On Thursday evening of this week Colonel Clancy and the officers of the Leinster regiment gave a dance at Wellington Barracks where no dance has been given for so long. Those who attend will be sorry to dance for the last time fo the best band we have had here for years, and sorry too that the friendship of six months will soon be only a memory.

## YARMOUTH

April 20.—Since the close of the penitential sea. son society has not fully awakened to its usual gatety, so that I have but few feas and not one "grown up" party to record. However as the season advances the gay set will resume their fads and several parties are being talked over, but as yet, was in south research.

Band was most successfully presented at the Royal Opera house on Easter Monday evening to a large and fasbionable audience, which completely filled the building from the pit to the realm of the gods.

Mr. John T. Arenburg as musical director received many congratulations on his skill or stage management and general surgerisor, and exercising exercising sections. ment and general surervisor, and everything went off without a hitch. Miss Conrad, a little Miss of off without a hitch. Miss Conrad, a little Miss of thirteen, fairly charmed her litteners with her beautiful voice, and in the duett, "I've Wandered in Dreams," from Wade, sung by her and Mr. Arenburg, she made her first hit and received a hearty ovation. In the Seranade, from Gonnod, Miss Conrad was at her best, and her powerful and flexible voice together with her winning manner will always make her welcomed by a Yarmouth audience. She was broominely attired in white silk with natural flowers. Miss Jean Gardner, attractive in white organdie over pick silk, was at her with natural flowers. Miss Jean Gardner, attractive in white organdie over pink silk, was at he best and charmed us with De Koven's pretty little gem, "Nits Gitans." Miss Grace Peterkin accompanied Miss Conrad with violin, besides playing a solo charminally. The "boys" of the Band fairly outdid themselves and opened the programme with Sousa's brilliant march "Bride Elset." Perhaps the most takine number played by the band was the grand "Descriptive War Fantassa," by Maror. As most of our citizens have been interested in the war talk over the way, this selection brought down the hanse and was an example of what the band is capable of doirg. Mr. Gillis and Mr. Arenburg favored the audience with selections, and a comic song by Yarmouth's comedian, Mr. Pitton, was the success of the evening. The gross receipts of the entertainment were something near two hundred doll are I believe, and the band is to be congratulated on their all around success. There were two theastre parties that evening, the one given by Mr. and Mrs. E. K. Spinney being unusually pleasant.

Mrs. George Sausderson gave a delightful young people's par y last week for her sixteen year old son. About fifty of our boys and girls responded to the invitation, and all had a charming time, games soid dencing extending away into the even ing when a delicious little menu was served.

The annual Easter sale of Trinty church took place on Thursday and Friday of last week and drew a large and admiring crowd to inspect and purchase from the beautiful and highly artistic display of fancy and useful work prepared by the ladies of that church. Flags and bunting were profuse and long tables were ranged round the room and presented quite a business like appearance as the fair saleswomen in delaty cambric and silk shirt waists stood behind them and "cracked up the wares" for sale. There was everything frem saits sofe pillows to iron hol iers and dish towels and the sales were quickly made. A high hot tea was served from

A man will defend his honor with his life. What is more dishonor able than unnecessary failure? Thousands of men make failures of life and die premature deaths, leaving wives and children unprovided for, because of their reckless neglect of health. No man can do good work or be successful in business who suffers from biliousness, digestive and nervous disorders such as sick headache, giddiness, dizziness, drowsiness, cold chills, flushings of heat, shortness of breath, loss of appetite, fullness and swelling after meals, wind and pain in the stomach, costiveness, blotches on the skin, loss of sleep, disturbed sleep, frightful dreams and nervous and trembling sensations.

These are but the forerunners of some dread disease like deadly consumption, or fatal nervous prostration. Dr. Pierce's Golden Medical Discovery is the best medicine for hard working men and women. It cures all cases of weak stomach, impaired digestion and disordered liver. It gives keen edge to the appetite, makes the digestion perfect and the liver active. It makes rich, red, pure blood and builds firm, healthy fiesh. It builds new, healthy, muscular system, and invigorates and vitalizes the whole system. It induces sound and refreshing sleep, dissipates drowsiness and melancholy, and imparts mental power, elasticity and courage. It arouses the physical energies of the whole body. It cures 98 per cent, of all cases of consumption, bronchial, throat and kindred ailments. All medicine dealers sell it. Costiveness and biliousness. Doctor Pierce's Pleasant Fellets cure them. They strengthen and stimulate the overworked organs. They never gripe. One "Pellet" is a gestile laxative, two a mild cathartic.
