DEAD HAND CLASPED FLOWERS

Aged Woman Killed by Train on Queenston Heights.

St. Catharines, June 10.—(Special).—Mrs. Arabella McCaiche, about 80 years of age, who lived on Thorold-road, this city, was struck by a Michigan Central train near Queenston Heights on Saturday and instantly killed.

SEPARATE THE WIRES.

St. Catharines, June 9.—The coroner's jury, enquiring into the death of Louis Hyde, the Bell Telephone lineman killed here on Wednesday, brought in a verdict of "accidental death" last night, but they recommended that telephone and electric light wires should not be allowed on the same pole.

DOCTOR EXPLAINS.

His Article in the Medical Magazine About Coffee.

One of the most famous medical publications in the United States is the "Medical Magazine," in a recent number of which an entertaining article on coffee was published. In explaining his position in the matter this physician recently said: "In the article in question I really touched but lightly upon the merits of Postum Food Coffee. I have had several cases of heart trouble, indigestion and nervousness where a permanent cure was effected by merely using Postum in place of coffee without any other treatment."

MARINE

Brookville, June 9.—(Special).—The big steamer Toronto created a new record in her run from Alexandria Bay to Brookville, on the river. The distance is 24 miles, and she made it in 68 minutes.

HAPPENINGS IN HAMILTON

STORM DAMAGES REPAIRED

Some Out-of-Town People Got the Idea That Whole City Was in Ruins.

Hamilton, June 10.—(Special).—Nearly all the damage, with the exception of wrecked buildings, done by Friday's storm has been repaired. The Cataract Power Company had nearly all the street lamps in operation to-night, and the Bell Telephone Company repaired nearly all of its lines. Such lurid accounts of the storm have been sent out that scores of telegrams are pouring in from people outside the city, making anxious enquiries for friends.

Some police officers hid in the Sophia-street School to-day and rounded up a gang of about a dozen crap-shooters. B. J. Kennedy is in St. Joseph's Hospital with a broken shoulder and other injuries, and Alex Campbell is in the cells charged with committing an aggravated assault upon him. The trouble occurred on Mulberry-street, at the corner of Church-street, on Monday morning, the following priests were ordained by Bishop Dumoulin: Rev. W. H. Dumoulin, Holland, Mich., a son of the bishop; Stanley G. Wade, St. Amand, La., son of Rev. Canon Wade; Rev. Thomas McKim, M. A., Waterdown; Rev. Thomas A. Fawcett, B. A., St. Charles; Rev. Robert H. Ferguson, M. A., Hagersville; Robert J. W. Perry, St. Catharines; and William G. Davis, Stony Creek, were ordained as deacons.

William Casey, 124 North Park-street, died suddenly on Saturday afternoon from heart failure. Mrs. W. A. Nash, Stony Creek, died to-day.

The board of health made a tour of inspection on Saturday afternoon and decided to prosecute all those who have refused to fill in ponds where stagnant water collects. The board will take immediate steps to post-poned the opening ceremonies on that account. Rev. W. E. Norton, Rev. J. C. Sycamore and Rev. T. J. Bennett took part in the building of the \$2500, and is practically paid for. Rev. A. S. Woodburn has been selected as pastor.

R. H. Foster will probably be chosen as the secretary and treasurer of the board of education, and among those expected to succeed him as school trustee in Ward 4 are W. J. Clark, Julius M. Williams and George Mathison.

The solicitors of the county council have received a letter from Hon. Frank Cochrane, stating that the government will not allow the beach to be annexed by Hamilton. David Musgor, 202 North Wellington-street, a youth 19 years of age, stopped a brick thrown by a colored man at the race track on Saturday, and was taken to the City Hospital with a broken jaw.

Willie Towers, a youngster, who lives at 309 Northeast-avenue, was thrown on a cement sidewalk by another boy to-day and had one of the small bones in his arm broken. The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 p.m. daily, 35c a month; Sunday, per copy. Hamilton office, Royal Hotel Building, Phone 965.

NEW CHURCH DEDICATED.

Berlin Methodists Are Dismantled Once More in a Splendid Edifice.

Berlin, June 10.—(Special).—After two years in the wilderness following the sale of the former church property, Berlin Methodists to-day occupied for the first time their magnificent new \$30,000 edifice. The services were all largely attended. In the morning the preacher was Rev. R. J. Elliott of Simcoe, president of the Hamilton conference, who also conducted the dedication services. In the afternoon Rev. R. J. Lavelle and others addressed a Sunday school mass meeting and in the evening the sermon was preached by Rev. Dr. Arthur Galt.

The pastor, Rev. D. Snider, read a statement showing a debt remaining \$2000, and this was reduced by over \$2000 by subscriptions and collections at the services to-day. The choir, under E. N. Shildrick, acquitted themselves in a creditable manner, and Ed. B. Hallman and E. N. Shildrick in solos, and Miss Jackson and Mr. Pitts of Paris in duets.

THROWN FROM RIG AND KILLED.

Binghamton, N.Y., June 10.—Rev. George Horton, a retired Presbyterian clergyman, was instantly killed while driving in his yard near Oxford yesterday. The wheel of the wagon caught, throwing him out and breaking his neck. He was 75 years of age.

To Prevent Bright's Disease

Bright's disease, as well as the other dreadfully painful diseases of the kidneys, can usually be prevented and cured by giving some attention to the diet and to the activity of the liver and kidneys. Excess in eating and the use of alcoholic drinks must be avoided, and the filtering organs can best be kept in good working order by the use of Dr. Chase's Kidney-Liver Pills, which are indicated before the kidneys fail, and such symptoms appear as back-ache, scanty, highly-colored urine, painful, scalding urination, deposits in urine, etc.

Dr. Chase's Kidney-Liver Pills succeed where ordinary kidney medicines fail, because of the direct and combined action on the liver and kidneys. This has been proven in thousands of cases of serious and complicated diseases of the kidneys, and in a dose of 25 cents a box, at all dealers or Edgemoor, general cargo, 2 a.m. Wednesday.

STOCK BROKERS SEE COBALT

NIPISSING MINE EXPLORED

Representative Party Entertained at One of the Famous Properties of the Camp.

Cobalt, June 10.—(Special).—Cobalt was invaded last night by a mighty force. It was not a fighting force, however, but composed of men of strenuous life and of the men to whom nations look for the sinews of mighty wars—peaceful warriors who came from New York, Boston, Toronto, Montreal and London and represented the stock exchanges of the various cities.

Complaint has occasionally been made that Toronto capitalists have been slow to recognize the great financial possibilities of Cobalt camp, and that the working mines here were to prove the redemption of lost fortunes in other Canadian mining camps. The reason of this of these representative men being here was an inspection of the great Nipissing (formerly Barle) mine. In the party were: Dr. C. A. Couson, Wallace Nesbitt, D.C., H. F. Wyatt, F. T. Oesler of Oesler & Hammond; Ed. E. Frelund of John Stark & Co., E. S. Wray, K. Stone of New York, David Finklin and George J. E. Osborne of Osborne & Francis, Jas. Hawes, all of Toronto; J. J. Pangman of Burnett & Co., Montreal, and secretary of the Montreal Stock Exchange; Harold S. Sims, W. F. Bartholmev, Boston; Henry E. Woodworth of Hayden, K. Stone & Co. of Boston, and New York; J. H. Cody, Prof. Wm. Earl Hadden, one of America's greatest metallurgists; E. P. Barle and Wm. Starr Bullock of New York, David Finklin and Arthur Hawkes of Toronto.

The party came up in two Pullman cars and remained from Saturday afternoon till Sunday at 4 o'clock, when they were run down to North Bay by a special engine of the T. and N. O. Railway.

Their time was largely spent in careful examination of the veins that were being worked at the Nipissing mine, where over a million dollars worth of ore was shipped last year at a cost of one hundred thousand dollars. Ocular proof of the magnificent showings of this mine convinced these hard-headed financiers that magnificent openings for safe investments were provided for the many millions at present tied up in Canadian saving banks, producing only meagre returns.

Lunch was provided by Mine Superintendent Linney, and Mrs. Linney proved gracious hostess. In addition to the good things supplied for man's inner wants, a silver nugget was laid at the plate of each guest, and all were satisfied with E. P. Barle and his associates and the great bonanza in the Cobalt camp.

TORONTO MAN PRESIDENT.

W. J. Darby is Head of National Association of Circulation Managers.

W. J. Darby of The Mail and Empire returned home last evening from Louisville, where, at the annual convention of the National Association of Managers of Newspaper Circulation, he was elected president for the next year. The 1907 meeting will be held in Milwaukee.

Mr. Darby read a paper on "The Comic Supplement," in which he expressed himself as strongly opposed to the present variety, which, he contended, was harmful in its influence on the young reader, by incalculating a spirit of irreverence and impertinence from the "heroes" of the colored section. He believed, however, that the supplement had come to stay, and that all that could be done was in the way of seeking to improve its contents.

Dr. Bruce L. Riordan reached home yesterday after a four-weeks' trip to the old country. "Just went over for recreation, and 'd' England, Ireland, Scotland and Wales, in thirteen days, and that included seeing the Derby, and putting my money on the right horse," he said last evening.

The Lord Bishops of Toronto officiated, the sermon was preached by Canon Welch, Dr. Broughall, examining chaplain, presented the candidates. Rev.
