**TEMPERANCE & WELLINGTON STREETS,**

**BOWMANVILLE,**

Return thanks for the liberal patronage extended to them, and the flattering and encouraging letters from Customers and Agents throughout the Dominion, having just completed their new Factory, and placed in it all the modern machinery necessary for the business. As in the past, they will continue to use the very best material and seasoned lumber, employ none but first-class workmen, turning out organs unequalled by any manufactory in Canada, and equal to the best first-class American instruments, and at a much lower price. Their organs have all the modern improvements. And having secured the services of PROF. A. P. TERRY, as principal Tuner, (whose fifteen years' experience in the United States has made him perfect master of the art of voicing and tuning reeds), so that purchasers can rely on each instrument possessing that brilliancy and sweetness of tone so desirable in Organs and Melodeons.
