

RIPANS

For twenty years I had been a sufferer from bronchial troubles accompanied by a hacking cough. I at times suffered from extreme nervous prostration. About four years ago I began taking Ripans Tabules, and since then I have used them pretty constantly. I rarely retire at night without taking my Tabule, and I find that they keep my digestive organs (which naturally are weak) in good order, and they also allay my tendency to nervousness and make me sleep.
