Major A. Drolet, C. R.,
Ch. 3 - 62 Wellington N.,
Sherbrooke, Que.

Dear Major Drolet:

I duly received your letter of
3rd on my return to Ottawa this morning.

It is indeed greatly to your credit that you are taking the course you are, and I would indeed hope that you will be successful in getting a Commission. I earnestly wish I could do something to help you, but as you know, I am not in a position now to help, under circumstances which you thoroughly understand. It may be that on account of the large number of dependents the Government feel that they should first take men without dependents or with only one or two, and with this course there is no fair criticism. I fancy that probably is the reason you have not as yet been accepted.

Yours very truly,

AM/L.

Arthur Meighen.
