"THE PASSING SHOW."

"The Passing Show of 1916," which comes to the Alexandra Theatre on Menday evening, is as full of snap and ginger as an outlaw brenche, and there is constant action crowded into the three hours of fun, frivolity and feminibility with which this famous annual entertainment of the Messis. Believes She Was Saved From Stroke of Paralysis

All One Side Was Cold and Powerless When She Began Using Dr. Chase's Nerve Food.

A dead nerve cell can never be replaced. In this way it is different from other cells of the human body. But feeble, wasted nerve cells can be restored, and herein lies hope.

In this fact is also a warning to take note of such symptoms as sleeplessness and loss of energy and ambition, and cestore the vitality to the nervous system before some form of helplessness results.

Nervous prostration, locomotor staxia and paralysis are the natural results of neglecting to keep the nervos in healthful condition. The use of Dr. Chase's Nerve Food when you suspect there is something wrong, will soon restore vitality to the nervous system, and thereby prevent serious developments.
