Clay, in introducing the subject, said: MUCH ADO ABOUT NOTHING. 'If you desire of me in beginning my address to announce my text, I will take The following fire-eating dispatch

you for a little back to that maker of from Tacoma appears in the Post-Inwords, William Shakespeare, and to one of his greatest dramas, Hamlet. In the

telligencer: "Tacoma, Dec, 4.—The Canadian govern-ment has let a contract for the carrying of maths from Junean, in Alaska, to Forty Mile Creek, which is also in the territory claimed by the United States, but which Canada is now asserting a claim to. It is said that for a foreign country to let a contract for the transmission of mails in the, territory of another government is something that is practically unitent of in international affairs. It would seem that it could only mean that the Dominion of Can-ada, Great Britain's dependency, is bound to uphoid at all hazards her claim to that strip of territory extending from and tak-ing in Juneau to the rich gold fields of the Yukon river. The contractors are Fred Cl. Gasch and T. C. Healy, the latter a resi-dent of Dyea, Alaska. They will leave Juneau on their first trip to the Yukon cound trip every two months. The Canadian government thus executes a coup d'etat in establishing communication with the Yukon country, the United States having no postal servec there and the min-ers paying private carriers \$1 per letter for carrying the mail. This move, following the Canadian government's sending of a detachment of mounted police to Forty Mile, is taken as clearly indicating the country's determination to possess the dissecond act of that great play, Hamlet, in his assumed insanity, enters a room in the castle reading, and is addressed by Polonius, the lord chamberlain, thus What do you read, my lord? to which Hamlet gave the characteristically indefinite reply, 'Words, words, words.' A hulf hour's ramble among words will not be found unprofitable. The dictiopary will be a surprisingly interesting book. It should be a matter of concera to keep our utterances pure, not only in their tone and character, but also in their form and diction. Speech has a sanctity all its own. It is the divine wairant of our manhood. Of all creation man alone has the use of words to

express his thoughts." Mr. Clay then went on to speak shortly of the origin of language, in which, after reviewing the several theories put forth, he said: "The true answer to the inquiry how language arose is this: The Mile, is taken as clearly indicatin Creator gave man language just as he country's determination to possess the disgave him reason. They are indeed so puted territory." ssentially the same that the Greek lan-
