### Why En-ar-co National Motor Oil Is Better Oil

STEAM that escapes through a tea-kettle spout, if caught and condensed, would be pure water—distilled water. Distilling removes all impurities, leaving a scale or residue along the sides and bottom of the kettle.

#### Scientific Refining

Now imagine a huge tea-kettle that will hold 25,000 gallons of crude oil. Picture an intense heat applied and the vapor that would arise, then you have some idea of our modern oil stills—the scientific process of making En-ar-co National Motor Oil. The vapor is condensed, further refined and then filtered. The result is a clear, clean motor oil that will perform its function properly in any motor.

#### En-ar-co National Motor Oil

For automobiles, tractors, motor trucks, motorcycles, motor boats, aeroplanes and every type of motor. Clean, clear, pure. Free from excess carbon. Has the "right" body.

#### En-ar-co Motor Grease

One grease for all uses, all around the motor car, tractor or gas engine. Gives perfect lubrication in differentials, compression cups, transmissions and every other grease point.

#### White Rose Gasoline

A pure, dry, uniform gasoline that insures utmost satisfaction in continuous, responsive power.

#### National Light Oil

A bright burning lamp oil. Does not char the wick or chimney. No disagreeable odors or poisonous fumes. Best also for oil heaters, oil cook stoves, incinerators, brooders and oil burning tractors.
