

RICH VERGE IN POVERTY SAYS MRS. HETTIE GREEN

Saw the Handwriting on the Wall
and Quietly Called in
Her Money.

BOSTON, Feb. 15.—Mrs. Hettie Green gave out an interview here to-day in which she said that she had been called upon by various interests for money during the recent panic, and added that, although she loaned Harry Payne Whitney \$100,000 and also helped out the New York Central, she refused to loan anything to the Vanderbilts, even though they offered her jewels as security. Mrs. Green says that the rich in New York are on the verge of poverty. She also gave her views on the political situation, and believes that Taft is winning only a blind vote. She says that a clean sweep when the proper time comes. Here is what Mrs. Green had to say:

FOR A QUICK TURN OVER

We have placed on sale 50 Mince Suits, with reductions ranging from \$3.00 to \$5.00 on each suit, simply because we have got to sell goods, and we are not in the high-end district.

HOT WORK FOR FIREMEN AT NORTH END BLAZE

Storehouse of Canada Plate Glass
Company on Shaftsbury Ave.
Gutted.

Fire of an unknown origin, which endangered considerable surrounding property, completely gutted a two-story frame building at 90 Shaftsbury-avenue, owned by Nicholas Garland of North Toronto, and used as a storehouse by the Canada Plate Glass Co. It broke out at 2:35 yesterday morning. It was only by the splendid work of the firemen, under District Chief Smedley, who went up against serious obstacles in the way of two frozen hydrants and poor water pressure, that the residence of James Bell, which was separated by a few feet from the burning building, was saved from destruction. It, with W. Phillips' house on Ottawa-street, was only slightly damaged.

The glass company had over \$12,000 worth of over surplus stock of the kinds, which, it is said, is ruined. The building was valued at \$25,000, and is wrecked.

The fire was first discovered by a brakeman on a passing freight, who communicated with the gateman at the Yonge-street crossing, and, at 2:35, sent in the alarm from Yonge and Cottenham-streets.

When Chief Smedley arrived with hose 3, from Yonge-street, and found the building practically gone, and under his direction the firemen turned their whole efforts to saving buildings in the vicinity. Although the pressure was bad, streams were kept working with excellent results, but at such close quarters did the men have to work that the point on their helmets was blistered by the heat.

Firemen's Appreciation.
A row of two-story frame stables and nearby houses were saved, with no damage except glass broken by heat, and some scorched wood work.

The north end sections of the department handled the blaze without calling for assistance, and were on the spot until after 7 o'clock. They feel very kindly toward Charles Bell of Shaftsbury-avenue and Mr. Davis of Ottawa-street, who provided hot coffee, tea and biscuits.

John McConnell, president of the Canada Plate Glass Co., had no idea last night just how much stock was in the building. Mr. McConnell said the insurance was carried on the stock.

"We were not at the office to-day," he said, "but I was over at the fire and should say that quite a stock of plate glass, mantels, tiles, etc., was ruined."

He could not give any cause for the outbreak, as everything had been reported all right when the men left the premises on Saturday afternoon.

The building was formerly used as a planing mill.

The blaze lit up the northern part of the city for over an hour.

A Remedy For False Alarms.
At 5:30 last evening an alarm was turned in from box 256, at Queen and DeCass-streets, for a blaze in Thos. Grinnell's coal and wood yard, on Wardell-street. The damage is placed at \$150, no insurance; cause, electric wires.

At 7 o'clock Saturday night an alarm was sent in from box 31, Yonge and Adelaide-streets, and a dozen or more sections—hose engine and truck—plowed thru the deep snow to find that someone had mistaken the smoke and glare from a planer's heater, in a building on Victoria-street, for a fire.

The firemen often have needless runs from this same cause. Perhaps if it was made compulsory on the part of workmen to display a red lantern on the window ledge, when operations on a suit in smoke or steam that could be mistaken for fire, the false alarms would be fewer.

Ministers to Meet.
The Presbyterian Ministerial Association will meet at the 1846 House, Yonge-street, at 10 o'clock this morning. Prof. McFadden of Knox College will read a paper on "Expository Preaching."

FAMILY NEARLY WIPED OUT BY ESCAPING GAS

Alarm Given Just in Time to Save
Three Lives—Deaths
of a Day.

HAMILTON, Feb. 16.—(Special.)—Another case of asphyxiation that nearly cost the lives of the three young children of S. Schreiber, 15 York-st., occurred this morning. Early this morning Mr. Schreiber got up and lighted a gas stove in his room, about his three children were sleeping. He then returned to his own room for a Sunday nap. A short time after one of the children, a boy, awoke and found his mother lying on the floor. He called out, and the other two children were lying unconscious in their room. An alarm was given, and by the prompt response of Constable Rankley and others aid was obtained and the children were all brought around. The stove that caused the trouble did not have any chimney. Mr. Aaron Bradford, 565 North John-st., died suddenly to-day.

Mrs. Ivan Taylor, 33 Steven-street, died suddenly to-day.

The local council of women called a meeting of representative business and prominent women Saturday morning to consider plans for establishing and equipping playgrounds in connection with the various schools in the central part of the city. There was a good attendance, and another meeting will be held Thursday.

Norman Christie, an amateur wrestler, was placed under arrest last night in a somewhat sensational way. About six months ago Constable Tuck arrested him on the charge of stealing brass knuckles from the Hamilton Biscuit Company. Christie was released, but he was back in the city hall last night, when he was charged with the theft of a bicycle.

Saturday night got a tip that the constable, who was on duty, was staying at a mile out over the mountain. Constables Jas. Clark, Meyers and Tuck searched the place, and nabbed the wrestler, who will have to answer the charge of stealing a bicycle.

The only thing about his capture that disturbed him was that he was turned by Tuck. Mrs. George Schreiber died this evening in the City Hospital from pneumonia.

Pong's High Class Cafe.
Four doors north of Royal Hotel, opposite Grand Opera House. Phone for reservations, 121 King-street, No. 2750. Open all night. Special attention to business men.

Yonge Street Mission Free Breakfast.
Yonge-street Mission yesterday morning was the scene of another free breakfast for men. There were 343 men gathered to partake of the feast, which was provided by the Ontario Pump Works. During the breakfast, bright singing was furnished by the choir, and when the coffee and sandwiches had been disposed of the men joined heartily in the singing.

The demand for clothing is just as great as ever, and so appeals to the people of Toronto for assistance. There have been over 200,000 pieces of clothing given away, and over 100 men fed already this month. There is a particular need for boots, underclothing and children's clothing of all kinds. Anyone desiring to help in this work will send a card to J. C. Davis, superintendent of the mission, or telephone Main 3546.

LONDON, Feb. 16.—The leaders in the movement for reforms in Macedonia are urging upon Sir Edward Grey, the secretary for foreign affairs, that the breaking up of the concert of powers which is considered here as the work of Macedonia reform has come to a standstill.

The movement is growing steadily under the aggressive attacks of the French and Russian press, and adverse criticism in Great Britain will not add to the success of the movement. The consensus of independent opinion, however, is that the Macedonian scheme has practically disappeared.

NEW GROUPING POWERS

Continued From Page 1.

Friday, and it is confidently expected here this will result in the postponement of the Austrian project.

The full cognizance and support of Germany has resulted in an outburst of anger against that country by the Russian press and public. This antagonism is felt with especial force in the army, where it is believed Teutonic influences have been at work.

The Russian foreign minister has assumed a menacing attitude.

VIENNA, Feb. 16.—Despite official assurances that harmony has been re-established between Austria and Russia, the situation arising from the question of railway concessions in the Balkans has not lost its tension. Neither the foreign office nor the Russian cabinet is considered here as the work of Macedonia reform has come to a standstill.

The movement is growing steadily under the aggressive attacks of the French and Russian press, and adverse criticism in Great Britain will not add to the success of the movement. The consensus of independent opinion, however, is that the Macedonian scheme has practically disappeared.
