

OVER EIGHT HUNDRED KILLED AND INJURED

Casualties in Six Months Railway Accidents in States--The Latest Catastrophe on New York Central.

New York, Feb. 18.—The Tribune today says: The record of railroad accidents and deaths and injuries resulting from them in this country for the last six months is astounding.

At Woodlawn the four tracks run through a rough, rocky cut and take a sharp curve. When the train reached the curve it was going at a speed estimated at eighty miles an hour.

Both motors and the smoking car swung safely around the curve but the three cars left the rails and plunged over the sides with a terrific crash, tearing up the track for a hundred yards before they collapsed.

Many were mangled beyond recognition. Those most seriously injured were hurried to the hospital while the others took charge of the dead as fast as the bodies were recovered.

Fire started in the overturned cars, but the flames were quickly extinguished and firemen lent their aid to injured. Special trains carried many of the injured to White Plains and Mount Vernon, while others were brought to hospital in the city.

Electric Train Wrecked. New York, Feb. 17.—Sixteen passengers were killed outright, four others died of their injuries up to Saturday midnight, and at least fifty more were more or less injured in the wreck of the White Plains & Brewster express, on the Harlem division of the New York Central & Hudson railroad, near Woodlawn road, in the Bronx borough of Greater New York yesterday.

The express, a six-car electric train, jumped the track at a curve near Woodlawn road, in the Bronx. The train left the Grand Central station at 8:15 o'clock, drawn by two heavy electric motors and loaded with a massive crowd and commuters on their way home from business in the city.

The Irish council thinks fit. If the council is to be a success at least a Million Pounds. sterling will have to be placed at its disposal yearly between the savings and an allotted revenue to be expended in the development of the country's resources.

Power of Irish Council Will Be Provisional and May Be Enlarged Later. London, Feb. 18.—In response to a request of the Associated Press, Mr. William O'Brien, member of parliament from Cork city, has outlined the impending Irish measure by which the government proposes to meet the growing demands for Irish Home Rule.

An Absolute Cure for Rheumatism

Fruit-a-lives surely cures Rheumatism and Sciatica

TROUBLE AMONG COUNSEL ADJUSTED

New York, Feb. 18.—A serious difference among the lawyers engaged in the defence of Harry K. Thaw was patched up last evening and it is probable that for the remainder of the trial there will be at least an assurance of peace between them.

There is little fear among the attorneys on either side of the now famous case that Juror Joseph Bolton will cause a mistrial. Both sides are confident that he will be willing to go on with the case when court convenes this morning in spite of the brief occasioned by the death of his wife, whose funeral took place on Saturday.
