**Champion**

HALF AGAIN AS MUCH RESISTANCE TO CURRENT WHEN HEATED

Three thousand four hundred and forty-nine experiments, ten years of unremitting laboratory work—and then came the startling results of Experiment 3450. You may now be virtually certain that the insulator of your Spark Plugs will never break from sudden change in temperature.

Champion Insulators have always stood up well under temperature changes. But Champion 3450 Insulator has Three Times the Resistance to extreme temperature variation compared with the best previous insulator.

Always Dependable. Champions are now Super-Dependable. Insist on Champions for your motor. See that Champion is on the insulator as well as on the box. See our Market Square window.

**W. H. THORNE & CO., LTD.**  
STORE HOURS:—8 a.m. to 6 p.m., Close at 1 p.m. Saturdays. Open Friday evenings till 10 o'clock.

**LOCAL NEWS**

**NEW SERIES**  
There will be no intermediate league games on the west side diamond this week. The schedule is to be lengthened and a new series will start next Monday evening.

**VOTERS' LISTS**  
The revisors Simonds and Musquash have started work on the revision of the provincial voters' lists for their own parties.

**NEW POLICEMAN**  
William G. McCauley of 79 Acadia street was sworn in this morning as a member of the police force. He is twenty-one years of age, five feet eleven inches in height, and weighs 164 pounds. He is a returned soldier.

**LANCASTER HOUSING MATTERS**  
A further hearing of the investigation of the Lancaster housing matters, being carried on by a committee appointed by the municipal council, will be held in the county secretary's office on Tuesday afternoon at 2 o'clock.

**ACCEPT CHALLENGE**  
The Ramblers accept the challenge of the North End All Stars for a game tonight but wish the game on the Rockwood Park diamond instead of Forrest street.

**WATER BILLS OUT**  
The city marshals this morning started delivering the city water assessment bills to the taxpayers. These bills must be paid before October 15 in order to reap the benefit of the five per cent. discount.

**TO PLAY ST. GEORGE**  
St. Peter's baseball team left this afternoon for St. George where they will play the fast local team this evening. The players making the trip were: Dever, McGovern, Toomey, Callaghan, Doherty, Gibbons, Hansen, Keefe, King, Kelly, Milan and O'Regan. William McMahon was in charge of the team.

**CHANCERY COURT**  
In chambers this morning the case of Wallace vs. Peters was begun and argument heard. The matter pertains to the setting aside of a deed and also to the case of Steeves vs. Peters where the question of title enters. The defendant is the same in both cases. The parties are from Queens county where land in question is situated. The matter was postponed by fire during the summer. M. G. Teed, K.C., appears for the defendant and W. H. Scott and Dr. W. B. Wallace, K.C., for the plaintiff.

**PLANS FOR WORK ON THE ISLAND**

Government Officials Here Relative to Facilities for Immigration Business.

Dr. J. D. Page of Quebec, a representative of the department of immigration, and B. Evan Parry of Ottawa, an architect in the employ of the dominion government, are in the city in connection with proposed changes in and additions to the detention station on Partridge Island, in St. John harbor.

Dr. Page, in conversation with a Times reporter this morning, said that \$84,000 had been appropriated for the work on the island, but that this would not be nearly sufficient for the amount of work that is to be done there.

He said that a new disinfecting plant would have to be completed before the coming winter and that additions would be necessary to the present detention sheds. If a new plant was not available, considerable additions would have to be made that at present in existence. He said he hoped a start would be made on a new hospital there this fall and had under consideration the erection of a building to take the place of that destroyed by fire during the summer and which was destroyed two years ago. In the case of the latter an understanding between the immigration and military departments would have to first be reached regarding the payment of the cost of replacement.

Dr. Page left this afternoon for Quebec by the Valley Railway.

**SUGAR CASE IN POLICE COURT**

Small Quantity From Refinery But Counsel Asks for Conviction as Example.

In the police court this morning Charles Froese was charged with the theft of a small quantity of sugar to the value of less than \$1 from the Atlantic Sugar Refinery. He had been given in charge by officials of the refinery. F. R. Taylor, K.C., appearing for the company, said that the company was making an effort to stop persistent thieving. The theft in itself was small but there was much of it going on. He pressed for a conviction on the ground that an example had to be made, and while he did not wish to inflict individual hardship, he felt that now was the time to act. The defendant pleaded guilty and was remanded.

One man arrested on the charge of drunkenness and with drinking in public was fined \$8 or two months on the first charge and \$80 or three months for drinking in public. Another arrested on a drunkenness charge was fined the customary amount.

**BANK CLEARINGS**

St. John bank clearings this week were \$3,331,773; last year, \$3,289,607; in 1918, \$2,344,480.

Halifax—Bank clearings this week were \$4,879,781; last year, \$4,164,290.

Moncton—Clearings this week were \$883,097. Other figures this week are: Sherbrooke, \$1,218,483.54; Montreal, \$130,360,498.

**JUNIORS AND BASEBALL**

The Juniors want a letter show to develop in baseball so that in time to come there will be good material for senior teams. A correspondent writing to the Times offers as a suggestion that some interested should offer a cup for a Junior championship. He writes:—

"Is it not possible to establish a Junior league so that St. John may have a senior league to be proud of in time to come. It would be very nice if some of the big firms of this city would offer a cup for the best junior teams. It would be very nice if the East End and the St. Peter's grounds could be loaned to the Junior teams."

**MAYOR'S REPORT ON ONE MAN CAR**

His Observations While at Levis, as Told to Commissioners and Representatives of Company and Carmen on Tuesday.

The following report on the question of one-man cars was presented by Mayor Schofield at a conference held in his office on Tuesday afternoon, attended by the commissioners and representatives of the N. B. Power Co. and of the street railwaymen's union.

While on my recent trip to Quebec, I learned that the one-man cars were in operation in Levis, and I took the opportunity of crossing the river and examining into the workings of the same. I called at the head office and the assistant manager was very good to call on me in person, who accompanied me to the car barns and brought out one of the one-man cars and took me over the greater portion of the road, explaining the various operations of the car as we went along. We passed around many very short and sharp curves and down grades fully the equal of the grades in this city, I would think. Quite a portion of the road bed is along the river front with high cliffs rising alongside and one can easily imagine that all kinds of trouble from snow and ice might prevail in the winter.

I learned from the superintendent that no trouble of any serious nature has developed in the operation of this car. It is fully equipped with all the numerous safety devices and is under almost complete control while being operated and in the event of anything happening suddenly to the operator and he takes his hand off the power handle, the power is immediately disconnected and the car comes to a stop inside of twenty or twenty-five feet, and as far as I could judge the car was absolutely as safe as any car could be, though it must be borne in mind that I do not pretend to be anything more than a layman.

I would judge that any of our men would be satisfied to operate this car, as I saw nothing about it that would cause any inconvenience, nor anything to prevent any of our men from operating all parts of it with ordinary experience and the superintendent had himself instructed all his men, one at a time and all are to work on it, and are paid \$6 an hour extra over the two-man cars.

It must be borne in mind however, that the car is equipped in a very much better manner than the present cars as suggested for St. John, and even the uninitiated, like myself, can easily recognize the difference and the increased danger in operation of the two cars.

The conclusion I came to, though I wish it understood that I can only judge without the necessary practical knowledge and that I can only give it as my personal expression and in no way binding the council's opinion, that a one-man car equipped with the appliances as seen on the cars in Levis could be operated here to advantage during the slack periods of the day and night and it will result in a saving of increased fares to the car users in this city, that the operator would be willing to operate it in the interests of all concerned.

I would be of the opinion that all the cars of the city should be operated with the appliances as noted on the cars at present operated in Levis. These cars were informed that each cost \$8,000 each, new and fully equipped; if that is correct, I would think it possible that one or two might be purchased and operated as a sample, as I am sure no operator could object to them, and then the persons who would operate them would be more up to date, if it were possible to dispose of the old style cars to advantage, that new safety cars be purchased to replace the old ones.

I am of the opinion, so far as our own city is concerned, that if the management and operators would get together with a third disinterested party, but one having a technical knowledge of the workings of these various cars, they could easily come to a reasonable understanding and settlement, as many of the points are beyond a layman to discuss, and as they have already signed an agreement to that effect, no harsh measures should be anticipated.

**SENTENCED TO PENITENTIARY**

Cases of Theft From the Algonquin Hotel in St. Andrews.

Margaret Costello appeared before Judge Carleton in St. Andrews, N. B. yesterday and pleaded guilty to a charge of theft from the Algonquin Hotel. She was sentenced to two years in the penitentiary.

Florence Cluqmans, a waitress, also appeared before the court and pleaded guilty to a similar charge. She was given two years suspended sentence and bound over in \$500 to be of good behavior.

It was brought out during the trial that houses had been searched in Montreal and a quantity of the property recovered. It was said it had been sent there through the mails by the defendant.

Eva Byrne, another waitress in the Algonquin, appeared before Magistrate Stoop in St. Andrews yesterday and was found guilty of taking articles under a value of \$10. She was given two years suspended sentence and bound over for a sum of \$500 to be of good behavior for two years.

H. C. Lowe, inspector of the C. P. R. Investigation Department of this city, and Constables Leggett and McKinnon were present at the trials in the interests of the prosecution.

**AT CITY HALL**

At the committee meeting of the common council this morning, Commissioners Jones and Frink reported jointly on an investigation of a complaint from W. E. Lane of Wright street, that water was leaking on to his property. It was reported that the property was below street level and that the sidewalk gutter, and retaining wall were in good condition and there were two catch basins to take away drainage. The commissioner of water and sewerage agreed to examine the situation to see if a leak existed in the vicinity.

The mayor read a letter from the board of assessors recommending the payment of overtime for four clerks who were employed at nights during the time the tax bills were being made out. The mayor agreed to investigate the matter and report.

**ONE HAS TO BE RICH TO AFFORD CHEAP FURNITURE**

Furniture that is made "for a flash and to sell at a price" does not wear long. It becomes "wobbly," the joints open, the finish wears off, it becomes an eyesore about the home and must soon be replaced.

Then, if cheap furniture is bought the second time the same thing happens. So you see how expensive it is to buy this cheaply made, flash-appearing so-called furniture.

A true artisan will not work in a factory where "plunder" is made. He takes pride in his work, visions the room and the home which is to be influenced by his handwork; pictures the pleasure and comfort it will bring the whole family—with the result that you get furniture that must be bought but once!

Is there anything more important to you than environment in your own home? We think not.

We will consider it a pleasure if you will let us plan with you—and this entails no obligation to purchase.
