

Men, It's Free

Any Weak, Puny Man Can Have My Electric Belt Free, Without the Payment of One Cent.

I make this offer to weak men, particularly those men who have spent their earnings for years on dope (the drugs that make them feel like a young colt one day, and like an old, broken-down hack the day after), those men who have tried so many things that they are tired of fooling and want a cure. Those are the men I appeal to, and I am willing to give my Electric Belt free, without a cent of cost to you.

Men with small flabby muscles, thin-chested, dull-eyed, short of breath, without endurance, courage, ambition, and or grit in their make-up, are WEAK MEN, if they were not born weak I can make physical giants of them.

How do I do it? By filling the blood, the nerves, the organs and muscles with electric energy—that is what Nature gave them at first—that is what they have lost when they break down.

My Belt is easy to use; put it on when you go to bed; you feel the glowing heat from it (no sting or burn, as in old-style belts), and you feel the nerves tingling with the new life flowing into them. You get up in the morning feeling like a two-year-old.

Wherever you are, I think I can give you the name of a man in your town that I have cured. Just send me your address and let me try. This is my twenty-fourth year in the business of pumping new vim into worn-out humanity, and I've got cures in nearly every town on the map.

If you will come and see me I'll fix you up. If you can't call let me send you my book full of the things a man finds inspiring to strength and courage. Free if you send this coupon.

Office Hours, 9 a.m. to 6 p.m. Wed. and Sat. till 9 p.m. Consultation free.

There's nothing surer than the word of an honest man, and when such men as these admit that I cured them, you know that I can cure you.

HERE IS PROOF OF MY ARGUMENTS :

G. Duval, Grand Mere, Que., says: "Your Belt is a wonderful appliance for the relief of poor suffering humanity. I found a permanent cure in its use for Rheumatism and weakness. Yes, the Belt cures."

F. A. Ouellet, Springfield, N. S., writes: "I now feel like a new man every way, and wish you all the success that you deserve in your endeavor to relieve suffering humanity."

W. H. Belding, Chance Harbor, N.B., has this to say: "After 32 days' use of your Belt, I feel twice as strong as I did. My stomach is much better, and I have improved in every way. Have gained in weight and sleep better than I have for 10 years."

Fred. J. Cutterbuck, Brookville, Ont., writes me, saying: "I have worn your Belt for 32 days, and feel better than I have for years. My stomach is better and my appetite has improved wonderfully. I feel like a new man entirely."

I have cured thousands of men who have squandered the savings of years in useless doctoring.

Mr. Jas. Gibb, Brookdale, Ont., writes: "I have sold all my young Shorthorn bulls I advertised in 'The Farmer's Advocate.' To Allan F. His dam is also a daughter of Spicy Marquis (imp.). This is one of the best bulls we had this season. To John Forbes, Maplewood, Ont., the red-roan bull, Ythan's First, a good, low-down, even bull. We are offering one of our stock bulls for sale, Blyth-some Ruler, two years old last February. He is a Marr Missie, and will make a good show bull, weighing 1,800 lbs., of good quality. Our young yearling stock bull, Trout Creek Stamp, bred by Mr. W. D. Flatt, Hamilton, is doing fine. He was got by Pride of Windsor, grand-sire Silver Plate of the Royal Farm, his dam being Princess of Pithvie 2nd (imp.). He is a very thick, low-down bull, and a grand handler."

BUTTER TESTS AT BATH AND WEST OF ENGLAND SHOW.

The report of the judge shows that 19 Jerseys and four South Devons competed for the butter-test prizes given by the English Jersey Cattle Society at the above show, June 1-3. The cows were stripped, May 31st at 5 p. m., the milk of the next 24 hours being taken for the test. There were two classes. One for cows, any breed or cross, under 900 lbs. live weight; and the other for cows, any age or cross, over 900 lbs. The first-prize winner in each class was a Jersey, the gold medal and first prize in the first class going to Lady E. F. Smyth for Louisiana Loo, six years old, whose yield of milk, 137 days after calving was 39 lbs. 10 ozs., and of butter, 2 lbs. 9 1/2 ozs.; ratio, lbs. butter to lbs. milk, 15.36. In the second class, D. H. Watney's nine-year-old cow, Lady Siphon, 112 days after calving yielded 38 lbs. 8 ozs. milk, and 2 lbs. 6 ozs. butter; ratio, 16.21, and was awarded first prize.

In the English Guernsey Cattle Society's test at the same show, the first-prize cow, Lady Tichborne's Ithen Lilly 2nd, four years old, won first prize, her yield of milk in the 24 hours, 69 days after calving, being 39 lbs. 10 ozs., and of butter, 2 lbs. 6 1/2 ozs.; ratio, 16.57. The second-prize cow gave, 84 days after calving, 36 lbs. 8 ozs. milk, and 2 lbs. 3 1/2 ozs. butter.

ONONDAGA SHORTHORNS AND LEICESTERS.

Onondaga Stock Farm lies on the banks of the Grand River, about 5 miles from Caledonia, Ont., and about 20 miles south of Hamilton. The owner, Mr. W. A. Douglas, is one of Brant's most progressive farmers and leading pure-bred stock breeders, his specialty being Shorthorns and Leicester sheep. The Shorthorns number about 30 head of Strathallans, Claras, Isabelias, Nonpareils, Millmers, and several others, tracing to Imp. Louisa, Beauty and Lavina, the bulk of them being the get of imported sires, notably Imp. Oxford, Imp. Sir Christopher and Imp. Rosierucan of Dalmeny. The females are of the low-down, thick-set sort, several of them being exceedingly heavy milkers. In young females for sale are four two-year-olds in calf, two being Strathallans and two Lavinas—an extra nice lot. In young bulls, there are several, one a red yearling, by Scotland's Challenge, imported in dam, and out of a Clara-bred dam, a thick, sappy fellow, the making of a good one. Another is a roan, five months old, by Imp. Rosierucan, and out of a Strathallan dam—a rare good calf. Another is a red five-months-old, by the same sire, out of a heavy-milking dam, also a nice thick youngster; another, same age, by same sire, out of a Strathallan cow, and a few others bred along the same lines. The Leicesters are an extra choice lot; several of this season's lambs now weighing 100 lbs., and promising to be winners sure, all of which will be for sale, and there are none better. Write Mr. Douglas to Tuscarora P. O., Ont., for prices and particulars.
