### STOCK GOSSIP.

48 In writing to advertisers please mention the Farmer's Advocate.

Mr. R. Sangster, Williamstown, has purchased for use at the head of his herd, the fine young yearling bull Royal Gloucester, bred by Arthur Johnston, Greenwood. He was sired by Indian Chief, dam 3th Duchess of Gloucester. Mr. Sangster reports sales as being very satisfactory, and he had sent four young bulls to Duncan Stewart, Inverness, Que., and had just received a letter stating that the purchaser was well pleased with them.

LINDEN STOCK FARM DISPERSION.

Mr. John Gillson (London), having sustained a severe loss through fire, has decided to sell his entire herd of Shorthorns, on Friday, Sept. 21st. At the head of the herd, which Mr. Gillson displayed great energy and good judgment in bringing together, stands the Kinnellar-bred bull, Royal George, imported by Mr. Arthur Johnston. All the cows are in culf to Royal George. His calves are coming most satisfactorily; in fact those that have already made their appearance more than reach the high standard of quality and substance which Mr. Gillson has kept steadily in view. The females in this herd are of a very high order, including such celebrated Kinnellar families as the Rosedales and Wimples. Wimple Birdie, secured by Mr. Gillson at the Oockburn dispersion, was considered by many judges to have been the best heifer of her class at the World's Fair. She is due to calve in November. There will also be a few young bulls. The stock is all in nice breeding condition. A few high grades will be offered at the same time. Mr. Gillson is now at work on the catalogue. Further announcements will appear in the next issue of the Advocata. Breeders and others desiring to secure some of this stock will do well to bear the date of the sale in mind—Sept. 21st. Mr. Gillson's farm is located a few miles north of London.

A PROMISING HERD OF SCOTCH SHORTHORNS. LINDEN STOCK FARM DISPERSION.

sale in mind—Sept. 21st. Mr. Gillson's farm is located a few miles north of London.

A PROMISING HERD OF SCOTCH SHORTHORNS. Mr. H. J. Elliott, of Danville, P. Q., has, in a quiet way, been building up a herd of excellent Shorthorns of the most approved Scotch breeding. This very select herd is at present headed by the capital imported two-year-old Cruickshank bull King James (84219), of the grand old Maid of Promise family, a family as famous for their milking qualities as for their propensities to put on fiesh. He is a big, growthy bull of his age, on short legs, deep, straight and even. Though not by any means fat, he carries a great covering of the smoothest and evenest-laid on fiesh. He was sired by Mr. Cruickshank's Royal James (84972) and out of Maid of Promise 5th, by the great old Cruickshank bull Gravesend (46461), a grandson of the famous Barmpton (37763) and a great-grandson of the still more famous Onampion of England (17525). The females in the herd include two of Mr. Cruickshank's riohest bred Duchess of Glo'sters, one of which was sired by the well-known imp. Indian Chief, and out of imp. 3th Duchess of Glo'ster. The other is a beautiful daughter of this richly-bred heifer, and sired by imp. King James, decribed above. Following these are four of the grand old Nonpariel sort—a sort that were favorities at both Sityton and Kinnellar a long as the herds remained. There are two of the almost equally well-known Kinnellar. Chief, and out of imp. Clara, and the other a daughter of this splandid heifer, and sired by imp. King James. They both do credit to their grand ancestry. There are two of the late Mr. James Bruce's Princess of Wales tribe, a tribe held in high repute and at high prices by the late Mr. Bruce, for their great milking record, as well as for their fiesh-forming propensities. Following these, and quite as long favoriles, come two of Mr. Bruce's Rosebud tribe, perhaps equal in quality and breeding to any of the foregoing; they are imp. Rosella and her very pretty heifer ca f by imp. King A PROMISING HERD OF SCOTCH SHORTHORNS

## NOTICES.

Persons wishing to lay a foundation fora pure-bred herd or flock of any of the breeds now kept on the Agricultural College Farm, or desiring to add new blood to their present stock, would do well to apply to Mr. William Rennie, Farm Superintendent, for catalogue giving full particulars of the annual sale advertised in this issue. All the stock on the farm are carefully bred and cared for, but never overloaded with fat, so as to render them useless as breeders. There will be a double interest in attending this sale, as it will afford an opportunity of visiting the Farm at a time to view the various sorts of roots in their mature state. their mature state.

Every one who drives a horse knows the value of a first-class robe, and all who have used the old buffalo skin would, when in need of a robe, gladly pay a high price for one of the old sort. The general testimony is that there is not a skin on the market like it for wear, warmth and fine appearance. There is at Galt, Ont., a robe manufactured which certainly takes the place of the buffalo robe, now a thing of the past. We refer to the Saskatchewan buffalo robes manufactured by Newlands & Co. It is the warmest and most durable robe in the market, and is meeting ready sale wherever it has been introduced. They are handsomely lined with a superior quality of lining, also have an interlining of rubber, making them absolutely wind and waterproof. They have stood hard usage for five years by farmers, liverymen, doctors and others, and have given entire satisfaction. We would ask the public to take special notice of the exhibit of robes, etc., at the Toronto and London exhibitions. Every one who drives a horse knows the
