Ottawa, November 27, 1912.

With cheque.

Sir,-

The Department is having certain additions and alterations made to the Fort Alexander Boarding School building. The work has been in progress for sometime and the Department wishes to have it thoroughly inspected and reported upon at the earliest possible date.

I have to ask you to be good enough to proceed to Fort Alexander and make this inspection, at the same time you will be good enough to give any instructions that you may think necessary to the contractor for the proper carrying out of the rest of the work and make such recommendations as you may see fit for its ~~proper~~ future supervision. Father Brassard has a set of the plans and specifications which will be available for you.

You will find herewith an accountable cheque for \$50.00 for travelling expenses. Kindly obtain receipts for large disbursements other than railway fare.

Your obedient servant,

Asst. Deputy and Secretary.
