. May seem like a strange thing, but nearly all you tobacco men keep Tuckett's, and what's more, you never seem to offer substitutes for them."

"Is that so? Well, I guess 'twould be 'bout as much as our trade is worth. Customers as a rule know what they want, and ask for it by name. Personally, I know the Tuckett line is O.K. Handled it, in fact, ever since I went into business. They put real quality in their cigarettes, and I tell you there's nothing like quality after all to please people and make them steady customers."

The dealer's statement is borne out by the facts. In each package you'll find ten arguments in favor of smoking Tuckett's. Demand the evidence. Your judgment will endorse everything the dealer and our advertising may say about them.
