

OFFICERS INVESTED IN FRATERNAL ORDER

Events of Importance in Organization Marked by Gay Doings.

HIGH OFFICERS PRESENT

Many Visitors Attend Installation Ceremonies of Eastern Star Chapters.

An exceedingly pretty installation was the one held last night in Sovereign Hall, Dovercourt road, when the officers of Queen Esther Chapter No. 21, Order of the Eastern Star, were invested for the ensuing year. Miss Agnes Burr, past worthy matron of Toronto Chapter, was the installing officer, assisted by Mrs. Robina Mains, associate grand matron, as grand marshal. Mrs. J. W. Worth and Mrs. Slippie also assisted in the ceremonies.

The evening was brightened by music and singing, the chapter room presenting a most attractive picture with decorations of flags, and colored lights. After the ceremony of installation refreshments were served and a bright toast list followed, interspersed with singing. Queen Esther is one of the younger chapters and this is its second installation, the chapter having already won for itself the reputation of being one of the very sociable chapters of the order in the city. There were a number of visitors present last night.

New Officers.
The officers installed were: Worthy matron, R. W. Robson; associate matron, Mrs. D. P. Dee; conductress, Mrs. Robson; associate conductress, Mrs. L. Haynes; secretary, Miss Russell; treasurer, Mrs. Fitzpatrick; Adah, Miss Yonge; Ruth, Miss Briggs; Esther, Miss Francis; Martha, Mrs. F. Everfield; Electa, Miss Justine; marshal, Mrs. M. Horton; chaplain, Miss L. Briggs; warder, Mrs. Dineen; sentinel, H. Haynes; organist, Miss L. Wright.

Handsome jewels were presented to the retiring worthy matron, Mrs. Emma Furness, and worthy patron, R. G. Furness, the two first officers of this chapter. To these efforts a great deal of the credit is due for the success of the initial year.

ALDORTH CHAPTER.

Aldworth Chapter No. 29, O.E.S., had a brilliant installation last evening in Riverdale Masonic Hall. The evening was a very enjoyable one to the many visitors who were present. Mrs. G. Hamer, past worthy matron of Harmony Chapter, and Grand Electa of the Grand Chapter, was the installing officer.

The work was well done and the installing officers received many congratulations. This chapter is in a healthy, thriving state and is doing good work in its district.

Invested Officers.
The officers installed last evening were: Worthy matron, Mrs. E. McColin; worthy patron, S. Hunt; asso. matron, Mrs. S. Gibbons; conductress, Mrs. M. Irvine; asso. conductress, Mrs. P. Paton; secretary, Mrs. A. C. Carscadden; treasurer, Mrs. J. Alchin; marshal, Mrs. Riley; chaplain, Mrs. Satter; organist, Miss Ivy Wilson; sentinel, C. A. Abbott.

A happy social hour was spent after installation, the presentation of jewels to the past officers, Mrs. E. E. Abram, past matron, and C. A. Abbott, past patron, being a pretty event. Good music and clever speeches was the order of the evening.

TALK ON HYMN BOOK.

A talk on "Revising the Methodist Hymn Book" was given by Dr. D. A. Watson before the Buffalo Daughters at their meeting at Mrs. W. O. Forsythe's residence, 615 Yonge street, Mrs. W. O. Forsythe presiding. Musical numbers were given by Mrs. Westley and a reading was given by Miss Norma Wright. The tea hostesses were the president and Mrs. T. Trueman Black.

Announcements

Notices of any character relating to future events, the purpose of which is the raising of money, are inserted in the advertising columns at 25 cents an agate line.

Announcements for churches, societies, clubs or other organizations of future events, where the purpose is not the raising of money, may be inserted in this column at two cents a word, with a maximum of fifty cents for each insertion.

WOMEN'S MUSICAL CLUB.—Second special concert (open to the public) Thursday, Jan. 10th, 9 o'clock, Madame Cutler House of Buffalo, assisted by Ernest Seitz, Miss McMillen accompanist. This concert will open the new hall of the Masonic Bldg., corner of Yonge & Davenport road.

The 23rd annual meeting of the United Empire Loyalist Association of Canada takes place tonight at 8 o'clock in the Central Y.M.C.A., College street.

SOCIETY

CONDUCTED BY MRS. EDMUND PHILLIPS

Lady Blanche Cavendish, Lady Violet Henderson and Lady Mary Kenyon-Stanley have expressed their intention of being present on Friday evening at the musicale to be given at the home of Mr. and Mrs. J. Angus Mackenzie, in aid of the I. O. D. E. Convalescent Children's Home in Halifax.

Lady Flavelle is at the Chateau Laurier, Ottawa, for a few days.

The Hon. the Speaker of the Provincial House and Mrs. Jamieson have arrived from Durham and are in the speaker's apartments in the parliament buildings.

One of H. R. H. Princess Victoria's Red Cross Clubs for Nurses has been opened in Paris by Lady Algernon Gordon-Lennox at 175 Faubourg Poissonniere, for nurses on leave in Paris.

Mr. and Mrs. Christopher Holden have arrived in town from Fredericton, where they have been with the speaker's mother, Mrs. Edwards Merrill, 4 Prince Arthur avenue.

The marriage of Miss Gilbert Townsend, 289 Lexington avenue, New York, to Mr. Donald Atkinson, Quebec, will take place quietly at the bride's home in New York on the 18th inst.

Miss Helen Fraser, an official of the British treasury, is in New York to help the allies, save her first address this week at the McAlpin, to the Women's City Club, a representative group of women, among whom are Gertrude Atherton, and Mrs. Thompson-Seton, who have given eight motor ambulances, and sixteen women drivers. Miss Fraser said knitting should be left to invalids and women who could not go out to work, the young and strong can do as much as men towards winning the war and 2,000,000 will be required.

Mr. and Mrs. C. Lemieux, who were married very recently in Quebec, are in town on their wedding trip, and are at the King Edward.

Mr. Gerald Hayward, the well-known miniature painter from New York, is visiting Mr. George S. Clegg, in Montreal. Mr. Hayward's work in Canada has been done principally in connection with perpetuating the memory of the men who have given their lives for their country.

Of Sir William Van Horne's work in Cuba, it is said of this wonderful man that he had performed more real service for Cuba during his brief sojourn there, than Spain did in 400 years. He built a railway from end to end of the island and opened up seaports. He was greatly beloved by the natives and on his death every church bell tolled at the hour of his funeral, an honor that was only shown to Spanish princes or members of the royal family.

Madame Outier-Howe and her accompanist, Miss McMullen, arrived at the Queen's from Buffalo yesterday for the special concert of the Women's Musical Club this afternoon, which will open the new Masonic hall, where all the meetings of the club will in future be held.

It is very curious in the large New

York theatres to see the audience sitting in overcoats and furs, owing to the fact that the coal has been frozen in the coal barges having been frozen in down the harbor.

The women's auxiliary of the C.A. D.C. held its regular monthly meeting in the dental college on Tuesday afternoon, the president, Mrs. Webster, in the chair, and Mrs. W. G. Thompson and Mrs. J. W. Bell, honorary president and president of the Hamilton auxiliary, guests for the afternoon.

An earnest appeal was made for sox for the boxes shortly going overseas. Mention was made of the forthcoming dance on the evening of Jan. 18, and of a musicale in the first week of February. Major H. D. Harrison, R.A.M.C., addressed the meeting. First he told of his experience on board a troopship to India and back, and then of the interesting life in the Whitechapel Military Hospital. He also drew attention to the important fact that the people have been killed by air raids on England, and that the ordinary street traffic of London in a year, Miss Nixon delighted the meeting with a recitation of Service's "The Volunteer." The meeting was concluded with afternoon tea. Mrs. G. Grieve presiding.

At the Church of the Ascension the marriage took place on Saturday of Ruby Adna, second daughter of Mr. and Mrs. W. W. G. G. Carmichael, Calgary, flight lieutenant L.R.F.C. The bride wore taupe grey satin embroidered with rose and silver, and was attended by Miss Merron Darby, in navy blue. Mr. J. Noelin, cadet L.R.F.C., acted as best man. The bride will be with her parents at 19 Langford avenue, until the groom returns, who left on Sunday on active service.

Captain and Mrs. E. J. Cook, England, are visiting the coast cities.

Dr. A. D. Watson gave a pleasing and instructive talk to the Trafalgar Daughters at the club room, 615 Yonge street, on Tuesday afternoon. Mrs. W. O. Forsythe presiding. Songs by Mrs. Westley and her sister, Miss Wright, were appreciated. The tea hostesses were the president and Mrs. T. Trueman Black.

RED CROSS IN FRANCE.

There are 20,000 children in France at the present time receiving American Red Cross assistance, according to the Paris headquarters of the Red Cross. Complete statistics are being extended to 700 of this army of children, while dispensary medical care claims 7000 patients. Orphans and other children who are added by the Red Cross directly or indirectly account for the remainder. Five hundred children per day, for instance, receive medical attention in the police hospitals for nationals of France who are being returned from behind the German lines.—United States Bulletin.

ELECT NEW OFFICERS.

Peterboro Daughters of England Society at annual meeting elected Mrs. J. Booth president, and Mrs. Evans vice-president.

HERE AND THERE

Items of Interest of Women's Activities in the Work and Outside the City.

Over 10,000,000 working women throughout the United States are asking that they be paid the same wages as men for equal work.

Over 75 per cent. of the school teachers in the United States are women.

Mrs. Puresley, vice-president of the Ontario W.C.T.U., gave an address at a meeting of the Central Union of Hamilton yesterday.

Mrs. Plumptre, Dominion Red Cross secretary, will speak to the women of Red Cross workers in that city.

Mrs. Virginia Hyland, daughter of the mayor-elect of New York City, has been made president of the Young Women's Democratic League in that city.

Mrs. Julia A. Laughlin, recently installed as master of the Chicago Great-Western Railroad at Ames, Ia., is probably the first woman in the United States to hold such a position.

DEATHS AT KITCHENER.

Special to The Toronto World. Kitchener, Jan. 9.—Arthur C. Hamacher, an aged resident of this city, passed away at his home here yesterday after a lingering illness. He was 81 years of age, and had been a resident of this city for the greater part of his life. He is survived by four daughters, one son and a grandchild.

Mrs. Elizabeth Good passed away at her home in this city at an early hour this morning following a lingering illness. She was 48 years old. She is survived by four daughters—Mrs. C. M. Thede of Port Elgin, Mrs. W. H. Heller of Beaufort, N.C., and Mrs. R. Sider of this city.

WILL PRESENT PETITION

Daughters of Empire Will Ask Favor of Government for Soldiers.

It is reported in I.O.D.E. circles that the primary chapters will shortly be asked by the national body to circulate a petition to the new Union government to use its influence with the military authorities that the remnant of the first Canadian contingent may be sent home on furlough.

HEALTH TALKS

BY WILLIAM BRADY M.D.

NOTED PHYSICIAN AND AUTHOR

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column; envelope if enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

Machinist's Infection

Men employed as machinists or on lathe work in factories frequently suffer from infection in trifling cuts or abrasions. Also seen unduly susceptible to boils on arms, legs and faces. In the State of Ohio, for instance, 25 per cent. of the amount paid for the industrial commission on death claims was for infections, and 10 per cent. of the amount paid for loss of time was for the same cause.

Mr. M. L. Shie, a medical student, made a bacteriological investigation of conditions in a large Cleveland factory and found that the "oil pimples" and infections were caused by the contamination of the cutting mixture and oil which is used over and over again in such work.

He further investigated various remedies to prevent such infections. Samples taken from the cutting mixture and oil he found that the oil gave no growth at all, but the cutting mixture gave enormous growths of the ordinary pus-producing bacteria which cause pimples, boils and blood poisoning, whereas similar cultures from the arms of the same men showed no growth.

By the regular use of such a reliable and cheap chemical disinfectant as creol, in the cutting mixture and oil, in the strength of one per cent, the proportion of infections in the shop was reduced from 5 per cent. to less than 0.5 per cent., and boils have practically disappeared. The odor of creol is disagreeable to some persons. It is possible that the hygienic laboratory disinfectant (a

BON MARCHE SUCCESSFUL

Returns Show Twice Sum Expected Was Realized By Sir Henry Pellatt Chapter, I.O.D.E.

A busy meeting with much in the way of accomplishment is the record of the meeting of the Sir Henry Pellatt Chapter, I.O.D.E., in the Sherbourne House Club, yesterday afternoon.

Returns from the Bon Marche showed that twice the sum at first thought of had come from the venture, \$502.05 being to the credit of the chapter, expenses being only \$245. The regent, Mrs. Ambrose Small, announced that \$100 had been sent to the Municipal Chapter to go towards the home for homeless children in Halifax. The handsome bedspread made and donated by Mrs. Chas. McKenna was drawn for, the lucky number being 259, and the winner being R. F. Chalmers, No. 15300, of the Royal Flying Corps at Camp Deseronto. The picture was won by F. W. McCord, Montreal.

At the suggestion of the vice-regent, Mrs. W. A. Kavanagh, a reading circle was formed with Mrs. Sidney Patterson in charge, this, like the working circle, to be a sub-section of the chapter.

Mrs. Patterson gave a delightful reading, dealing with a patriotic incident at the time of the Franco-Prussian war.

Mr. Morrell of the Great War Veterans' Association was introduced by the regent and gave an address in which he told something of the aims of his organization and their desire to get the support of the Sir Henry Pellatt Chapter as an auxiliary to Company "B" for whose district he is secretary. He did not ask for financial backing, Mr. Morrell explained, but for co-operation in the matter of visiting and taking individual interest in returned soldiers and assistance as an instance of the necessity, he told of 200 cases in need of coal which he had himself handled this week. After some discussion, on motion of Mrs. Kavanagh, seconded by Miss Hart, it was decided that the chapter should take Company "B" as their particular care in the matter of being their auxiliary plans to assist to be worked out later.

ADVICE TO GIRLS

By ROSALIND.

DEAR ROSALIND: I am a young girl of twenty, and having no one to go to for advice, thought I would write you. My girl friend and I are deeply in love with two Yankee cadets, and in spite of our warnings they will not be careful when up in the air, they frequently offer us cigarettes in Toronto's largest hotel, where we sometimes have dinner. Would it be very wrong, as we see lots of girls doing so. One is at present confined to his room. Would it be very wrong for us to call and visit him? Anxiously awaiting your reply. W. W. and M. M. B.

Dear girls: Don't worry about your birdmen while on duty. They are careful all right, although they probably like to hear you beg them to be more so. In some countries it is the custom for women to smoke in hotels and restaurants. Toronto has not yet considered this good form; so if you would be considered as belonging to the "best" set rather than the "smart" set you will not smoke in public. I am not saying anything here about the smoking itself. What would your mother like you to do? As for the invalid, better wait until he can sit up and look pathetic in a big chair and receive callers properly before you go to see him. It's just a matter of being careful, girls, and of always considering your own self-respect.
