

Make the Cows Work

The difference between cows with a separator, and cows without a separator, is just the difference between "keeping" cows and cows "keeping" YOU.

Get a De Laval Separator

and produce, in comfort, two pounds of butter from the same source which, with drudgery, yields one to-day. Don't have cows around simply as part of the farm picture: make them work for you.

WORDS WORTH NOTING

The following letter was received a few days ago by The Great-West Life Assurance Company from one of the Policyholders:-

"On Sept. 12th, 1892, I insured in your Company for \$2,000 on the Fifteen Payment Life Plan, paying an annual premium of \$69.64; total amount paid \$1,044.60. I am now in receipt of the Company's cheque for \$1482.00, being a profit of \$437.40 more than I have paid, and have been insured the fifteen years for \$2,000. My net interest on the amount paid the Company is 4 1/2%. I consider this investment one of the safest I have, and regret that I didn't have more. I wish to thank you for being so prompt in the payment. I shall cheerfully recommend your Company to anyone who wants Insurance and Investment."

Comment is superfluous! This is the rock on which the Company's success is builded—RESULTS TO POLICY-HOLDERS!
