## BIG SHOW COMES TO OPERA HOUSE TUES.

Irish Comedy Romance—Gifted Violinist—Comics and Educated Baboons in Big Show For the Mid-Week.

The new programme which opens at the Opera House on Tuesday has all the earmarks of a bang-up bill, and should prove attractive to lovers of refined vaudeville. The Irish element is supplied by Robert Kelly & Co., the company being Miss Molly Kennedy, a young beauty from County Wicklow and Little Larry, a boy comedian. Mr. Kelly and Miss Kennedy have won praise from critics on both sides of the Atlantic, and very likely they will prove a popular attraction at the Opera House this week in their song and playlet, "Sweetheart of the Violin and her bow," which is beautifully staged with special scenery and electrical effects. Miss Betty Washington, "Sweetheart of the violin and her bow," is another bright star on the mid-week bill. Miss Washington is acclaimed by critics in Europe and America as an artist of wonderful skill and charm. Robinson's Baboons is considered to be the funniest animal act in vaudeville. Children of every age will love this animal act supreme. Others on the bill are Miner and Evans, "The Wise Crackers," and Clifford Jordan, baton swinger.

## FOR STUDY OF SOCIAL SERVICE

From Many Climes to University of Toronto Students Travel for Training.

The Social Service Department of the University of Toronto has the reputation of being one of the best schools of its kind on the continent. Students and scholars from all parts of the world make a point of visiting it to see how the work is carried on, and many stay to learn themselves of the courses of instruction. Last year a young Indian from Calcutta attended, and has this year gone to London, England, to continue his study of social work. On completing his work in London this young man intends to return to India and take an active part in the national problems. A young lady from the Philippine Islands, the Dean of Women at the University of Manila, was also a student for a short time. She went back to Manila to found a Social Service Department there, taking the department here as her model.

## South Africa Appreciates Value.

One of the students at present in attendance is a delegate from South Africa. She has been seen about the world by the South African government and mission of inquiry, and has decided that it would be well worth while for her to stay here for a year as a student in order to learn how the department is run. She hopes to be able to start one or two Social Service Departments in South Africa. The Director of Medical Service for the South African government was an interested visitor at the department recently, and has arranged to keep in touch with Prof. J. A. Dale, Director of Social Service. The department is rather upstart at present by some alterations being done. The library has outgrown the room which was assigned to it, and a second room is now being fitted up with shelves to receive the additional volumes. Other minor changes are also under way. A unique and interesting course of lectures is being given.

## GIVING TO THE ORPHANS

A fairly large amount of merchandise and produce of all kinds is being delivered at the St. Andrew's Kirk daily for use in the Orphanage fair. The committee in charge is very grateful of the support being shown on the part of the general public of all classes. Soliciting for an orphan's fair gives one much cause for thought, and no amount of experience from which to judge human character. Some, however, are most generous. Kindly forward your donations to the rink any time between now and the 25th. Anything from "fish pond" material up will be greatly appreciated. Official opening by the Hon. William Pugsley, lieutenant-governor of New Brunswick, at 7:45 p. m. tonight. Admission 10 cents; season tickets, \$1 each.

## Her Stomach Made Her Nervous

Was Nervous 12 Years Due to Gas on Stomach

"For 12 years I suffered from gas on the stomach and was nervous and short of breath. Adierka (intestinal antiseptic) is fine—it has done me more good than anything. Words cannot express my gratitude." (Signed) Lena Cook. Intestinal Antiseptic.

There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adierka, acts as follows: "I tend to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here. It is the most complete system cleanser ever offered to the public, acting on BOTH upper and lower bowel and removing foul matter which poisons the system for months and which nothing else can dislodge. It brings out all poisons, thus immediately relieving pressure on the heart. It is astonishing the great amount of poisonous matter Adierka draws from the alimentary canal—matter you never saw in your system. Try it right after a natural movement and notice how much more foul matter it brings out than was poisoning you."
