THIRTY-TWO YEARS OF SUCCESSFUL BUSINESS

Adams Furniture Company Hold Annual Spring Opening and At-Home.

The Adams Furniture Co., Limited, who for thirty years have been before the public, have for two days, Friday and Saturday, been conducting their annual spring opening and at home.

This has become a very enjoyable function, participated in by both the old and new customers of the firm.

The store was brilliantly illuminated and tastefully decorated for the occasion. The new system of lighting had a most pleasing effect at night. Palms and flowers were profusely spread thruout the seven and one-half flats, and a hundred song birds from the Hartz mountains added to the natural charm. Ladies and their coarts street charm. Ladies and their escorts served tea and light, refreshments to the

music of an orchestra.

A tour of inspection would convince A tour of inspection would convince the most pessimistic that business is enjoying full swing, and that this firm is at the front of the procession. Trade has expanded, sales and collections show a most successful year. The management have no reason to change its methods, which have always been to accommodate its customers as to prices date its customers as to prices

Beside the staple lines of goods which have always appealed to the middle and high-class trade, there are two special displays. The Richmond Vacuum cleaner, so light at ten pounds instead of the ordinary sixty pound machine, that any woman can handle it with ease, bids fair to be a popular seller. The other is the Caloric Firaless Cooker, which saves 75 per cent. of gas, and relieves close attention over the heat of a cooking meal. It is a neat and handy piece of furniture, of three sizes. The secret of its value is this that is this, that with twenty minutes of heating it stores the warmth for from eight to twelve hours. It bakes, roasts or boils, and the samples of food tasted tell the story of success. The Adams Co. are the sole agents for both these

The crowds thruout the store are enough to encourage the firm, and a prophecy of another splendid year.

GANADA CYCLE COMPANY

Resolution Provides Also For Creation of \$800,000 of Seven Per Cent. Preference Shares.

The directors of the Canada Cycle & Motor Co., Limited, have decided to call a meeting of shareholders for Tuescreation of \$800.000 of 7 per cent, cumulative convertible preference shares, the present \$500,000 of the outstanding stock to become common stock.

At the same meeting the directors de cided to change the name of the com-pany to Russell Motor Car Co., Limited, so as to have a shorter name, which, also, recognizes the predominant importance of the company's motor car business. The company's cars have for the last few years been known as "Rus-sell" cars, and it is felt that it will simplify matters t offave the cars more naturally associated with the name of

The directors having been able to arrange for disposal of the new preference stock, have felt warranted, in view of the large earning power which the company has developed in the last few years, in commencing at an early date the distribution of dividends upon the capital stock. The decision reached to day was to place the present stock, which will, on ratification of the resoution providing for issue of new preference stock become common stock, upon a dividend basis of 7 per cent. per annum, payable quarterly, the first of such payments to be on Aug. 1 next, for the quarter commencing May 1.

Send Name and Address To-day-You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own home—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinar, sealed envelope, to any man who will write me for it.

"Two days ago kind Mr. Liu, going about with bread, said to Mr. Chen, 'We will wait till about 10 o'clock in the morning, and then all who are abje will have crowled out to beg.' At 10 o'clock, when they entered the temple, they found 28 men, women and little children, too weak to move, lying prostrate perforce, before the placid face of their god. The two Christians, sick with pity, gave them food, but when they came again next morning, six, too far gone to take the food, even when it came, had died.

AUTOMOBILE BARGAINS

BIG SNAPS IN USED CARS

UR policy of accepting used cars as partial payment upon new models brings us every season a number of splendid values which we offer at exactly the amount allowed for them. We seek to make no profit on them, but simply to turn them over quickly.

Our method has given purchasers some of the biggest automobile bargains ever bought in Toronto.

This season a greatly increased business has resulted in our securing the best line of used cars we have yet had. There are cars of various types, size and power, suitable for private and livery use -all made to sell at a price far above what they can be bought for now. They are in excellent condition-in most cases they have been exchanged for larger, more powerful cars.

SPECIAL DISPLAY OF THESE

Don't miss them. Act quickly if you are interested, for they will go fast, if our past experience is any indication. Remember that a high-grade car in good condition is a better buy than a new lowgrade car-there can be no doubt of it. Some of the prices are down to a few hundred dollars. You may find here just the car you want.
