### INCIDENT OF SURTAX.

Goods, Fifty Per Cent. of Whose  
Value is German, Included.

Ottawa, Dec. 4.—An Order-in-Council  
has been passed confirming the pro-  
visional regulations in regard to the  
surtax on German goods.

No changes have been made in the  
regulations or in the certificates re-  
quired to be made on invoices, but  
a clause has been added to the regu-  
lations defining and interpreting the  
clause in the act respecting the sur-  
tax, which provides for its application  
to articles, the chief value of which  
was produced in Germany, although they  
may have been enhanced in value by  
the labor of another country, notwith-  
standing the provisions of the British  
preferential tariff.

The defining clause in the regula-  
tions reads as follows: "In determin-  
ing whether or not any article imported  
into Canada which has been pro-  
duced, improved or advanced in value  
by the labor of any country other than  
Germany is subject to the surtax by  
reason of a portion of the value there-  
of having been produced in Germany,  
the fair market value of the article as  
material grown, produced or manu-  
factured in Germany, which has entered  
into the manufacture of the article im-  
ported into Canada shall be held to be  
the value produced in Germany within  
the meaning of the Tariff Act respecting  
the surtax."

An illustration given by the cases of  
necessities made in Germany, such as  
cotton goods, which are manufactured  
in Germany. If the market value of  
the fabric is the importer represents  
more than 50 per cent. of the value of  
the complete article, then the com-  
plete article is subject to the surtax.

### Architecture, Past and Present.

A. C. Barrett delivered the weekly lec-  
ture at the Technical School last night,  
talking for his subject "Architecture." He  
started with the Egyptian pyramids and  
told the story of the development of archi-  
tecture from the earliest times to the pres-  
ent. He gave a description of the great  
temples and palaces of the ancient world,  
and showed the influence of the Greek and  
Roman styles on the architecture of the  
middle ages. He then spoke of the re-  
naissance and the modern styles of archi-  
tecture, and showed the influence of the  
great architects of the past on the archi-  
tecture of the present. He concluded his  
lecture with a description of the great  
buildings of the future, and showed the

## ST. GEORGE'S SOCIETY DISCUSS CHAMBERLAIN

Also Arrange for Xmas Distributions  
to Poor—Notes From the  
Lodge Rooms.

Arrangements were completed last night  
by St. George's Society for their annual  
Christmas dinner to poor Englishmen and  
the distribution of charity. Committees  
were appointed to take charge of the detail  
work. Tickets will be issued, signed by a  
member of the society, and cars taken to  
exclude all but worthy applicants. Iron-  
stone will be distributed on the 22nd and  
23rd, and material on the 24th.

After business had been disposed of a  
discussion was held on Chamberlain's pro-  
posed fiscal policy. J. D. Brown declared  
that free trade had proved a failure in  
England, while other countries had thrived  
under a protective policy. The mainte-  
nance found that they could not com-  
pete with the other countries and were  
being ousted from the markets of the world.  
England's greatness had arisen chiefly from  
her mercantile marine. As to the danger  
from retaliation by other countries, Mr.  
Brown thought they had done their worst  
and need not be feared. James Nicholson  
replied and criticized Chamberlain's policy  
severely, saying that he took the period be-  
tween 1850-1870, and compared it with  
other periods, not mentioning that the  
great Franco-German war of 1871 had en-  
dowed England's trade to increase by leaps  
and bounds. He also said that the sur-  
plus value of money had greatly in-  
creased, as well as the wages paid and  
the rate of interest had decreased from  
25 to 24 per thousand in the last 40 years.  
The argument was continued by a number  
of the members present and President Copp  
in a short speech, summarized the opinions  
of the different speakers.

Capital Lodge No. 50 of the Ancient Or-  
der of United Workmen had a very suc-  
cessful at home in their rooms at St.  
George's Hall last night, about 60 couples  
taking part in the dance. Master Workman  
W. A. Griffith was in charge of the pro-  
ceedings and among the prominent visitors  
were Mr. R. H. Brown, Past Master Hill Dry-  
den, Mr. H. H. Brown, and Mr. H. H. Brown.  
The election of officers will take place on  
the 10th inst. and there will be an open

concert at the Central Y.M.C.A. of Yonge-
