

GOSSIP.

Secretary R. W. Park, of the American Galloway Breeders' Association, has resigned as secretary of that organization. It is understood that he will resume the management of his Missouri farm.

Mr. George Little, Neepawa, Man., writes to say that he has sold to Mr. James MacCreery, of Arden, Man., the bull calf, Pride of Langford. He is by Scottish Canadian (imp.), out of Rosette 14th =32688=. Mr. Little believes the bull has gone into good hands, and that he will give a good account of himself.

In another column, Mr. John Graham, Carberry, announces for sale four Clydesdale stallions and two Shorthorn bulls, all imported. A representative of the "Farmer's Advocate" has not yet had an opportunity of inspecting these animals, but we hope to give our stockmen readers the benefit of their description at an early date. From the announcement already made, it is important to notice that the breeding is gilt-edge, and those who contemplate purchasing animals of this class should pay this enterprising Carberry breeder a visit.

It is, or was, usual to designate Parliamentary committees by the names of the bills which they met to consider. About sixty years ago, a bill was introduced into the House of Lords for enclosing the lands in the parish of Great Snoring, in the County of Norfolk, and was in regular course committed to a select committee. It was sometimes a practice to move that on a select committee all the Lords who attend it shall have voices; and Lord Eldon, then Lord Chancellor, one day rose with the greatest gravity and said:

"I request your Lordships' serious attention to the motion I am about to put. It is that all the Lords who attend the Great Snoring Committee shall have voices."

Mr. Joseph Laidler is one of the Neepawa farmers who have made Neepawa district celebrated for the forward and progressive stage in which farming and pure-bred stock-raising is to be found in it. Mr. Laidler owns a few registered Shorthorns of good breeding and individuality. His herd bull is Kruger, got by Royal Charlie, out of one of the well-known Lynch cows. He is about a year old; a thick, low-set, full-quartered fellow, showing every indication of correct, thrifty development. Superba 5th, by Village Hero, out of Superba 2nd, she by Duke of Colonos, is a good breeding cow, with a heifer calf following her, which gives good promise. Raising Berkshire swine is Mr. Laidler's principal industry, and his herd is the result of much care and applied intelligence. A splendid stock of breeders is kept, and every member added to the breeding herd is proved by every possible test to be a good one before it is admitted. Cherry Lane Baron, by Long-fellow 10th, out of Locust Blossom, is a strong, heavy, smooth fellow, which has given every satisfaction in his get. Honest Tom, by Fitz Lee, out of Rosamond, is a younger leader, giving every promise of success. Amongst the sows are: Victoria, by Baron Lee, out of Heather Belle. She is a well-formed, smooth sow, and a prolific breeder. She farrowed fifteen pigs on three consecutive occasions, and twelve on the fourth. Princess, by Neepawa Lad, out of Modesty, is also a good pig, and a prolific breeder. Prairie Girl, by Halle, out of Maude, is a breeder which has given a good account of herself. Mr. Laidler's herd is one from which breeders may, with full confidence, augment their stock in the full assurance that they are getting choice Berkshire blood and quality.

THE IMPROVEMENT OF HOME GROUNDS.

The Wisconsin Experiment Station has issued Bulletin No. 105 on the Improvement of Home Grounds. It contains a good deal of valuable information of use to those who can appreciate beautiful home-surroundings. A copy, we believe, would be furnished the farmers of Canada who address the Agricultural Experiment Station, Madison, Wisconsin.

3 FEEDS FOR ONE CENT

other not. The pig being fed "International Stock Food," shortly after using it, made a gain of one pound per day over the other and gradually went up till there was a gain of over two pounds per day. Have also tested it upon our horses while doing heavy work, milch cows and calves, and can fairly and honestly say that I do not want, and don't think I could get any better stock food. One of our mares got cut badly by being thrown out of the horse-power while threshing. We at once applied your "Silver Pine Healing Oil" with the best of results.
