I have thought it well, in consideration of the increasing duties thrown by the development of the Country upon the Civil Service, and for the more efficient organization of such service, to issue a Royal Commission to examine and report on the whole question.

The Report of the Commissioners will, I believe, be ready to be laid before you at an early day; and I ask for your consideration of such Report and of the whole subject of Civil Service Reform.

A measure for the enlargement of the boundaries of the Province of Manitoba will be submitted to you.

I greatly regret being obliged to state that the entire failure of the usual food supply of the Indians in the North West, to which I called your attention last session, has continued during the present season, and has involved the necessity of a large expenditure in order to save them for absolute starvation. Several of the Bands have, however, already applied themselves to the cultivation of their Reserves and the care of their cattle. No effort will be spared to induce the whole of the aboriginal population to betake themselves to agricultural pursuits.

## Gentlemen of the House of Commons :

The Accounts of the last, and the Estimates for the ensuing year, will be laid before you. The Estimates will, I trust, be found to have been prepared with due regard to economy and the efficiency of the Public Service.

It will be satisfactory to you to know that the existing Tariff has not only promoted the Manufactures and other products of the Country, but has so far increased the Revenues of the Dominion as to place it beyond doubt that the receipts of the current fiscal year will be in excess of the expenditures chargeable to Consolidated Rèvenue.

## Honorable Gentlemen of the Senate :

## Gentlemen of the House of Commons:

Several measures of importance will be submitted to you, among them will be Bills for the winding up of Insolvent Banks and Incorporated Companies; for the amendment of the Railway Act of 1879; for the revision and consolidation of the Laws relating to Government Railways; and for the improvement, in several respects, of the Criminal Law.

I am pleased to be able to inform you that there are now good hopes of our being able to place the naturalization of German Settlers on a more satisfactory footing. A measure will be submitted, with all the papers connected with the matter, for your consideration.

Your best attention will, I am sure, be given to the subjects I have mentioned, as well as to everything that affects the well-being and good government of the Dominion.

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

## The House resumed.

The Honorable Sir Alexander Campbell presented to the House, a Bill intituled "An Act relating to Railways."

The said Bill was read for the first time.

On motion of the Honorable Sir Alexander Campbell, seconded by the Honorable Mr. Aikins, it was

Ordered, That the House do take into consideration the Speech of His Excellency the Governor General to-morrow.
