DR. BRANDETH requests a perusal of the following article:—
LIFE AND DEATH,
 Every thing has two distinct principles to its nature; one
THE PRINCIPLE OF LIFE
 THE OTHER
THE PRINCIPLE OF DEATH.

So long as the principal of Life predominates, Health is enjoyed. When the principle of Death, Sickness takes place. How is this accounted for?
 By the principle of Death, I mean the principle of decomposition or decay, which is each hour going on in the human frame from the hour of birth, to that of our final exit. While the natural outlets—the pores—the bowels—and all other directories of the body, discharge these decayed particles as fast as they are generated, we are in a state of health; we are free from the presence of the disease.
 When, from breathing an impure atmosphere, living in a vicinity of swamps, or where we are in the constant habit of coming in contact with bad smells—effluvia arising from obnoxious accumulations of animal or vegetable bodies in a state of putridity, being infected from a living body under the influence of disease in a malignant state; or accidental occupations; or, in short, any cause which promotes decomposition (fermentation) the stomach and bowels and the other excretories can remove, naturally; we are then in a state of disease. And should the cause which produces this state of the body remain, and nothing be done to drive the accumulated and accumulating impurities out of the body, the principle of death or decomposition, will become paramount, and the last glimmering of life depart from the once animated clay.
 How then, shall we counteract these death dispending influences? How?
PURGE!—Yes—Isay Purge!
 The magic in that word shall yet be understood, if this hand or brain can accomplish as mighty an explanation. Yes, purged be that pain in the head, the back, the bowels, the foot, the stomach, the side, the throat. Does it arise from internal or external cause.—I still say purge!—For know this self-evident truth, that pain cannot exist, save by the presence of some impurity—some deposit of decomposed particles upon the organ or part where the pain is seated. And purging discharges this impurity by the bowels, and continuing the practice daily will cure every complication of disease; and will prevent any one from becoming seriously indisposed; even when in constant contact with the most noxious miasmas which cannot be possibly so easily affect the body, if we are continually careful to preserve it in a pure state, by frequent and effectual purgation. *Hippocrates* says, "Purgation expulses what must be expelled, and patients find relief; if on the contrary, they are tormented by purgation, it is a proof there are yet matters which must be expelled."
 The subscriber of this has resided in every variety of climate, and by always purging on the first appearance of sickness, has enjoyed for the last ten years, uninterrupted health. For we may call such the state of him who is never sick more than 6 or 8 hours, about the time it takes to secure the effect of a purgative. The purgative I make use of is my grandfather's pills, and they are, to my certain knowledge, the most judiciously balanced purge in existence. I have used from 8 months daily, in doses of from 2 to 16 pills per day, to satisfy myself as to their innocency. It therefore, cannot be doubted. It is my opinion, that any person, be he ever so prostrated by disease, provided he is capable of taking exercise at all, may lengthen his life to 60 years, by continuing to assist his natural functions with the **BRANDETH VEGETABLE PILLS**. Death never can take place until the Principle of Decomposition puts out the lamp of life. And that would seldom be before 60 or 70 years, was this principle of purgation always resorted to on the first appearance of sickness.
 In the hope that these remarks may be of some service, I am the public's obedient servant,
D. BRANDETH, M. D.

Great caution is required to procure the genuine Brandeth Pills.
 Druggists and Chemists never in any place appointed Agents by Dr. B. All his authorised Agents have an engraved certificate of agency, signed by himself; unless

this certificate can be shown, do not purchase. This caution is absolutely necessary to guard the public against spurious Pills.

BALDNESS.
A BEAUTIFUL HEAD OF HAIR is the grandest ornament belonging to the human frame. How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to recede at being uncovered, and sometimes even shun society to avoid the jests and sneers of their acquaintances; the remainder of their lives consequently spent in retirement. In short, not even the loss of property fills the generous thinking youth, with that heavy sinking gloom as does the loss of his hair.—To meet all these unpleasant circumstances, **OLDRIDGE'S BALM OF COLUMBIA** stops the hair from falling off on the first application and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning gray, makes it curl beautifully, and frees it from scurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm are how by the priori etors.
FOR all the following:
ROBERT WHARTON, Esquire, late Mayor of Philadelphia, has certified, as may be seen below, to the high character of the following gentleman:
 The undersigned do hereby certify that we have used the Balm of Columbia discovered by J. Oldridge, and have found it highly serviceable not only as a preventative against the falling off of hair, but also a certain restorative

 It will certainly raise its virtues in the estimation of the public, when it is known that three of the above signers are more than 50 years of age, and the others not less than 30.
 From the Mayor,
 Commonwealth of Pennsylvania, City of Philadelphia.
I, ROBERT WHARTON, Mayor of said city of Philadelphia, do hereby certify that I am well acquainted with Messrs. J. P. English, John S. Furry, and Hugh McCurry, whose names are signed to the above certificate, that they are gentlemen of character and respectability, and as such, full credit should be given to the said certificate.
 In witness whereof I have hereunto set my hand, and caused it to be sealed of the city to be affixed, this sixth day of December, &c.

HEADACHE.
DR. E. SPOHN, a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of NERVOUS AND SICK HEADACHE, has the satisfaction to make known, that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many families who have cured Sick Headache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and laboring under distress which they might not so alleviate, but actually cured by the use of his remedy. It is the result of scientific research, and is entirely of a different character from advertised patent medicine, and is not unpleasant to the taste. To be had of
