

DUTY OFF SOME AUTO PARTS; STATEMENT ON CAR TARIFF

Modifications Decried to Restrict Smuggling,
Robb Declares in Announcing Latest
Changes to Commons

FORKE BLAMED BY DRAYTON FOR CUTS

25 Per Cent. Drawback for Materials Used in Motor Manufacture
Granted Until April 1 Next, If Two-fifths of Finished
Articles' Cost is Made in Dominion

OTTAWA, May 21.—Hon. J. A. Robb, Minister of Finance, announced in the House of Commons today modifications in the automobile tariff. The reduced duties on imported cars, announced in the budget, remain, but these changes, in brief, are proposed:

1—Certain automobile parts, such as horns, distributors, etc., of a kind not made in Canada and imported by automobile manufacturers for use as original equipment in the manufacture of automobiles enter free of duty.

2—Chassis enter at the same tariff rates as given for automobiles in the budget recommendation, namely, 12½ per cent. British preference, 17½ per cent. intermediate and 20 per cent. general for cars valued at \$1,200 or under and 15 per cent., 25 per cent. and 27½ per cent. respectively for cars valued at \$1,200 or over.

3—The budget tariff rates on automobiles of \$1,200 value, or under, will apply to new cars only.

4—Tops, wheels and bodies for automobiles will be dutiable at 20 per cent. British preference; 27½ per cent. intermediate, and 30 per cent. general.

5—Chassis, tops, wheels and bodies for locomotives, motor cars for railways and tramways will be dutiable 22½ per cent. British preference; 30 per cent. intermediate, and 35 per cent. general.

6—Twenty-five per cent. drawback on materials used in automobile manufacture to be granted till April 1 next, if 40 per cent. of the cost of the finished article has been produced in Canada. In the budget resolutions 50 per cent. of the cost had to be produced in Canada.

The general tariff is applicable to imports from the United States.

MEIGHEN'S RETURN WAITED.

All the tariff items in the budget were approved tonight before the committee rose. The two tariff resolutions under consideration were not finally disposed of, however. Mr. Robb pointed out that Mr. Hon. Arthur Meighen, Opposition leader, desired to speak on the resolutions and suggested that their final approval be withheld until Tuesday, when it was expected Mr. Meighen would be in the House.

PROFIT IN SMUGGLING.

In the course of the discussion, J. A. Robb, replying to Sir Henry Drayton, said that it had been found that the high duties had made it profitable to smuggle cars. It had occurred to him that if smuggling were so profitable it might be well to look into the matter. The automobile industry, it had been found, had been taking full advantage of the duty, but those engaged in the production of parts had not been doing likewise. He believed that the automobile industry was getting a reduced tariff being accorded sufficient protection to make a profit.

Sir Henry Drayton asked Mr. Robb if he had any idea what protection the automobile industry in Canada was entitled to.

CALLS PROVISION WISE

The minister replied that his investigation into the matter had led him to the conclusion that the provision requiring that the per cent. manufacture in Canada was an exceedingly wise one. He had discovered that some motor plants were not manufacturing, but were merely assembling in Canada. These plants were not so profitable as those in the Canadian market as they were in exporting under the treaties which granted favorable consideration to Canadian products. He had no wish to injure the motor industry of Canada, but he wanted this industry to do a reasonable business in the Dominion. He had come to the conclusion that it was enjoying too much protection.

GOVERNMENT PROPOSAL

With reference to the manufacture of parts, Mr. Robb said the Government would be in a better position to deal with them when they got together and agreed on just what they wanted. The Government proposed to give the automobile manufacturers reductions on certain parts not made in Canada. Sir Henry Drayton asked the minister if the smuggling of cars into Canada was really a reason for reducing the tariff.

IMPERIAL'S OPENING MONDAY

An All-English Programme For Victoria Day

Israel Zangwill's Superb English Social Drama

"WE MODERNS"

PEOPLE IN THE STORY:

MARY SUNDAY, crazed with post-war notions of propriety, Colleen Moore.

JOHN ASHLAR, in love with Mary and the choice of parents, Jack Mulhall.

OSCAR PLEAT, a poetic Bohemian, one of the new sort, Carl Miller.

SIR ROBERT SUNDAY, of aristocratic English family, Claude Gillingwater.

LADY SUNDAY, mother of social influence, Clarissa Selwynne.

THIS WELL-KNOWN ENGLISH NOVEL and stage play treats cynically of the mad careers of some young folks whom the unrestraint of war conditions put completely off their balance of propriety. Even in punctilious English homes the effects of this wild Bohemianism is depicted in the picture. Colleen Moore makes a real flapper and Jack Mulhall, as the courteous chivalric English lover, portrays types for which they are eminently fitted. The scenes in London's social circles, throughout the great city and aboard the passenger Zeppelins are spellbinding in richness and novelty.

ALSO SCENIC TOUR OF THE CITY OF LONDON

AS AN ADDED FEATURE to the splendid English drama "We Moderns" a pictorial quite comprehending the most interesting sights of London has been engaged for our summer opening.
