

Get a BEATH LITTER CARRIER

With the Beath Litter and Load Carrier you can save many hours a week. It carries all kinds of litter and dumps it just where you want it. It is a decided improvement on other styles. No dog or brake required—an endless chain raises the load. All parts subject to strain are made of malleable iron. For sureness in operation, simplicity of construction and all-round excellence the Beath cannot be excelled. Send for catalogue and learn more about it.

You can make more money with your cows the I-H-C way

YOU are doing a vast amount of useless work and losing a big lot of money if you are skimming milk "the same old way" your grandparents did.

Better turn over a new leaf and try the I. H. C. Cream Harvester way.

That means you'll get all the cream—and you can't do that by hand-skimming. Every morning and evening you are feeding good cream or butter-fat to your calves. That butter-fat is worth 25 cents a pound and upwards. Can you afford such high-priced feed for the calves, pigs and chickens when skim-milk and corn meal will do just as well?

You can find hardly a trace of cream in milk separated with an I. H. C. Cream Harvester, which separates to a ten-thousandth part. And that's not half of the story.

Four or More Cows Make a Cream Harvester Pay.

It will pay because it practically cuts in two the work of keeping cows. It does away with washing numerous pans, crocks and strainers. You skim right at milking-time and have done with it all. You have only pure cream instead of a wagonload of whole milk to haul to the creamery. You have fresh, warm, sweet milk—that has life in it—for the calves. You can keep more cows and greatly increase your profits without any increase in labor.

You are not keeping cows for the fun of it; but for the money you can make out of them. The I. H. C. way is the money-making, labor-saving way. There are two I. H. C. machines—the Bluebell and the Dairymaid—each made in four sizes. Both are easy to turn and easy to clean.

Investigate by calling on any International local agent. Or, if you prefer, write to nearest branch house for catalogues and further information.
