

**READ WHAT THE PEOPLE OF ENGLAND SAY, WHERE THE
SALE OF MOTHER SEIGEL'S CURATIVE SYRUP REACHED
THE ENORMOUS AMOUNT OF (£90,000) NINETY
THOUSAND POUNDS LAST YEAR.**

9 Myton Place, Hull, Jan. 15, 1885.

A. J. WHITE, Esq., London.

Dear Sir:—I can send you two testimonials, but the parties do not wish their names or correct initials advertised. Mrs. A. suffered for twelve years from complaints peculiar to females, and tried various remedies and different medical men, but to no purpose. Two small bottles perfectly cured, and to my knowledge the person is hearty and well at the present time. Mr. S. was a martyr to Rheumatism and Lumbago, and could not turn in bed for three weeks, but after taking half a small bottle was able to get up, and following up the remainder, and having another small bottle, was enabled to follow his usual employment. He always keeps Mother Seigel's Syrup in the house. These cases are thoroughly *bona fide*, and have come under my own notice.

Yours truly, T. W. ROBINSON.

Catfield, Feb. 10, 1885.

GENTLEMEN:—I could quote two or three cases which are known to me, where great benefit has been derived from the use of your Curative Syrup, but the parties prefer not publishing their names. However, facts speak for themselves, and when one has customers who repeatedly assert they would not be without it, I think it is conclusive evidence of its merit and value. Such is my experience since I first commenced the sale of the Syrup, and I have pleasure in stating that it has now become one of the staple articles of stock, which requires frequent sorting up, and one which on no account must be allowed to run short.

Yours truly, J. W. HUSON.

St. Just and Trewellard, Cornwall, Jan. 24, 1885.

A. J. WHITE.

Dear Sir:—Our assistant was suffering from loss of voice. We, with many of his friends, thought that it was a decided case of Consumption; he was obliged to leave shop and go home. The happy thought occurred to him that he would try your "Syrup," and we can assure you it has produced marvelous effect; he returned to shop again, and now says that he has enjoyed better health for years. We should have sent you this testimony weeks ago, but waited to see there would be a relapse, because some members of his family have died by Consumption, that we could not believe a cure would be effected so quickly. However, he now rejoices in ever having used Mother Seigel's Syrup. You have his and our sanction to make what use you like of this. His name is Jno. James Trenoweth, Lamorna, Buryan. While we remain,

Yours truly, R. W. CHIRGWIN & CO.

Grove Pharmacy, Salingle, Jan. 2, 1885.

Your medicine must be the most wonderful discovery, for during my experience of more than twenty years I never knew any proprietary or patent medicine in such universal favor and demand. It is simply extraordinary, and if I were to send you an account of every statement made to me in its favor, you would have to publish a separate book to contain my testimonials alone. (Signed) THOMAS J. PERKINS.

Mr. E. A. Atkinson chemist, reports as follows:

Padtham, Dec., 1884.

I think it is a duty I owe you to make known the great good done by your Mother Seigel's Curative Syrup. An elderly lady of my acquaintance was for many months suffering from spasmodic action of the stomach, accompanied by the most distressing shortness of breath, and constipation. By my advice she tried the Syrup, and took three bottles of it, and one box of Seigel's Operating Pills. She declares she is now as well as she ever was in her life, though she is over sixty years of age.

59 Bloomfield Road, Plumstead, Jan. 7, 1885.

I find the sale of your medicines increase every year, and every one speaks well of them that tries them. I know a lady that attended the Female Hospital in Soho Square for some months with pains in back and side, and bilious, and could take no food, but got no benefit from any of the medicines they gave her. Before she had taken all the contents of one bottle of your Syrup, she felt relief, and is now quite well.

(Signed) W. K. BAKER.

Mr. J. S. Woodruffe, Chemist and Druggist, Hull, says, December 13, 1884:

The sale of your Syrup increases month by month, and it is most gratifying to hear the good results it is achieving, and I can confidently say I have not heard of a single case that has not received some benefit.

Unabated Sale the Best Proof.

Bideford, Jan. 7, 1885.

As regards the benefits received by my customers who have been taking Seigel's Syrup, it would take a volume to give all the voluntary testimonials I constantly hear. I think the unabated continuous sale is the best proof of the estimation in which your remedies are held by the public.

(Signed) WILLIAM CADD.

Indigestion, Dyspepsia, and Liver Complaint.

Mr. Wilson M. Whitford, Patent Medicine Vender, Evesham, writes, October, 1884:

We are selling more than ever of your Curative Syrup in our neighborhood. Mother Seigel's Curative Syrup has cured some scores of persons afflicted with indigestion, dyspepsia, and liver complaint. Many tell me it acted like magic, and speak of it in the highest praise.

Use Mother Seigel's Curative Syrup or Shaker Extract of Roots for Dyspepsia.
