### Legien's Appeal.

Karl Legien, the German its, made a strong appeal ag a methods adopted by the A

employer to fulfill his. This is common justice. It cannot hold public confidence nor maintain its high power if it holds lightly its contract obligations and ignores the justice of compliance with them. Our industrial hope," says Mr. Taft, "lies in the conservative labor leader and the progressive employer."

"There is no room in Canada for the Bolshevist" Rid Canada Now of the Red Agitators

# **Trade Unionism** Versus Bolshevism

They do not tread the same path. They are as far apart as the two Poles. Their ideas are eternally in conflict.

Trade Unionism seeks at all times and with honorable means to bring capital and labor together into a better understanding, so both may receive fair and rightful returns.

Trade Unionism has always stood for equity and justice, and for the sanctity of contract. It believes in fair play.

Bolshevism seeks to tear down, to destroy and annihilate.

Bolshevism seeks to do away with every bulwark of society.

Bolshevism is the dream of the shiftless, the lazy. It is nourished by anarchy.

Bolshevism seeks to fatten upon what labor has earned by the sweat of its brow.

Bolshevists toil not, neither do they spin, displaying energy only when they move from feeding place to feeding place, and, like the wolf, they kill only in packs.
