go Company to the United States arisen from a sick bed, his intellect Rubber Co., particularly interests Wall eemed as clear, his wit as ready and street. There were reports that the rate it will be a competitor of the crude rubber subsidiaries of the United States company. In the opinion of men usually best

informed, the relations of the parties interested in the two concerns give little warrant for either assumption. Rather, it is believed, there will eventually be merger of the two concerns. The rubber output of the Congo Tree State in 1889 was but 47 tons. In 1905, it was 4,861 tons, and the value of the product was \$8,600,000. This is

about 91/2 per cent of the value of the entire output of the world, which for 1906 is estimated at \$90,000,000. One certain result of the rubber concesion will be to make New York a Conductor Frank Roberton, of the crude rubber market, a business dis-
