Patriotic Workers Selling Them to Make Money for War Purposes.

Church organizations and women's patriotic clubs are crowding out the speculator who in previous years made a tidy little profit by monopolizing the supply of exhibition six for \$1.00 tickets. The ladies are selling the tickets upon which they make a ten per cent. profit for the purpo of augmenting their funds for the purchase of overseas comforts. The sale is the heaviest since 1913, and Honorary Acting Manager Kent is jubilant, as he regards the advance demand as an unfailing baro-

meter of public interest in the big fair. The year 1913 was the last of Mr. Kent's presidential term, the year when the million mark was reached. "It would be too much, perhaps, to expect a million this year," he said, but certainly every indication points a tremendous crowd. ARE YOU AN EXECUTOR?

If so, you may find that your duties demand more time than you can well spare. Or perhaps there are matters which you cannot decide in the best interests of the Estate and at the same time avoid friction in the family. In such cases the advantages of a corporate trustee are obvious. A Trust Company is impartial in its administration and is "always on the job." We will gladly relieve you of part or all of your responsibility.

You will be pleased with our service.
