Although the English Olympic teams had almost to go begging for money nough to send them across the channel to Belgium, word comes through that \$150,000 has been raised for a fund to buy polo ponies so that the Yanks won't be able to repeat their trick of a few years ago in buying up all the best ponies and leaving the English team to use what they could muster in the way of mounts. A number of the men from the different factories were in attendance. The meet will be held this year on July 26. It was suggested at the meeting that the Free Press five-mile road race could be held in conjunction with this. The meet will be held this year on July Jimmy Dellow, Toronto, late of St. Marys. The meeting was the largest the association has ever had, and judging by the enthusiasm shown, the event will be a huge success. The managers of the different factories in the city are taking an active interest to make it a success. This meet will give every industry in the city a chance to show its athletic strength and ability. The Manufactures' Baseball League in the city is creating a good line of sport in the factories, and this meet is probably one of the best factors for all around sport growth in the city.

A nomination committee was chosen and they will appear at a meeting some time next week for the election of the officers. The nominating committee is composed of Messrs.
