

### WOMEN'S FALL SHOES

More Beautiful Than Ever  
STYLE STILL RULES

Though war-time necessity has made conservation of leather imperative, your Shoes for Fall are not one whit less beautiful than in past seasons.

Rather is the reverse true, as you will be quick to realize when you see the charming models now on show at Waterbury & Rising's.

This Fall certain restrictions will be placed on the manufacture of Grey Boots, and as we have a good assortment of this style for Fall, we would advise your early choice.

We have Grey Boots with high or low heels and all the new patterns at

\$5.50, \$9.00, \$10.00, \$11.00, \$12.00, \$12.50, \$16.00 and \$18.00

### REGAL

FREE RUNNING Table Salt

Pure and White as the Driven Snow

THE CANADIAN SALT CO. LIMITED

"How is business?" asked the Kansas City drummer, who was visiting Petunia for the first time, according to the Star. "Business?" replied the proprietor of the Tote Fair store. "Say, come here! See that hole in the sign post out there? A woodpecker made that. Took him nearly a week, and he wasn't disturbed but three times!"

Corporal Bilkins had arrived in France after a few days in England. "How much money have you got left?" asked Corporal Wilkins. "Well, I've got six shillings, a quid, two farthings, nine pence, a franc, half a pound, four sous, and 50 centimes, but I've only got two dollars in cash."—Camp Doggers.

### Daily Fish Bulletin

Issued by Canada Food Board.

Everybody who lunches at the downtown cafeteria comes up against this problem every day—fresh or fish. It is a sign of the times that the fish counter gets so much attention now. Once it was little more than a Friday institution. Now it is an all-the-week-round affair.

Watch the man who swings up a scale for a plate of fish. He's a good food conservationist and he is more in pocket than the other fellow who keeps to a meat diet, in spite of all he is hearing about the advantages of using more fish.

### Food Board Flashes For Feminine Folk

No Man's Land is soon to grow crops. The French Government has made arrangements for bringing back into cultivation the desolate and war-torn areas from which the enemy has been driven. The dense population of France makes prompt agricultural restoration necessary to relieve the food situation. Preference will be given to farmers who originally lived in the invaded regions.

The women who have kept the men of France fed for four years will help in restoring the shell-torn agricultural areas from which the Germans have been driven.

### FOOD BOARD TAKES SURPLUS BUTTER

Company Defied Board, So Its Excess Holding is Sold and Sent to Allies

Ottawa, Oct. 2.—The Canada Food Board has seized and forced the sale of 392,800 pounds of creamery butter stored by the Dominion Fish & Fruit Company, Limited, which without permission and in spite of remonstrance from the Canada Food Board, held a greater quantity of butter than was reasonably necessary to supply its own Canadian requirements, based on last year's sales to the ordinary trade.

Under the War Order the Canada Food Board seized 392,800 pounds of the butter, and gave it the option of having the excess butter consigned or sold to the Dairy Produce Commission for shipment to Great Britain and her allies. The company chose the latter alternative, and the butter is now on its way to Britain.

The accumulation of butter during the recent butter-producing season for Quebec was in competition with the purchasing agents of Great Britain and her allies. The limited supplies reaching them.

To uphold the regulations of the Canada Food Board, the latter had Great Britain and her allies were properly supplied with creamery butter the Canada Food Board seized the surplus.

### 20,000,000 BUSHELS OF FOODSTUFFS IN MANITOBA.

Montreal, Sept. 27.—The C. P. R. gives in official figures an interesting record of the phenomenal productive energy of Manitoba this year. Fully 20,000,000 bushels of foodstuffs will be grown in excess records of the past year, which means the farmers will have an additional \$40,000,000 more than the average received last year. There will be \$1,000,000 bushels of wheat at \$105,000,000, as compared with the record of last year which showed a total value of \$87,500,000. The three crops—barley, wheat and oats—will come to, in money, some \$200,000,000. Other crops have been correspondingly successful, and Manitoba is in high spirits. If equally large results cannot be boasted in the other provinces, the farmers all over the west are hopeful. They are getting high prices, the crops are more varied; there are manufactures to correspond with the agricultural output, and the outlook is most hopeful.

### NATIONAL INTERESTS COME BEFORE LUXURY.

Well-lighted and well-heated hotels and restaurants will be unknown this winter in England, according to a London newspaper.

The rationing of hotels and restaurants and the catering trade generally is being officially dealt with by the coal controller, who urges the public to assist by careful use of coal, gas and electricity, and asks the public to co-operate by not demanding fire and light that can possibly be done without.

This applies to hotels, clubs, boarding houses, lodging houses, hotels, restaurants, cafes, eating houses, communal kitchens and so on.

The controller asks for subdued lighting in lounge and dining rooms, and for the abolition in showcases and of multiple lights in bedrooms. It is essential that guests should realize that hotels and restaurants are severely rationed for light and fuel, and it is confidently hoped that the public by sound and sensible support will help to put the national interests before comfort and luxury.

### COMPOUND FAT RIVAL TO OLEO

Looks Like Potted Butter and Goes Farther Than Margarine.

Butter, oleomargarine, and dripping are, according to The London Chronicle, to have a rival in compound fat—which looks like potted butter—and at 44 a lb., is said to be cheaper than margarine at 46. It is because it goes farther. Its value is as a cooking fat. The present output, controlled by the Oils and Fat Branch of the Food Ministry, is 1,400 tons weekly—equal to an ounce per head of the population; and it is supplied to caterers, bakers, and fish fryers. A wider market is expected when supplies are forthcoming.

### \$5,000 Limerick Prize

The winning of it can't ease the pain of the corn, but "Putnam's" will ease, cure and prevent corns and warts. Guarantee goes with every bottle of "Putnam's." Use no other, 25c. at all dealers.

### MORNING NEWS OVER THE WIRES

A wire was received at military headquarters yesterday afternoon from Halifax saying that the sweet lavender which was sold in Halifax and also in St. John by a woman, who is at present under arrest, contained no germ or infection.

The victory of the Allies during the last few days was celebrated in Moncton last evening. A large parade was held and headed by the Citizens' Band marched through the principal streets.

A public meeting was held and many patriotic speeches made.

The miners employed by the Minto Coal Company have gone out on strike. Six weeks ago they struck for more wages and an increase was granted. At the present rate they are making \$6 in an eight hour day and now demand that

### NEGOTIATIONS WITH NEWFOUNDLAND OVER MILITARY SERVICE ACT

Ottawa, Oct. 2.—Negotiations arising out of the circumstance that young men from Newfoundland not permanently resident in Canada or earning their living here are exempt from military service have been in progress between the dominion government and the government of Newfoundland. The central appeal judge under the Military Service Act recently ruled that students coming to Canada temporarily are not subject to the act, the result being that some natives of the island colony may avoid their military responsibilities while in the dominion.

The secretary of state for external affairs has suggested that the Canadian government should stipulate with Newfoundland a limited period within which residents of either country living in the other might elect to return to their own country for military service, for a convention along the lines concluded with the United States. This suggestion will be communicated to the governor of Newfoundland, with an expression of hope that that government will consider taking steps to arrive at an understanding with Canada in regard to the matter.

### DENTAL BRIDGES IN OLD TIMES

Detroit News: In the former villa of Pope Julius III, in Rome, which is now used as an Etruscan museum, there is exhibited an excellent specimen of a gold dental bridge in proper position in a skull taken from an Etruscan tomb in Clivis Castellana, a town in Etruria situated upon the proposed site of Veii. The latter town was utterly destroyed before the time of Christ, so a conservative estimate would put the age of this dental bridge at more than 2,000 years.

## New Fall Apparel

### In Wonderful Array

A Complete Showing, Revealing the Most Attractive Outer Garments of the New Season!

Come and see how well all the promises of beauty, distinctiveness and originality in Fall Fashions have been carried out—see, in the garments we have the finest and most skillfully developed style features. In short, come and see an excellent display of the best the new season has to offer.
