

## Dropsical Swellings

An Accompaniment of Kidney Disease—Most Frequent in Advanced Age—Mr. Treneman Cured by

### Dr Chase's Kidney-Liver Pills

The kidneys when in health filter from the blood the urea which is in reality poisonous waste matter.

When the kidneys are weak and deranged the urea remains in the blood and causes it to become watery and deficient in nutritive quality.

Dropsical swellings are the result. At times the ill-effects are felt about the heart and death comes suddenly in the form of heart disease or apoplexy. With others the legs swell until they become of unwieldy proportions and require to be kept bandaged.

Dr. Chase's Kidney-Liver Pills prevent and cure dropsical swellings and all the dreadful symptoms of kidney disease. They cure thoroughly by striking directly at the root of the trouble and setting the kidneys right.

Mr. James Treneman, 536 Adelaide street, London, Ont., states:—"Two years ago I was laid up with kidney disease and urinary troubles. Besides the pain and inconvenience caused by these troubles, I became dropsical and my legs would swell up so that I could scarcely go around at all. Hearing of Dr. Chase's Kidney-Liver Pills, I procured a box and continued the use of this valuable medicine until now I can say for a certainty that I am entirely cured. I never took any medicine that did me so much good, and am firmly convinced that if it had not been for this medicine I would not be working today."

As a family medicine of tested and known worth, Dr. Chase's Kidney-Liver Pills have never been approached. They act directly on the kidneys and liver, regulate the bowels and ensure the perfect action of the digestive and filtering systems. One pill a dose; 25 cents a box. At all dealers or Edmanston, Bates & Co., Toronto.

#### Stories in Agriculture.

The bulletin on "Nature Study or Stories in Agriculture," promised by the Ontario Department of Agriculture has just been issued by the King's printer. It is neatly bound in a paper cover imitating bird's-eye maple, and contains stories dealing with the soil, plant roots, wheat, yeast, butter, insects, birds, and animals. The idea is to present a life-history of each plant and insect in popular form, so that children may grasp it. This bulletin, which contains about 80 pages and which is illustrated by suitable engravings, will be sent to each teacher of the province, with the intention of inducing teachers to deal with these subjects in class. This is the first bulletin of the kind issued, and it is proposed to issue one yearly. Something of this kind is required to draw the attention of teachers and children in the public schools to the great and fascinating facts and processes of nature all about them, and this bulletin is a creditable beginning.

#### Bruno, the Hunter.

Rod and Gun in Canada, published in Montreal, has in its December number a new poem by Dr. Drummond, entitled "Bruno, the Hunter," who slew wild animals without mercy, until one day the devil changed him into a mouse and his hounds into loup garou, and once a year, these phantom hounds chase him across the country. It is a neat bit of verse, and concludes:

That's way for punish de hunter man  
"Wen murder if on hees min".  
So he better stop wile de work is new,  
Dr. mebbe de devil will schetch dem too.  
An' chese hem around wit' de loup garou  
Galleons' close behin'!

#### Sticky Hair Oil.

Tommy (inquiringly)—Mamma, is this hair oil in this bottle?  
Mamma—Mercy, no! That's liquid glue.  
Tommy (nonchalantly)—I suppose that's why I can't get my hat off.

#### SAW SIE WILLIAM MULOCK.

Publishers Desire Changes in Postal Rates—Railway Men and the Compulsory Arbitration Bill.

Toronto, Jan. 19.—Sir William Mulock, Postmaster-General and Minister of Labor, received two deputations at his residence, Jarvis street, on Saturday. Representatives of the railway employees again discussed with him the provisions of the compulsory arbitration bill, and the conference was adjourned. A deputation of publishers asked for a more generous provision in the postal regulations in regard to the number of pictures that may be enclosed in a magazine as part of the publication. To-day Sir William goes to Collingwood, where he will be entertained at luncheon by the municipality and at dinner by the Board of Trade. On Tuesday he will return to Toronto to attend the meeting of the Toronto Reform Association.

The deputation of weekly newspaper, magazine and trade paper proprietors consisted of Lieut.-Col. J. B. Maclean, Messrs. C. H. Mortimer, James Hedley and H. F. Gagnier, for trade papers; Messrs. James Acton, Chairman of the class paper section of the Canadian Press Association; Messrs. T. H. Best, John A. Cooper and W. E. Robertson, for the magazine publishers; Rev. Dr. Briggs, Rev. Dr. Withrow and Mr. James Dale, for the religious papers; and Messrs. Atwell Fleming and Albert MacCoomb for the employing printers.

Mr. Acton stated that the present postal rates for second-class mail had been in force for more than twenty-five years. The enormous improvement in all publications should be met by changes in the rates. Most of the other members of the deputation spoke along similar lines.

Sir William Mulock asked the deputation to put their request in writing, and he would carefully consider the whole matter. The deputation cordially thanked the Postmaster-General, and decided that the whole of the changes desired should be laid before the Canadian Press Association at the coming annual meeting, to be held in Toronto on February 5 and 6.

#### A STORY OF THE KING.

Showed Interest in Salvation Army Work.

New York, Jan. 19.—The Herald has the following special from London:—An interesting story of King Edward's interest in the Salvation Army is told in this week's issue of The Social Gazette by Mr. Walsh Dawson, a keen supporter of the army's social work. Two years ago Mr. Dawson, who had interested himself in obtaining donations for social work, was on his way one afternoon to call on a certain benevolent Peer, when he lost his way in a thick fog. Suddenly he ran against a man near Buckingham Palace. Apologizing, he asked the stranger if he could direct him to the house he was looking for. The answer was: "Certainly; I am going near the place myself. I'll show you the house."

"We chatted away merrily," Mr. Dawson continues. "I told him all about my work and the labors of the Salvation Army. He seemed deeply interested, and when I reached the house he said:

"It is dreadful to think that so much suffering exists in this city. I want you to accept a little gift for the poor suffering ones." And he placed in my hands ten sovereigns.

"I was astonished and asked the unknown donor what name I should put down in the book. He replied, hurriedly:

"No name at all, please. Simply anonymous." Suddenly I saw his face distinctly for the first time. It was the Prince of Wales, now the King."

#### Steamer Lahn Ashore.

Gibraltar, Jan. 19.—The North German Lloyd's steamer Lahn, Captain Malchow, from Mediterranean ports for New York, went ashore at four o'clock Saturday at Tumara, ten miles east of the Rock of Gibraltar. There was a heavy fog and rain was falling at the time. On board the steamer are 100 saloon passengers and 700 emigrants. She is in no danger, and salvage steamers are with her waiting for high tide to get her off. The Lahn is stern on to the rock. The weather is moderate, but there is a heavy sea. Should the wind shift to the east the steamer's position would be critical. The Gibraltar lifeboat service, to be prepared for an emergency, has had boats beside the Lahn all day.

#### TOO GREAT EXPENSE

##### Not the Reason

It is not because Pyramid Pile Cure is so expensive that many people decline to give it a trial, but because they find it too great a tax on their credulity to believe that the published letters bearing testimony to the merit of this remedy are genuine and bona fide; especially to those who have realized the suffering incident to piles is it incredible that anyone who has been afflicted twenty-five and thirty years with the worst forms of protruding and bleeding piles should be cured by the application of a simple remedy, when their physician has assured them that the only relief is in a surgical operation?

This is rightfully viewed with dead by all those afflicted, as it means at the least a great shock to the nervous system, with more than a possibility of utter collapse and death; in the majority of cases, too, there is a return of the complaint, owing to the fact that the cause is not removed.

The proprietors of the Pyramid Pile Cure agree to forfeit one thousand dollars to anyone who will show a single published testimonial to be not genuine and unsolicited; this latter feature is most gratifying, inasmuch as these letters are written solely out of gratitude, and with the hope that those who are afflicted as the writers have been may learn that relief is at hand, at a comparatively trifling expense.

Pyramid Pile Cure is for sale by druggists at fifty cents a package, or will be mailed by the makers to any address upon receipt of price.

Mr. Wm. Lichtenwalter, head of the largest printing house in Canton, Ohio, says: "It is with the utmost pleasure and satisfaction that I can say I believe I am cured of protruding and bleeding piles, after suffering more than twenty-five years. I have been in bed for two weeks at a time. I have not suffered in the least for over a year, and I used only three fifty-cent boxes of Pyramid Pile Cure."

I advise every person suffering with this distressing and painful complaint to give this remedy a trial. I have every confidence in it. Write the Pyramid Drug Co., Marshall, Mich., for their book on the causes and cure of piles.

It takes a man a long time to find he is not as good looking as he fondly imagined.
