JOHN BRIGHT, MYRTLE, ONTARIO,

Clydesdales and Shorthorns,

Is now offering for sale 8 stallions, sired by such horses as Prince Patrick (imp.), Erskine's Pride (imp.), Sir Erskine (imp.), Royal Laurence (imp.). Also a number of mares and fillies. Shorthorns of all ages, of such families as Miss Ramsden, Clementina, Strawberry, Crimson Flower, Village Girl, Stamford, Rachel,

Myrtle Station, G. T. R. and C. P. R. Farm connected by long-distance telephone.

GOSSIP.

Hon. John Dryden & Son, Brooklin, Ont., contribute seven head to the joint sale of Shorthorns in Hamilton, on June 10th. Among them will be two cows with calves at foot, and five young heifers, all safe in calf to the Cruickshank bull, Prince Gloster. These heifers, all red in color, are rich in Cruickshank blood, and will afford a splendid opportunity to the young breeder who desires to lay the foundation for a Shorthorn herd. They belong to the thick, meaty sort, and are similar in quality to the lot sold in Chicago a year ago. A more extended notice will appear in next issue.

The dates which will probably be fixed for the live stock displays at the World's Fair extend from August 22nd to November 5th, of next year. The barns will be given over to horses and mules from August 22nd to September 3rd; to cattle from September 12th to 24th; to sheep, goats and swine from October 3rd to 15th; and to poultry, pigeons, dogs and pet stock from October 24th to November 5th. Cows participating in the dairy test are likely to begin to occupy their barns December 1st, of this year, continuing their use until November 1st, 1904. Silos will be built adjoining the dairy barns and part of the silage to fill them has already been contracted for. A leading farm machinery company has agreed to put up the silos and to furnish all necessary silage machinery free of any charge.

The United States Department of Agriculture has made extremely liberal exceptions relative to the importation of animals for exhibition at the Louisiana Purchase Exposition. The immense importance of the live-stock display at the World's Fair has been recognized by the Dapartment in allowing every privilege for imported animals that was possible to grant, while keeping in mind the barring of disease, and orders have been issued accordingly.

Canadian animals intended for exhibition at the fair will be admitted on the certificate of a Canadian official veterinarian stating that they are free from contagious or infectious diseases and have not been exposed to contagion within ninety days. Horses from Great Britain and Europe will be admitted by passing veterinary inspection by an inspector of the Bureau of Animal Industry at the port of entry.

Cattle will be admitted on a permit from the Department of Agriculture. The quarantine period for cattle imported from Great Britain, Ireland and the Channel Islands will be sixty days from the time of shipment on animals for the Exposition. This is a reduction of one-third in the time of quarantine. The period of quarantine for other ruminants and swine from the above named countries has been fixed at fifteen days from arrival at the port of entry.

Cattle may be imported without the tuberculin test if shipped direct from the animal quarantine station to the Exposition grounds without unloading on the

IMPORTER OF Clydesdale and Shire Stallions, and Spanish Jacks.

My third importation within the last fourteen months arrived Sept. 4th.

I select every one myself, and it is conceded both in Europe and America that I do get the best ones that cross the Atlantic to America. My stallions are sired by the leading sires of Scotland; ages from two to four years. The Jacks are direct from Spain, and registered, two to four years old, 1½ to 15½ hands high. I pay cash for my stock. I buy where I can get the best. Write for particulars. Will again you make you was your way which you was a supplied to you was a
