SLUGGING MATCH.

The Chatham baseball public met with a decided disappointment yesterday afternoon on Tecumseh Park. They had expected to see a good exhibition of baseball between the Highgate and local clubs, but such was not the case. Jimmie Wise, the Highgate twirler of some repute, who had, 'tis said, held the Tilbury aggregation down to one run on July 1st, was put in to pitch. Well, to make a long story short, the locals started out the first innings at the rate of 72 runs per game. All but Cartier and Fras-er scored in the first innings, and Joe Robert had a double-header to his

Accedit.

It was a listless sort of a game all the way through, with very few; interesting points, although strenuous enough for the players. Misplays were many and usually costly on both eides. The only times the visitors bunched hits were in the third and seventh innings, making four and two scores respectively, while the locals were quite busy in all but two innings, when shut-outs occurred.

Lee, for the visitors, batted well, while Joe Robert, H. Robert and F. Sowerby beating out three fine bunts. Grant pitched fine ball, while Scott,

MRS. M'KEE GOT AWAY.

WOMAN ESCAPES FROM SAND-WICH JAIL.

The Irish Postmiress Disappeared From the Yard When She Was Taking the .Air on Thursday Night.

Windsor, July, 25.-Mrs. Ellen Mc-Kee, who was arrested here this week by Detective Mahoney on a charge of embezzling postal funds in Ireland, made her escape from the jail at Sandwich yesterday, and has not yet at Sandwich yesterday, and has not yet been recaptured. Governor Sparks allowed her to take the air in the women's yard every evening, and it was not thought necessary to have a guard with her, as the walls are high, and no person dreamed that the frail woman would attempt to gain her liberty. However, a few minutes before o'clock Governor Sparks went into the yard and found the prisoner gone and no trace of her could, be found. Evidently she climbed up the frame of the door in the wall and got out.

A PECULIAR POINT RAISED.

That the Ontario License Act is Also Invalid.

Toronto, July 25.—Interest in the recent decision of the Privy Council declaring the Ontario It is increased by the uncertainty as to the exact effect it will have on cer-tain actions when performed on Sun-day. The general view is that Lord's Day restrictions have received a serbay restrictions have received a serious setback in certain directions, though there are still some pillars on which the promoters of such legislation may rest. If the Ontario Legislature has not the power, then the Dominion must have it, but when the wider field is entered will the varying interests of the different Provinces not lead to difficulty and perhaps expensions. difficulty and perhaps stagnation? On the other hand, the Lord's Day Alliance issue a statement in which they say they are not discouraged, and that a reconstruction of the law may be found necessary.

Mr. T. C. Robinette has given 'no-

found necessary.

Mr. T. C. Robinette has given 'notice in Magistrate Denison's court of his intention to appeal against the conviction of Ambrose McTiernan and his mother, Ethel McTiernan, charged with violation of the liquor law. The Magistrate expressed his intention to convict and to impose a fine, with the alternative of imprisonment. To this latter proviso Mr. Robinette objected upon the following grounds:—"Under the British North America act the Province of Ontario could not enact the Ontario liquor license law, particularly in so far as it imposes penalties and imprisonment in default, and imprisonment for second and third offences, bein imprisonment in default, and imprisonment for second and third offences, because, by the provisions of the British North America act, all matters of a criminal nature are reserved for the jurisdiction of the Parliament of Canada. The same point was taken in regard to the Lord's Day act recently before the Privy Council, when it was decided that the whole Ontario act was invalid, being not within the jurisdiction of the Province, but within that of the Dominion, under the provisions of the British North America act, which left all matters of a criminal nature to the jurisdiction of the Parliament of Canada." The case was laid over for a few days, to enable Mr. Robinette to file his appeal, which, the Magistrate intimated, he would overfule. As soon as these preliminaries are settled Mr. Robinette will appeal, and, if necessary, carry the case to the British Privy Council.

Mr. LOY'S DENIAL.

Sale of the Property at Valleyfield.

Ottawa, July 25.—Mr. George Loy, M. P. for Beauharnois, yestergave an explicit denial before the Committee on Privileges and Elections to the charges by mittee on Priv-Mr. Monk that the purchase of property owned by him at Valleyfield by the Government as a site for the post-office from R. B. Johnston was a colorable transaction. Mr. Loy's denial was explicit and definite that the sale by him to Mr. Johnston was bona fide, and, as he believed, for the purpose of erecting a departmental store. He did not know the Government was the pur-chaser until after the transaction with Johnston was complete and the purchase money had been paid to him.

RUSSIA'S LATEST EXCUSE.

For Increasing Military and Naval Forces in Orient.

London, July 25.-A despatch to Reuter's Telegram Company from St. Petersburg, dated July 20, says :-

"The attitude of Japan and the

warlike tone of the majority of the Japanese press have attracted much attention in official circles here. It is declared by the best informed people that there is no likelihood of war, certainly not upon Russia's initiative. It is said that Russia has every motive for desiring peace, chiefly for innancial reasons, with which are wound up desire for extensive domestic reforms, which the Government considers the most efficacious manner of disarming internal discontent and nipping the revolutionary propagands at the bud.

"It is believed to be impossible, from the Russian view-point, for Japan to embark in a contest with Russia singlehanded, and it is not thought she will secure the material support of Great Britain or the United States. Nevertheless, Russia is taking every precaution to strengthen her military and daval position in the Orient, believing this to be the surest means of discouraging Japanese aggressions. M. Lessar's Port Arthur conference is said to have dealt chiefly with those measures, though they are declared to be entirely precautionary, war being the furthest thing from the wishes of the Russian Government."

PANICKY IN NEW YORK.

Violent Breaks and Low Records-Two Failures.

New York, July 25.-After most of the day had witnessed a steady decline of the same securities that had been dropping for weeks, there were been dropping for weeks, there were announced from the rostrum of the Stock Exchange just before closing time, the failures of the brokerage firms of Talbot B. Taylor & Co. and W. L. Stow & Co. Mr. Taylor is the son-in-law of James R. Keene, Wall street's most adventurous speculator. W. L. Stow, formerly identified with Cammack in handling Maxican Central stock is the man-while Mexican Central stock, is the man who had been booming that railroad's securities ever since he secured the con trol from Boston capitalists for Henry Clay Pierce of St. Louis three years

ago.

It is estimated, though no official statements have been made, that the liabilities of the Taylor firm may reach \$6,000,000, while those of Mr. Stew's company are likely to be \$6,500,000. The assignee of the former is Philip J. Britt while Daniel De Wolf Wever is named by the Stow firm. The assignees are the attorneys of the respective firms. Whether James R. Keene's personal fortune is much damaged by the Taylor failure is not known, and as yet there is no statement as to asset yet there is no statement as to assets and liabilities from that firm, although Mr. Stow's assignee has declared that in that case the debts will be made good, dollar for dollar.

good, dollar for dollar.

There was a wonderful reaction in the market after the failures were announced, and the stocks which had nounced, and the stocks which had fallen regained part of what they had lost with great rapidity. The impression seems to be that the prolonged period of liquidation is at an end, but some predict more failures within a few days.

THOS. HOWARD MURDERED.

Well-known Canadian Killed in California.

Vancouver, B. C., July 24.-Descriptions and portraits in the San Francisco press, received in Victoria by Mrs. and Miss Howard, prove conclusively that the unknown man found urday was Capt. Thomas Howard, a well-known Canadian politician and former society leader in Montreal. He had just concluded a deal in Klondike hydraulic property, from which he received several thousand dollars, and the supposition is that he was lured to ceived several thousand gollars, and the supposition is that he was lured to the unoccupied barn near which the body was found, a recognized rendezvous for desperate tramps, and there killed for the money and valuables upon him. The skull had been fractural mith blunt instruments and two on him. The skull had been fractured with blunt instruments and two shots fired into his head with his own revolver, which was afterwards placed in his hand to suggest suicide.

in his hand to suggest suicide.

Howard was paymaster in the Red River expedition under Lord Wolseley. He was also Provincial Treasurer in the Clarke Ministry, the first Government of Manitoba, in 1871 and 1872. Before going to Manitoba, Howard was one of the leaders of the smart set in Montreal, a founder of the St. James Club and an officer in the Victoria Rifles. He gave up politics at the time of the Klondike excitement, and went to Dawson, where he acquired valuable hydraulic grounds.
