

MAYOR AGAIN ON MILK QUESTION

Potts at Musquash Trains Guns on Dr. L. M. Curran

Attacks Him Also on Matter of Hydro for Lancaster and Simonda.

At a meeting of Opposition supporters held last night in the school house at Musquash with Judge George Thompson as chairman, the speakers were Mayor Potts, Opposition candidate; Commissioner R. W. Wigmore and R. G. McInerney. The room was filled to capacity and the speakers were accorded an appreciative hearing as they spoke of the issues of the election campaign. The Mayor resumed the controversy regarding pasteurized milk and the health board that has been going on between him and Dr. Curran.

MAYOR POTTS SPEAKS

In speaking of some of the statements he said were made by Dr. Curran in his campaign, Mayor Potts said: "If Dr. Curran expected to fool the people by appearing for the first time in four years just on the eve of an election and starting road work through all parts of the county of Saint John, he is very much mistaken, because the people understand that it is nothing more than a man attempt to try and buy their franchise. As far as Dr. Curran is concerned, he is what we call in legislative bodies, one of the 'amens.' When questions are before the House his answer is 'yes' or 'nay.' He has tried to inform the people what wonderful things he has done for the county. Seriously speaking, he cannot honestly name one bill of his own creation that has been a benefit to the people of the county of Saint John."

REFERS TO HYDRO BILL.

"Here is a plain, frank statement to prove to you that Dr. Curran first attempts to find out which is the strongest force to join and then throws his support with that body, but as his judgment is poor he usually gets in the wrong group. Take for instance the hydro bill," continued Mr. Potts. "There was a bill promoted by the Hydro Commission of the City of Saint John last April and presented to the House, praying that the City Hydro Commission might supply current for lighting and manufacturing purposes in Simonda and Lancaster. This bill was vigorously opposed by Dr. Curran because it did not suit Messrs. Campbell and O'Brien, of the Parish of Lancaster, and was finally laid on the table."

SAYS HE SOMERSAULTED.

"Then the good people of Lancaster got up in arms and got a petition signed by some five hundred of the ratepayers, went to Fredericton and presented the bill, with the result that Dr. Curran turned a complete somersault and then supported the bill, so the people of Saint John county could enjoy the privilege of light. But mark this,—he put a proviso in for lighting purposes only, entirely shutting off any opportunity of the county being able to induce any manufacturer to locate there or support any industry to the operations of which power would be essential. No, Dr. Curran changes like the wind."

THE HEALTH ACT.

"Dr. Curran repeats on every platform that if the Mayor did not want milk pasteurized all he would have to do would be to interest the members of the Board of Health appointed by the Council to change the law, as the Government appoints only the Medical Health Officer and the chairman of the board. It is not surprising to those who know the law to learn just really how little Dr. Curran knows about the Health Act of his own Government, when every school boy knows that the Government took out of all municipalities any control of the Health Act and placed it entirely in the hands of Dr. Robertson, the Minister of Health, and no change could be made without the sanction of the Minister," declared Mr. Potts.

YOUNG MEN'S CLUB

The Opposition candidates last night addressed a well attended meeting of the Young Men's Liberal-Conservative Club at which W. Grant Smith, president, was chairman and Paul C. Quinn was secretary. A considerable amount of organization work was done during the meeting and the members prepared to take an active part in the election campaign.

SAYS LIPTON WORKS TOO LONG HOURS

Shareholder, Paying Tribute, Declares He Remains Until 7 Every Night.

LONDON, Aug. 4.—Tributes paid to Sir Thomas Lipton at a meeting of the shareholders of Lipton, Limited, a few days ago included the declaration by Mr. Johnson, one of the directors, that his one great fault was that he spent too much time at business.

Mr. Johnson added that Sir Thomas worked until seven o'clock at night instead of leaving at three in the afternoon, and another shareholder expressed the fear that he was overtaxing his strength.

Mr. Bowker, the deputy chairman said it was more often two o'clock in the morning than seven in the evening before Sir Thomas finished his day's work.

\$25,000-A-YEAR WIFE SUES V. C. HUSBAND

Mrs. Dolores Booth Asks Separation, Charging Very Cruel Treatment.

LONDON, Aug. 4.—An ex-officer who had won the Victoria Cross was respondent in a matrimonial suit filed before Mr. Justice Hill in the Divorce Court yesterday.

Mrs. Dolores Booth applied for a judicial separation from Captain Frederick Booth, V. C., who cross-petitioned for a decree for restitution of conjugal rights.

The petitioner was stated to have been a widow with two children and an income of \$25,000 a year when in 1921

she married the respondent, who had previously been helping her with her farm at Edingham, Surrey.

CRUELTY CHARGED

She was quite content, said her counsel, that her means should provide for them both, but after the marriage Captain Booth showed that he was a man of violent temper.

It was alleged that he had struck Mrs. Booth repeatedly about the head and face with his clenched fist, that a week after her confinement when he had been warned to keep quiet, he insisted on having the plumber in, and that in June, 1924, he threw a bottle of water over her and a table at her.

Montreal Man Drives Out Wife and Family

MONTREAL, Aug. 3.—After driving his wife and six children into the street, then threatening to shoot himself if they did not immediately return, Henri Menard, 38, last night followed his terror-stricken family to the home of a neighbor in Montreal North, where after assaulting his wife and dam-

aging the neighbor's property, he was placed under arrest on two charges.

PREPARING FOR HEIRS RETURN

Elaborate Arrangements Being Made in London for Heir's Homecoming

After Few Weeks in London Will Visit Parents at Balmoral.

LONDON, Aug. 4.—Elaborate arrangements are already being made for the return of the Prince of Wales to London early in September. His return home at this time of the year will in itself preclude any large exodus to the moors and country, even if the shooting prospects were particularly good, which they are not. The season, in fact, will continue until he arrives.

According to present plans he will spend two or three weeks in London and will then pay short visits to the King and Queen at Balmoral and to his grandmother at Sandringham. These, however, will be very short visits and except for an occasional day's hunting he will be in London all the time.

The only official reception which has yet been arranged on his return is a banquet at the Savoy which is being given in September by the Latin-American Society in London—a compliment in view of the Prince's visit to Argentina. It is needless to add, however, that there will be the usual demonstrations and festivities in London on the day that the homing Prince drives through the streets on his return to St. James' Palace.
