### BASEBALL

#### Will Decide Thorpe's Fate

Tulsa, Okla., April 6.—The present trip of the Giants in conjunction with the Tigers is likely to decide the fate of Jim Thorpe. Manager McGraw is looking for the famous Indian over very carefully this spring, and whether or not he will keep him depends largely on the kind of a showing Jim makes against the Tigers.

There is no question about Thorpe's ability as a fielder. He is a good judge of fly balls, is as fast on his feet as any man of his size in the world, and has a powerful arm and a clear eye. His weakness lies purely in his hitting, and if he can only pick up in that department of the game he will make a splendid adjunct to the Giants. He is essentially the type of a batter that either strikes out or "hits the ball a mile."

He is striving with all his skill and determination to land a job with the team this year, and it will be a bitter disappointment to him if he does not make good.

#### Thorpe as a Pinch Hitter

Jim Thorpe was sent to bat as a pinch hitter in a game which the Giants played at Waco the other day. He looked with disdain at the first ball served up to him, but to his surprise Bill Brennan, who was umpiring, called it a strike. Jim fouled the next, and though the pitcher's third offering nearly struck the ground in front of the plate, the Indian took a vicious swing at it and missed.

"That was a fine strike you called on me, Bill," he remarked to Brennan as he turned to go to the bench.

"It was a better ball than the one you just struck at," was Bill's retort.

"Hub," grunted Big Jim, "the only reason I struck at that one was because I knew you'd call it a strike anyway."

### HOCKEY

#### Canadiens Get \$120 Each

Seattle, April 6.—Approximately 12,000 persons attended the four world series games, and the receipts were slightly in excess of \$12,000. With the expenses of the visitors deducted and 30 per cent. to the arena and 10 per cent. to the leagues there was a trifle under \$3,000 to split up among the players on the teams. The players shared in only three games, according to the statement issued, the total receipts for which were approximately \$9,000. The Seattle Club drew down \$1,800, while \$1,200 went to the Canadiens.

In round numbers the sum of \$180 as his share of the winners' end of the world's championship series purse was handed each of the Seattle players, ten in number, including Manager Pete Muldoon. The Canadiens, on the losing end, were given approximately \$120 each.

### CURLING

#### Thistle Club Annual

At the annual meeting of the Thistle Curling Club the following officers were elected: S. W. Palmer, president; F. A. McAndrews, vice-president; D. McClelland, treasurer; Dr. L. A. Langstroth, secretary; and Rev. W. O. Raymond, chaplain.

The secretary's report showed the club to have played ten matches last winter, in which they won seven, lost two and tied one.

J. A. Sinclair and J. C. Chesley were chosen delegates to a meeting of the New Brunswick branch of the Royal Caledonia Curling Club. In the event of the termination of the war before next winter, these delegates are to request the club to consider a bonspiel to be held either in Fredericton or St. John.

The trophies donated by the retiring president, George H. Bishop, were presented to Skip John Malcolm's rink. The prizes are silver spoons. The other members of the winning rink are I. P. Archibald, W. H. Mowatt and H. A. Wilson.

Silver spoon prizes for the winners of the junior rinks, donated by J. S. Archibald, were presented to Skip H. Warwick, D. Currie, J. E. O'Brien and R. P. Jackson. Mr. Warwick offered trophies for juniors for next season.

The newly elected president, with J. A. Sinclair, J. S. Malcolm and A. W. Estey were appointed a committee to arrange for club matches next season.

## Foul By Fulton Cuts Bout Short

### Referee Bars Minnesota Heavyweight in Fifth Round of Battle With Morris

New York, April 5.—Whatever aspirations to heavy-weight boxing championship honors Fred Fulton, a Minnesota boxer, cherished within his massive chest were hopelessly cast into the depths last night at the Manhattan A. C., when Referee Bill Brown disqualified the Minnesota man in the fifth round of his scheduled ten-round bout with Carl Morris of Oklahoma, for committing a foul. The breach of the recognized rules governing ring competition came about one minute and thirty-eight seconds after the time's bell had sent the men out of their corners.

To some of the spectators, seated so as to have a clear view of the ring, the foul blows struck by Fulton, a success-

sion of left hand blows to the groin seemed to smack of deliberateness, and there were ominous growls sent up by the vast audience as Morris sank to the floor of the ring. This opinion received added impetus with the realization that the big Minnesota boxer was on the short end of the honors of the bout up to that stage, and for a time it seemed that there would be considerable disorder. Cooler heads prevailed, however, and quiet was restored in the big auditorium. Announcer Pete Prunty clambered into the ring and made known the result of the referee's findings as follows:

"The referee stops the bout, Morris was fouled."

The contest up to the time of its abrupt and unsatisfactory ending was not a particularly interesting one, especially to the admirers of Fulton, who had predicted a victory for the Minnesota boxer. Morris, a cumbersome heavy-weight at 223-1/2 pounds, continually kept on top of his adversary and made the bout a head-to-head affair, at which style the Oklahoma giant excelled. There were times, however, when Morris did not seem particularly careful as to his observance of the rules of the sport in the infighting, and several times he was warned by Referee Brown.

The warnings of the veteran ring arbiter for the men to break fell on deaf

### MONTREAL'S LAST YEAR IN THE INTERNATIONAL

Montreal, April 8.—That this will be the last season in which Montreal can see International League baseball is definitely stated by President Lichtenhein of the Montreal club. "Unless the sporting public gives us much better support than in the last few seasons the franchise will positively be disposed of," said the club head. "And if it goes, it will be a long time before Montreal can see Class A baseball again." The city's location makes it rather unpopular with the other cities on the circuit, but if the gates here amounted to anything, that would be overlooked. Once Montreal is out, it will be many years before it gets back.
