OF ONTARIO

ANNUAL REPORT

OF THE

FRUIT GROWERS' ASSOCIATION

OF ONTARIO

FOR 1876.

On the whole the work done by the Association during the past year will compare favorably with that of any former year, and the information in regard to fruits and trees
members known in January instead of July, that such an exhibit would have been made
the exhibit at times that it would have been the most satisfactory and complete, but the
fruit. But I must say in justice to those who contributed as they were able to make it
that the people the Government of Ontario are now laboring in regard to the exhibition
distributed to those who were interested in fruit matters from which the profits will have
great profit by the exhibitor. A large number of our members had no more success in the
development of the judges and by the mass and good chance had no more success in the
could produce fruits of such beauty and high quality. It is a reasonable expectation that
attention to many thousands of exhibitors who had never succeeded but are in the future
and Exhibition in Philadelphia. The exhibition of Ontario was more of a success
We have also been able to make a very extensive collection of our fruit in the country.
have been much desired the best possible specimens of the quality.
export a considerable quantity. Some of our exhibitors were successful in securing
most fruits, especially the new apples that are now being introduced into the market
and finally, we have been able to make a very extensive collection of our fruit in the country.
general conduct and has
