Y. M. C. I. League.

The Owls and Falcons will bowl tonight. Both teams are at the top of the league and this game should prove one of the best in the series.

RING.
Notes of Interest.

Marty Cross and Roddie McDonald are to meet in the Armours, Halifax tonight in a fifteen round bout. It will be a close fight.

Had to Go to Bed
Headaches So Bad
Milbury's Laxa-Liver Pills
Made Her Well

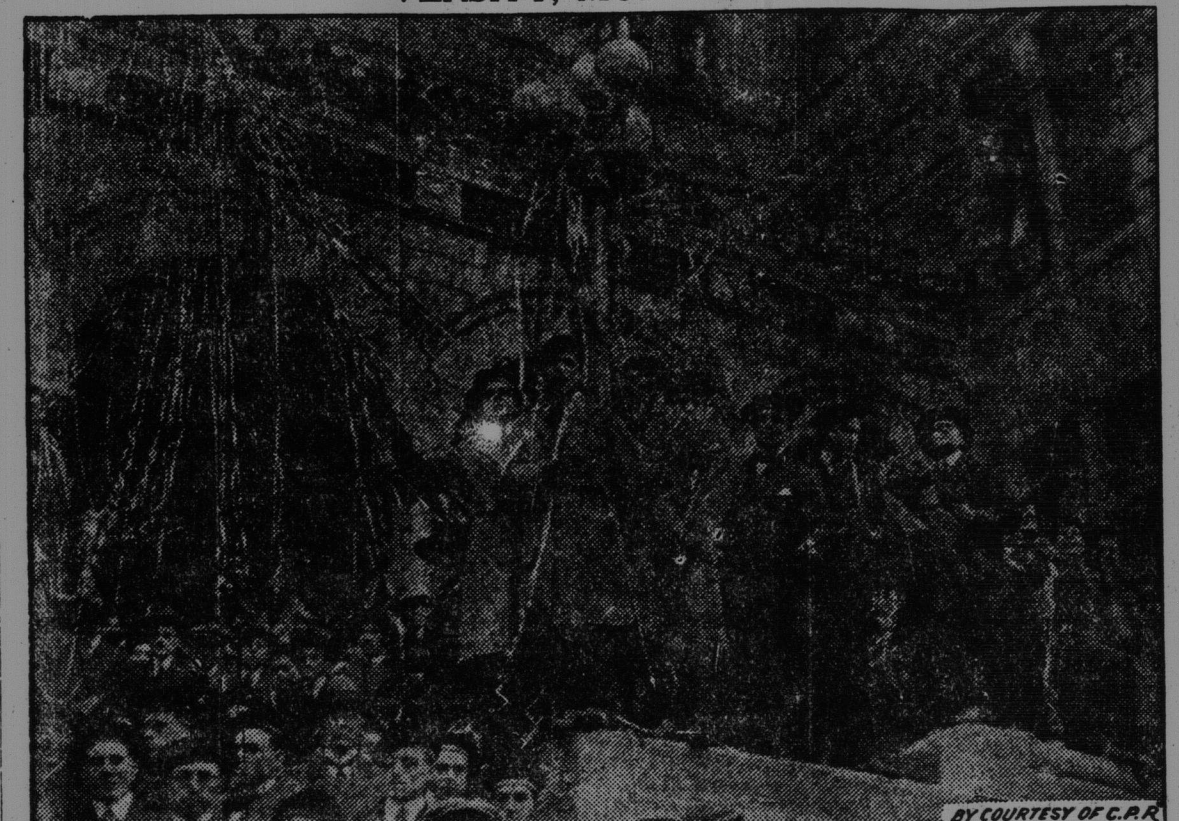

When your liver gets sluggish and inactive, your whole health suffers. Your bowels become constipated, your head aches, your tongue is coated, breath bad, specks float before the eyes, you are bilious, have heartburn, water-brash, pain under right shoulder, muddy and brown spotted complexion, etc.

Help the liver to resume its proper function by removing the bile that is circulating in the blood and poisoning the system.

Mrs. E. Bainbridge, 30 Maple Ave., Amherst, N. S., writes: "I take pleasure in writing you of the good I received by using Milbury's Laxa-Liver Pills for headaches. I was so bad I had to go to bed, and could not sit up. A friend told me about your wonderful medicine, and two vials have made me as well as I can be."

Milbury's Laxa-Liver Pills are small and easy to take, do not grip, weaken or sicken do not leave any bad after-effects. Price 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Sidelights On Sport

Reports from Moncton are that good progress is being made with the new skating rink and it will likely be ready about the latter part of December. If it is an open winter outdoor skating should boom in this city as there is only one enclosed rink.

Now that the interscholastic football league is over it would be a good plan for the High school fifteen to arrange a game or two with outside teams. If necessary they could take up a hat collection at the game to help defray expenses.

The play-off between Dalhousie and the champions of the western section of the interscholastic league should prove interesting. This afternoon's game will decide the issue between Acadia and the U. N. B.

Although baseball is over for the season of 1919 it is by no means being allowed to rest and plans are being discussed for next year. Everything hinges on grounds and if they can be procured baseball should boom here in 1920.

Local boxing fans will await with interest the result of a bout between Marty Cross and Roddie McDonald. The former is one of the best men in his class in America and a victory for Roddie would place him well along in ring recognition. Friends of Roddie contend that his chief failing is neglect to get in condition. Under capable management this might be rectified.

Frankie Burns of this city is planning on opening an athletic club in Moncton. He has his eye on a good building and is negotiating for it. He is a capable physical instructor and in addition is a boxer of note, especially in the west. Friends here are wishing him success in his new venture.

WOMEN'S INSTITUTE GETTING READY FOR MR. O'CONNOR'S VISIT

The Women's Institute, at its monthly meeting last night, spoke of the coming of W. F. O'Connor to the city. At the request of Mayor Hayes, a committee of the members of the institute is engaged in obtaining information regarding the prices of the essentials of life in the city. Members of the committee are each taking up one particular line. Last night, members were asked to take an interest in collecting any information that might be presented to Mr. O'Connor at the meeting of the board of commerce here, probably next week.

Edmund Flewelling, the first vice-president, was the chairman for the evening, in the absence of Mrs. J. V. Lawlor.

The meeting passed a resolution in favor of the erection of a new and larger municipal building. Following the treasurer's report there was a discussion on the possibility of renting a cheaper hall. The institute and the Free Kindergarten realized \$75 each on the rummage sale in which they recently co-operated.

SEMI-READY STORE OFFERS \$50.00 SUITS FOR \$40.00

Starting Monday, November 9, and continuing for six days, we will sell \$50.00 blue serge suits at \$40.00. Every suit is backed by the shield that shields, the Semi-Ready Label. It is better to have a Semi-Ready suit with a reputation for honesty than gamble on a garment which lacks the same record of good tailoring. From the wool to the workmanship of each garment, a reputation for honesty is assured. There is no mystery about tailoring good clothes—but cheap-jack work can be hidden from a buyer by the lining of each garment.

Doctors who specialize in their practice become expert in their particular specialty, and men and women seek them out when they are afflicted with the malady to which the doctor has devoted his study and experience. Thirty tailors contribute to the making of each individual suit and each tailor is a specialist, having become expert in the making of his specialty. One man makes collars, another makes pockets, a third makes linings, a fourth fits the linings, a fifth shapes the shoulders, a sixth sews on buttons—so on. And thus the thirty specialists produce a Semi-Ready suit and the Chief Examiner pronounces it good before there is seen in the pocket the Semi-Ready Label. Every suit on sale is shape-stayed and inside tailored. Made in the latest styles for men who like "Nice Stuff." Buy early and take advantage of the assortment.

Semi-Ready Store, King and Germain.

Miss Grace Hatheway of this city has been awarded a \$300 scholarship at Bryn Mawr College for social research study.

BAD COLD LEFT HIM WITH BRONCHITIS
However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected. Bronchitis is one of the most common affections of a neglected cold, and neglected bronchitis the most general cause of consumption.

Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this by loosening the phlegm and mucus, and stimulates the weakened bronchial organs, always irritated and subdued inflammation soothes and heals the irritated parts and thus prevents it becoming chronic.

Mr. R. P. Sundblad, Francis, Saskatchewan, writes: "I had a very bad cold which left me with bronchitis. I tried several cough remedies and oils of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds."

Don't accept a substitute for Dr. Wood's. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 25c. and 50c. Manufactured by The T. Milburn Co., Limited, Toronto, Ont.

CATHEDRAL HIGH TEA IN Y.M.C.I. IS WELL OPENED

Pretty Scene With Attractive Tables and Handsome Booths

Large Patronage Marks The First Night—Some of The Prize Winners—Names of Those in Charge of Departments

The spacious rooms of the Y. M. C. I. in Cliff street were filled with a happy throng all last evening at the opening of the Cathedral High tea and sale.

More than 500 suppers were served and a record-breaking success is predicted. In the gymnasium six long tables were set for supper and presented a very attractive appearance, each with its own color scheme. The Red Cross table under the direction of Mrs. John Stack was done in red and white roses with red shaded candles. Mrs. M. A. Finnigan presided over the Society of the Immaculate Conception table, which was decorated with pink roses and pink shaded candles. Under the direction of Mrs. James Gerow, the ladies of the Altar Society of St. Anne had a most attractive table, done in the paper colors with a large centre cluster of yellow chrysanthemums. It won universal commendation. The A. O. H. table, trimmed with red carnations on a background of white, with red candles, was looked after by Mrs. James McCarthy, while the League of the Sacred Heart table, for which Miss Katherine Maher is convener, was arranged with white chrysanthemums and red candles. The St. Vincent de Paul table, centred with red carnations, had as convener Mrs. Edward Haney.

In the main hall were arranged the booths, tastefully decorated and all doing a thriving trade. The fair will continue for the rest of the week, Friday afternoon being reserved for the children. The City Concert Band was in attendance last evening under the direction of Frank Waddington and carried out a pleasing programme. Ticket No. 32,387 won the door prize, a ham. Tonight a brass band will go to the lucky ticket holder. Ticket No. 20 in the Iceland booth.

Voting Contest

The standing in the voting contest for the most popular school child which is being held in connection with the Cathedral high tea was as follows last evening: First, Madeline Dunlavy, Grade IV, St. Joseph's, 1,448; second, John Riordan, Grade VIII, St. Monica's, 988; third, Jessie Kendrick, Grade IV, St. Thomas, 827; fourth, Helen Kane, Grade IV, St. Vincent's, 516; fifth, Ralph Broderick, Grade VI, St. Monica's, 460; sixth, William Williams, Grade X, St. John High school, 312. The contest is being conducted under the supervision of Miss Alice Dillon, assisted by Joseph McGrath and Kenneth MacNeil.

SX HUNDRED AND FIFTY STUDENTS

That Number Have Registered For The Evening Classes at Technical College, Halifax

(Halifax Echo.)

Six hundred and fifty students registered last night for the evening classes to be held this winter under the direction of Principal Sexton in the Technical College and Morris Street School. It is expected that by the time the classes are fully organized another two hundred names will have been added to the rolls, which will mean that this year will see an increase of one hundred and fifty in the number of attending students over any previous winter.

The new class in chemistry has been largely increased, probably owing to the advance in the prices of clothing. There are a larger number of men taking the structural drawing classes this year. Many of them are engaged in constructional work in the city. One hundred and forty students have already registered for the automobile classes, the majority of registrants either owning their own cars or driving for some one else.

The classes in English, arithmetic and architectural drawing, will hold their first meeting in Morris Street School tonight. The classes in electricity, dress-making and millinery, machine drawing and chemistry, will hold their first meeting at the Technical College tonight. The class in bookkeeping meets on Friday evening at Morris Street School, and the automobile class the Technical College the same evening.

Speaking to a Chronicle reporter last evening Principal Sexton commented on "the rejuvenation of education" which seems to be taking place this year. At Sydney, New Glasgow, Glace Bay and Amherst the classes are far larger than ever before. "The people seem to realize that in order to be successful they must know more about their jobs," he said.

TUBERCULOSIS LEADS.
Tuberculosis, one of the greatest enemies of the Canadian people, has played havoc with the American expeditionary forces. According to the records of the federal board for vocational education, the largest single disability of American troops who fought abroad was tuberculosis. More than 18 per cent of a total of 119,000 patients examined showed affected lungs. Tuberculosis performed its deadly work in the concentration camps, abroad the troops, in the great training areas in France, and in the muddy trenches of Flanders, Belgium and France.

Of the 119,000 soldiers reported on disability lists, tuberculosis had a greater hold than wounds sustained in battle. It crippled shell shock, nerve diseases, and insanity all put together. The total amputation cases were only 4.9 per cent. Disability cases were 8 per cent, nerve diseases and shell shock were 2.6 per cent, and only 4.748 of the total number of cases were incurred in battle.
