

Appendix A

Extract from *Barric Examined* 21/7/44

THIS IS Camp Borden's first senior rugby team since 1940 when the Army and Air Force entered a combined squad in the ORFU but didn't do so well. In those days there were not many stars in uniform but now most of the crack players are in blue or khaki. Hurricanes already have one halfback out of action. P/O. Ivan Hare got a bad leg in practice last week and will have to miss several games. Just in time for the opening game there has arrived at Camp Borden F/O. Jake Gaudaur, transferred from Uplands as an instructor. The former Orillia Collegiate star and noted sculler will line up at snap for Hurricanes and add to them the experience gained in 1942 with Dominion title Toronto RCAF and last year's Ottawa Combines.

NO. 1 SFTS lost out in their two remaining sports of No. 1 Training Command playoffs last weekend. At Toronto on Saturday the baseball team bowed out to Trenton's powerful nine by 11-4. Postings have caused Camp Borden several fine players and the team has not had much play for a month. F/L Walt Battersby, who pitched for No. 1 SFTS, was given poor support as his team committed eight errors. Eddie White, Borden first sacker, had three hits out of five off Lefty Garton, Trenton ace. On Monday night the No. 1 SFTS lacrosse team lost in the

Command semi-final by 7-2 to No. 6 Repair Depot, Trenton, the game being at Camp Borden. Here again postings have cut down the team, but the players will continue in the new Borden League.

OPENING GAME in the new Services Football League will be at Varsity Stadium on Saturday, Sept. 23, with Camp Borden Hurricanes opposing Toronto Navy, coached by Ted Morris. Hurricanes have already commenced serious practice for the season at Camp Borden, coached by F/L Mike Ozarko, former Hamilton Tiger and RCAF Hurricane star lineman, who arrived at No. 1 SFTS this week. Also coming in is Fred Kitek, one of the finest booters in Canadian football, who was with the Toronto RCAF team the last two seasons. Two fine backfielders, Andy Tommy and Wilf Tremblay, of Ottawa Rough Riders, are in the Army at Camp Borden, but the Flyers can't use them.

Among the 30 stalwarts that answered the first whistle last week were players from 17 Canadian high schools across the Dominion from Victoria to Ottawa. Every position on the team is being hotly contested, including those of water boy and locker room quarterback.
