

How En-ar-co Solves the Motor Lubrication Problem

En-ar-co National Motor Oil

Made by "Graduate Workmen"

Our Scientific Refining processes eliminate even the possibility of carrying residue or coke-like substances in this oil. In the making it first comes off in the form of a distillate or vapor. This is condensed into a liquid and then further refined and filtered. Thus we produce an oil that is ALL OIL—oil that assures a motor's greatest strength and power. Order it by the barrel or half-barrel—the economical way.

A bright, clear light—without charred wick or sooty chimney—is assured when you use this oil in lamps or lanterns or oil stoves. Buy it by the barrel.

This "better oil" insures uniform heat with no smoke, no smell. It does not leave a carbon deposit to clog wick and burner.

Also best for incubators and brooders and the most economical tractor fuel.

En-ar-co Motor Grease

For Every Grease Point

It is no longer necessary to have a special grease for compression cups, another kind for differentials, and still another grease for transmissions.

En-ar-co Motor Grease will give perfect lubrication for all purposes, all around the motor car or tractor.

Our refining experience of half a century has made this grease possible. Buy a supply now.

En-ar-co White Rose Gasoline

The Powerful Motor Fuel

You can't afford to use ordinary gasoline. You want "White Rose." It has made a sensational record for dependability, power and extra energy. It gives your motor "dash" and "pep" and results in a greater satisfaction.

En-ar-co Black Beauty Axle Grease

Takes the "squeak" out of the old wagon—making it run easier and last longer.

All the rich lubricating qualities of crude oil are retained in its manufacture, insuring a smooth, friction-free, wear-resisting axle. No compounds to clog and gum. Packed in useful galvanized pails.

Scientifically Refined by Graduate Workmen

Regardless of the motor you use, whether automobile, tractor, motor boat or engine, En-ar-co National Motor Oil produces the best results.

This Scientifically Refined oil protects the moving parts with a soft, velvety film that guards against friction, and permits the motor to develop its greatest power and speed. En-ar-co quality never varies.

Here is the reason why:

Each Man An Expert

In En-ar-co National Motor Oil, and all other En-ar-co products you get not only the results of the finest laboratory formulas and the most advanced mechanical methods, but also the work of the most highly skilled refiners.

Each En-ar-co Refiner is carefully trained. Each must pass through a rigid primary course of refining instruction. Then through grade after grade of En-ar-co training. Each grade must be successfully completed before the workman graduates. And not until then is he entrusted with responsible tasks.

Thus have we developed Scientific Refining, and thus have we eliminated all quality fluctuations and produced the perfect lubricant.
