

NOTES AND COMMENTS

There is nothing intrinsically improbable in the assertion made by a Roman newspaper that Italy has decided to cede Erythra to England in return for the latter power's support of her demand for a sphere of influence in China.

There is no doubt that for Erythra a purchaser could be found in either France or Russia, but the district is worth more to England than to either of these countries, and Lord Salisbury will be fortunate if he can be able to secure it at the cost of China.

It is probable, indeed, that more than one hard fight would be had upon the Abyssinian ruler, who calls himself King of Kings, could be prevailed upon to occupy the subordinate position to which the Khedive of Egypt is resigned.

How much Italy would gain by an exchange of Erythra for a section of the Chinese coast is sufficiently obvious.

A GYPSY'S WARNING. A strange incident happened recently at a cemetery in Leeds, England.

At the annual meeting of the Belva Chamber of Commerce, Mr. G. W. Wolff, M.P., who presided, said that the trade of the past year had been on the whole satisfactory.

IT WILL OUT OR, A GREAT MYSTERY.

CHAPTER IV.—Continued. It was as well that his prairie training had been as Jefferson Hope's, for the latter had been brought down by the lynx.

It was a well that his prairie training had been as Jefferson Hope's, for the latter had been brought down by the lynx. He walked for a couple of miles through one ravine after another with one success, though from the marks upon the bark of the trees, and other indications he judged that there were numerous bears in the vicinity.
