

HUNGER STRIKING "REDS" USE STRATEGY TO GET NEW ROOM

They Talk Before Guard of Mythical Plot to Seize Ellis Island and Thus Gain a "Moral Victory" Over Slaves of Capital.

New York, Dec. 4.—The hunger strike of the "reds" waiting deportation on Ellis Island continued yesterday, with the strikers gaining a "moral victory." For some time the "thinkers" have been thinking of establishing a grand field headquarters to direct the strike. Of course, the "slaves of the capitalist government" in charge of the island would defeat the scheme of the Soviet forces if they learned of it. What was needed was strategy and astuteness, and those are the very things in which the disciples of Trotsky and Lenin excel.

A meeting of the "First Anarchist Soviet Commune of America" was called in the detention pen as the hearing of the guard they plotted to escape, overpower the guards and take charge of Ellis Island. Here is where the strategy comes in. Everybody voted that Peter J. Blanki, who has always been their leader, should head the revolt, and they named his general staff. That was as much as the guard needed to hear. He rushed off and told the authorities, and this is what happened.

Agents of the Department of Justice who knew the men were called to the island. They were informed of the plot and told to seize the leaders, which they considered was the best way to break up the revolt. Agent Davis with a .38 calibre "health destroyer" in his hip pocket walked down to the cage to identify the men. Now, Mr. Davis is known in radical circles as "One Round Davis," and when he appeared to page Mr. Blanki and the other leaders they just crowded up to the door. Blanki and three of his general staff were marched to the next cage, which was just what they wanted.

Now the Red leaders have a real headquarters and say the strike will run in regular fashion. The next move is to place pickets, who will report all "traitors and scabs" to Mr. Blanki, who will punish them by talking to them an expelling them from the Soviet forces.

Sought Turkey Dinner.

While on the subject of "scabs," which is getting very serious in the Red's detention pen, the attention of the "strike committee" should be called to the reporters from the radical papers who are assigned to cover the "Spanish Inquisition" methods of the government. Yesterday those men, forgetting that all radicals staying on Ellis Island over night must take a bath, announced that if the turkey dinner which the "Reds" on hunger strike refused Thanksgiving was not given to them they would strike. Mr. Baker was very much concerned when the scheme was revealed to him, but the chief said that the turkey had been eaten by the other aliens, so the strike was not called.

The "Reds" have not eaten a meal since Monday morning and are living on the water and oratory. They were sick yesterday, according to Mr. Baker, but not in danger. He explained that no medical watch was being kept because it would dignify the strike. It developed that the reporters who sell their souls for a penny would be welcomed by the strikers, but Mr. Baker ruled that if newspaper men went down to talk to the "Reds" the strike would be dignified, so they were excluded.

It was learned from good authority that the two "traitors" who have been eating at the governments' table since the strike started are having a hard time of it. Every time they respond to an invitation to eat the others sing the "Internationale" battle song of the Bolsheviks and "boo" them out of the room. The "committee" has added another suspect to its list of those who are eating. The suspected radical is not only on hunger strike, but also striking against shaving. The case against him is this—Because of the long whiskers and the fact that he talks with the two who eat, they think he is trying to escape as an Australian and enter into the dining room. There may be nothing in this.

Playing "African Golf."

To pass away the time the strikers are playing "African golf," a dark game played with white cubes. The "Red" who has been winning is about 100 paces of cigarettes ahead, which will be given to him some time after Christmas when Congress expects to settle the strike. One of the strikers was removed to the Island Hospital suffering from something. Because he was looking for publicity the officials will not give his name out. This has caused the "committee" to make another protest. Running a strike and being ignored by officials surely does not appeal to the playful little anarchists.

The strike reached a new stage last

A WOMAN IS AS OLD AS HER HAIR LOOKS

Unwisely hair makes you look years older than you really are. Beautiful, fluffy hair makes you look years younger. Many a plain, unpromising face is given an air of beauty and distinction because the hair is beautiful and well kept.

Women would do well to pay more attention to the hair. It is suggested that the scalp be kept perfectly clean and free from dandruff by means of regular shampoo and cleansing treatment with Parisian sage.

Parisian sage is a hair treatment which has been known to the profession for many years. From time to time specialists have attempted to improve on Parisian sage, but to the present day nothing has been found to take its place as a hair beautifier and beautiful scalp treatment.

Parisian sage can now be secured in inexpensive form at good druggists everywhere and most department stores with full directions for home use. This means that you can treat your own hair and scalp just as efficiently as a hair specialist could do it for you, and at a fraction of the expense.

Get a supply of Parisian sage (liquid form for home treatment) today and see the difference it makes in your appearance and in the health of your hair and scalp.

STOMACH AND LIVER TROUBLE

Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health. Carelessness and neglect, and oftentimes willful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Miburn's Laxa-Liver Pills. They live on the liver, get the bowels back to their proper condition and tone up the stomach.

Mrs. G. L. Gackett, Enchant, Alta., writes:—"I have used Miburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results. They are also good for headaches." Miburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Miburn Co., Limited, Toronto, Ont.

Burley's Ranch Well Presented

Hall on Thorne Avenue Not Large Enough to Accommodate All Who Wished to Witness Drama Given by Thorne Lodge.

The western drama, "Burley's Ranch" was presented by Thorne Lodge, I. O. G. T. last night in their hall on Thorne avenue. The hall was filled long before 8 o'clock for the hour set for the curtain to rise, when the performance began. The audience had passed "the standing room only" stage. It was absolutely impossible to secure entrance to the hall and many were turned away disappointed. The play was well staged, the different characters carrying off their parts in a most creditable manner. That the play, looked by the audience was never in doubt, their attention was held from the rising of the curtain till the final act. A great many complimentary remarks were passed at the close of the performance, many pronouncing it one of the best amateur performances staged for some time.

George Gordon and John McKenzie directed the play, George Fry was the property man, Miss Marion Brown gave a very complimentary address to the guests, Mr. and Mrs. Denner Owens, who was also the accompanist, gave some musical selections between acts.

The cast of characters was as follows—Jim Burley, owner of cattle ranch, J. H. Mackenzie; Steve Tuttle, a broncho buster, George Gordon; General Blackford, commander of Fort Macon, D. C. Fisher; Lieut. R. Thurn, of his staff, Thomas Owens; Willie Warren, a reporter, F. Gardner; McClintock, a ranch owner, F. Gillett; So Long, a coolie Chinaman, John McEachern; Jose Ratario, Mexican, Alex. Brown; Rosening Bear, chief of the tribe Indian, Henry McEachern; Black Eagle, Indian son, Frank Tennant; Margaret Burley, daughter of Jim, Miss B. Mackenzie; Mira Wiggs, a western widow, Miss Violet Gagey; Wakita, daughter of the chief, Miss Vera Gardner; Uriah Burley, Jim's wife, Mrs. H. McEachern.

The drama will be repeated tonight which will give an opportunity for those who were unable to gain admittance last night to see a real good play.

Mrs. Lloyd Potter of Gushyboro, N. S., is in the city visiting her parents, Mr. and Mrs. Fred W. Henderson, Lancaster Heights.

Catarrh Of The Stomach Is Dangerous

"Thousands Have It and Don't Know It," Says Physician. Frequent Cause of Indigestion—How to Recognize and Treat.

"Thousands of people suffer more or less constantly from irritated, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot touch the food and digest them. This condition soon breeds a deadly disease in the fermented unassimilated food. The blood is polluted and carries the infection throughout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bismarated Magnesia in half tumbler of water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach walls and draws the blood to the stomach while the bismarated magnesia in half tumbler of water for mucus and increases the efficiency of the hot water treatment. Moreover the Bismarated Magnesia will serve as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion without distress of any kind should soon follow. Bismarated Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist. Don't confuse Bismarated Magnesia with other forms of magnesia, milk, citrates, etc., but get it in the pure bismarated form (powder or tablets), especially prepared for this purpose.

GOVERNMENT WINS IN COMMONS WHEN LABOR MOTION TO PROBE COAL COST AND PRICE IS LOST

William Brace's Suggestion Calling for Appointment of Committee to Investigate Fuel Production is Rejected by Vote of 254 to 59.

London, Dec. 2.—The government won a sweeping victory in the House of Commons today, when the motion of William Brace, a Labor leader, calling for the appointment of a committee to inquire into the cost of production, the output, prices of coal was rejected. The government received 254 votes as against nine for the measure.

In presenting the motion Mr. Brace declared the Labor party had been trying to co-operate with the government in a grave and difficult financial problem, but that the government had declined to permit the party's co-operation.

Mr. Brace asked why the government was afraid of a committee of inquiry. The minister he said, had been driven to despair over the blunders of the Coal Department, and the trade was retarded, he declared. Development of the C. N. R. disbursement of the National Service and Reconstruction, in replying to Mr. Brace, said the committee suggested was undesirable, because inexpert. The government had declined to conceal, he declared, but objected to the committee because it

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.
That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.
Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.
Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustreous.
