Agitation Battery

The Agitation Battery is a very big factor in the success and advance of Cotton's. It enables us to do much of the pioneer work in introducing Socialism in new territory or making more Socialisms in districts where there should be more. The Agitation Battery at Cotton's make it their business to be peering around all over Canada for a chance to place subs or sample copies. They will seize on a district, or an organization in a district, and plant well directed shots for Socialism therein When the campaign is finished, they go on to other work, which is always watting.

How to organize

The Socialists of Canada have a party of their own, the Social-Demoratic Party of Canada. It is composed of workingmen and women conscious of their slavery, knowing how they must act to overthrow the slave system of the present, and banded together to accomplish this aim by political methods.

If you wish to form a local of this party in your, locality, send 10 cents to Cotton's for a How to Organize envelope. This makes the way plain.
