

## BOTH PARTIES AT FREDERICTON AGREE ON MILITARY RESOLVE

Resolution Advocates Mutual Co-operation by  
Leaders of Political Thought in Dominion—  
Move to Investigate Qualifications of Provincial  
Secretary and Mr. Dysart.

(From Official Report)  
Fredericton, June 8.—The House met at 3 o'clock.  
Bill to authorize the city and county of St. John to enter into an agreement with the C. P. R. in reference to a round house at Lancaster and to amend the probate court act of 1907 were read the first time.  
Hon. Mr. Burchill presented the report of the committee on standing rules.  
Hon. Mr. Byrne presented the report of the law committee.  
Mr. Meserve presented the report of the committee on agriculture.  
Hon. Mr. Tweedie submitted a report of special auditor Williamson on the Farm Settlement board.  
Mr. Hunter gave notice of enquiry regarding the dismissal of Dr. B. M. Mullis as secretary of the Provincial Board of Health.  
Mr. Crockett presented the petition of the Alumni Society of the U. N. B. for the passage of an amendment to its constitution.

Reviving Old Memories.  
Mr. McGrath gave notice that on Monday next that he would move for the correspondence which passed between members of the late government and others in 1903 respecting the appointment of commissioners to investigate charges in connection with the New Brunswick Coal & Railway Co., also for correspondence between the premier and other persons relating to the report of said commission.  
Mr. Baxter gave notice that on Monday next he would move, seconded by Mr. Magee that steps be taken by the house to ascertain if the governments of Nova Scotia and Prince Edward Island would be willing to consider a plan for a legislative union of the Maritime Provinces.

Messrs. Murray and Dysart.  
Hon. Mr. Foster said that the ex-attorney general had raised a question regarding the qualifications of two honorable members of the house. He was anxious that every honorable member should comply with the law, but he did not feel that in this case the honorable gentlemen complained of were disqualified. As both were present, no doubt they would like to make a statement.

Hon. Mr. Murray (Northumberland) said he regretted that during his absence a question had been raised in regard to his qualifications. He felt that he had kept within the law and was fully entitled to a seat in the house.  
For many years under the old act he had held office of referee in equity for Northumberland county. In 1906 he was nominated for the legislature but before accepting had conferred with Hon. Mr. Tweedie, the premier, in regard to resigning his office.  
Hon. Mr. Tweedie had expressed the opinion that it was unnecessary for him to resign and subsequently that opinion was endorsed by Hon. Mr. Pugsley, then attorney general. He (Murray) was elected and took his seat in the house and no question was raised in regard to his qualification. The law had since been changed, but he did not think it altered his position as a master of the supreme court was the same as a referee in equity under the old act. He had received no fees from the government, therefore he did not think that his office was one of emolument.

What Mr. Dysart Says.  
Mr. Dysart said that his right to hold a seat in the legislature had been questioned by the ex-attorney general. The act stipulated that no person holding an office of employment under the government was qualified to sit in the legislature. He thought that before one came within the scope of the act it must be shown that he was in receipt of a salary or fees from his office.  
He had been appointed by the late government a police and stipendiary magistrate for Kent, but had immediately resigned. He was subsequently appointed a parish court commissioner but had never acted nor had he ever received one cent directly or indirectly from the office. He could say further that he had never taken the oath of office or signed the roll. The Standard had referred to him as being on the government pay roll.

matter be referred to the committee on privileges.  
They Get Together.  
Hon. Mr. Foster moved that the proposed resolution until notice of motion number 22 and the proposed amendment by Hon. Mr. Foster and the proposed amendment to the amendment by Mr. Baxter be withdrawn and the following motion substituted in lieu thereof:  
"Resolved that in the opinion of this house the people of New Brunswick will loyally support any measures for the augmentation of our military strength which the exigencies of the time may render necessary and that it is highly desirable that any such measure should be the product of mutual cooperation by the leaders of political thought in this dominion."

In doing so he said that there could be no question that the people of New Brunswick would loyally sustain any movement which was intended to strengthen the hands of the country in the prosecution of the war and every one would gladly assist in helping to keep up the honor of Canada by keeping the overseas forces up to the full strength until that desired end should be obtained. Hon. Mr. Murray (Kings) said he heartily concurred with what had fallen from the premier and had much pleasure in seconding the motion. At the present time all the efforts of the people of this country should be devoted to bringing the war to a successful conclusion.  
Mr. Baxter said that it would be impossible for any one to be more pleased than he was in withdrawing his amendment to the amendment and to find that there was a common ground upon which all could unite. It was perhaps not unnatural that at first sight some slight feeling of distrust would be felt on both sides of the house but by getting together and discussing things this distrust had been dispelled and he had no doubt whatever that there was a sincere desire on both sides to find some common ground for their expression of loyalty.

## Tested — PURE

Milk is carefully inspected and tested for its purity. No man would think of using adulterated milk. It is injurious to health. PURE tobacco is just as important to your health and enjoyment as pure milk. In fact purity is one quality you should insist on in the cigarette that you are going to stick to for your steady smoke.

This is probably one of the chief reasons why so many men are now smoking CRAVEN "A" Virginia Cigarettes. They are Pure Tobacco Cigarettes—no other ingredients or substances whatever are added. Nothing but mild, high grade Virginia tobacco, properly mellowed by age, and correctly combined in just the right proportions. Pure tobacco like pure milk cannot be improved upon by adding anything to it. You'll discover all the good it is possible to get out of a cigarette if you smoke CRAVEN "A". Why not put a package in your pocket to-day?

Boxes of Ten - 10c.
