What She Should Call Him
It was the first time that he had called. They were sitting on the sofa; the fire crackled merrily; the lights were dim, "Oh, Mr. Harrison," she murmured. "Please don't call me Mr. Harrison," said he. "But," she said shyly, "we've known each other such a short time." Then coyly: "What must I call you?" "Call me," said he, "Mr. Patterson, because that is my name."

SURPRISED HER DADDY
One evening last week Mr. Sam McKenzie was making some repairs to the roof of his house on Durham St. near the High School. It is a high building with a steep roof and he had rubbering on. His little daughter, three years old, came along and asked him how he got up there. He told her he came up on the ladder and went on with his work. In a few minutes he was startled to find that she had scaled the ladder and was climbing up the roof towards him. How she managed to do it he cannot understand for the ladder hardly reached the eaves and the top rung was broken and he had found it difficult enough himself to make the grade.—Kincairdine Review.

COUNTY MAGISTRATE PASSES

In the death of County Magistrate A. E. McNab, which occurred on Thursday afternoon of last week at St. Joseph's Hospital, Guelph, Bruce County, loses one of its most outstanding public men.

The late Alexander Eugene McNab was born at Chestowe 49 years ago, a son of the late Mr. and Mrs. Michael McNab, and was the youngest of a family of nine. He received his early education at Chestowe school, and after completing his course at Walkerton High School, entered the University of Toronto, where he took a double honor in mathematics and classics, winning gold medals in both departments. He graduated from the university in 1898, and after graduating from Osgoode Hall three years later he was called to the Bar. He practised as a barrister in Walkerton from 1901 to 1902, when he entered into partnership with David Robertson, K.C., at which time was established the law firm of Robertson and McNab. He continued as junior member of that firm until 1921, when he was appointed Police Magistrate for the entire County of Bruce.

During the past 20 years the late Mr. McNab was one of the foremost men in the municipal life of the town. He served three terms as Mayor, five terms as Reeve, and one term as Alderman, and was Warden of Bruce County in 1916. He was the Union candidate for South Bruce in the Dominion General Election in 1917.

He was Town Solicitor for many years, and was reputed to be one of the best authorities on municipal law in this part of Ontario. He was an ardent bowler, curler and football enthusiast. As Police Magistrate he possessed splendid qualifications and his judgments were always sound and careful. He was a Roman Catholic in religion, and a member of the Knights of Columbus, being a past Grand Knight of the order.

In 1902 he was married to Margaret Wilson, daughter of the late Mr. and Mrs. Charles Wilson of Elora, who survives, together with a young family of six sons, Charles, Alexander, David, Donald, James and John. He also leaves five brothers and three sisters, Joseph W. McNab of Toronto, Harry and Ambrose of Portland, Oregon; Michael and Albert of Epehowe; Mrs. Bryon J. J. Donnelly of Pinkerton; Mrs. McCarty of Toronto, and Mrs. John Coumans of Chestowe. The late John McNab, for many years jailer of Guelph, who died as a result of injuries inflicted by two prisoners with whom he battled as they attempted to escape, was also a brother.

"Girls," says a news heading, "are nowadays like sheep when a new fashion appears." But, on the contrary, it is the men who say "Bah! Bah!"

Samuel Cadesky of Owen Sound was caught at Cooksville with 20 gallons of alcohol and 5 cases of whiskey in his car, was fined \$500 and costs at Brampton court and the wet stuff was confiscated, a total loss to Cadesky of over a thousand dollars.

FULL OF BOOZE AND FIGHT

(Kincairdine Reporter)
Not always do old saws ring true, as the case proved last Sunday evening. "The better the day the better the deed," worked out quite the opposite for young Bill Scott.

Around 9 p.m. something began to work on Bill, and in spite of the fact that it is illegal to make purchases on Sunday, this young yeoman felt he must do so and in no uncertain way began on one of the store doors and tried to gain admittance. The owner repeatedly refused to let him in, but this seemingly had no effect on Bill's perseverance.

About that time Chief Morgan came on the scene and he made the discovery that Scott's aggressiveiveness was prompted by an over-supply of fire water that he had tucked beneath his belt. The Chief decided to lock Bill up in the cooler for the night to sleep his tight off, which is the proper place for those needing cooling.

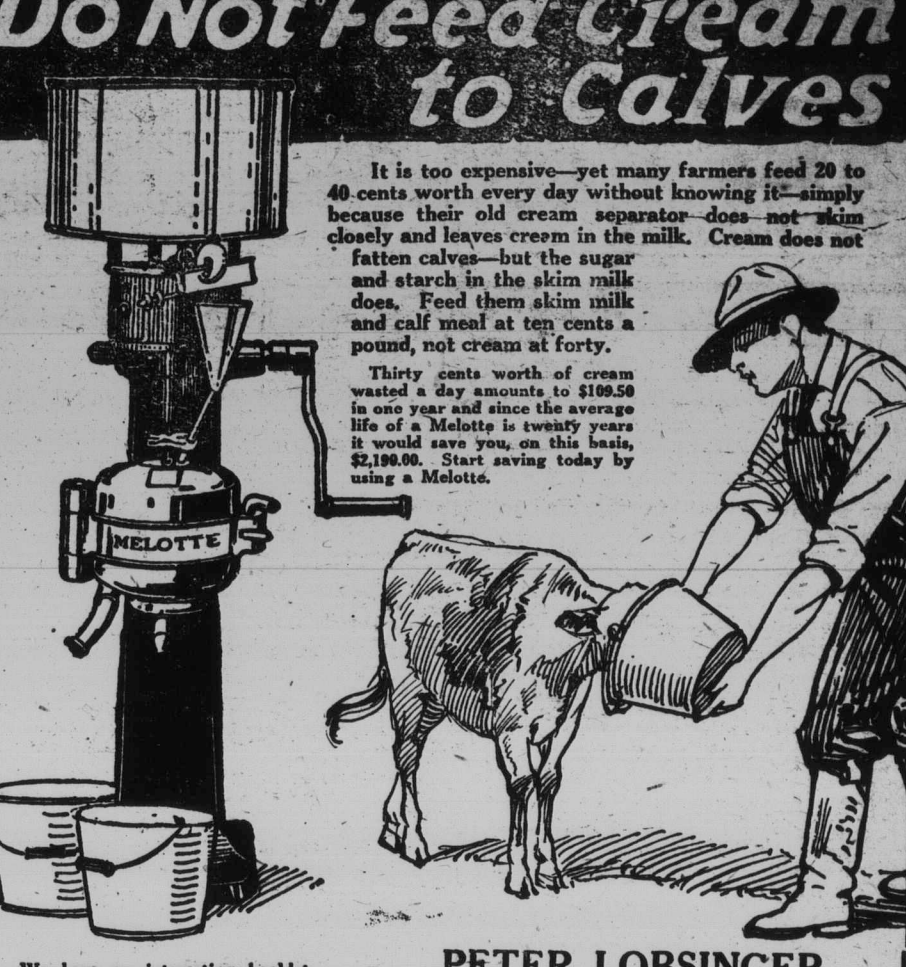

When the Chief had reached Harbor Street corner with his prisoner, Bill suddenly awoke to the fact that he was not being transported to his home, sweet home, so made a flying leap for freedom. However, he was caught before the leap materialized and baffled in this Bill doubled up his fists and attempted to display his strong-arm prowess.

Now, to shine up to Kincairdine's Chief is about the biggest mistake a man could make, for he is on familiar ground in that position. Scott learned in about three seconds that he was neither a Flying Finn nor a Eastling Siki, for in less time than it takes to wink the eye he was lying on his back on the cold sidewalk and getting a little more than he could take.

Then Bill changed his tactics. The fight was all gone from him and he began squealing for mercy. "Put the handcuffs on me and I'll go peacefully," he sobbed. And the Chief granted his request regarding the bracelets and lamb-like Bill proceeded to the hoosegow.

The following morning he appeared before Justices of the Peace, J. Henry and W. G. Terrence, pleaded guilty to the charge of being full of booze, and transferred to the

Do Not Feed Cream to Calves

It is too expensive—yet many farmers feed 20 to 40 cents worth every day without knowing it—simply because their old cream separator does not skim closely and leaves cream in the milk. Cream does not fatten calves—but the sugar and starch in the skim milk does. Feed them skim milk and calf meal at ten cents a pound, not cream at forty.

Thirty cents worth of cream wasted a day amounts to \$109.50 in one year and since the average life of a Melotte is twenty years it would save you, on this basis, \$2,190.00. Start saving today by using a Melotte.

We have an interesting booklet on the Melotte which you should read carefully. Ask us for a copy.

GEO. H. NEWTON PASSES

It is with very deep regret that we record the demise of George H. Newton, a highly esteemed resident of the community for a number of years. He died on Friday evening last at his home in Gorrie after a short but severe illness. The deceased was born in Normandy township on December 25th, 1855. He was married in the year 1889 to Miss E. J. Eilford. He moved to Clifford, Elora, 1896, residing there for nearly twelve years, when they moved to the 17th concession of Howick where his wife died twelve years ago last October. Four years ago he retired from farm life and purchased a comfortable home in Gorrie where he lived until the time of his death.

The family consists of Mrs. Wm. Pyke, of the 9th con. Howick; Mrs. Anson Galbraith, 15th con. Howick; R. G. Newton, Alpena, Mich.; Edward F. Newton, 12th con. Howick; Carl E. Newton and Miss Margaret at home. Two daughters—Hazel and an infant died some years ago.

Mr. Newton was a steady industrious man, never knew hardly a day's sickness, and enjoyed the respect and esteem of the neighborhood for his geniality and agreeability. The family share in wide spread sympathy in their sorrow.

WHAT TWO JUDGES SAY

During the past few days we have seen pronouncements from two of our Ontario judges that should make a giddy and pleasure seeking public pause. One is Judge Spotton, of Guelph, who took occasion, in connection of the trial of one Walsh, who was arrested at Shelburne for seduction and abduction, to comment on the prevalence of immorality among young people throughout the County of Wellington. While not excusing the youths he put a large share of the blame on the mothers for this lamentable state of affairs, and the apparent lack of parental restraint.

The other is Judge Coatsworth, of Toronto, who in commenting on a case of seduction tried before him, said "Most of the defence witnesses were young fellows who exhibited a moral depravity which is perfectly shocking, and that when parents and guardians allow any of them the use of a motor car, particularly in the evenings, they are contributing to his delinquency. It behooves every lover of purity and decency to seek out the causes of this degeneracy and to endeavor to have them removed."

THE MOTHERS' ALLOWANCE BOARD

The Bruce County Local Board of the Mothers' Allowances Commission met last in the Town Hall, on the occasion of the annual report by the chair. The commission will be reported to the county council on the 26th inst. The Board of the Mothers' Allowances Commission has been successful in its efforts to secure the necessary funds for the payment of the Mothers' Allowances. The Board has secured a grant of \$10,000 from the Province for the year 1925, and has also secured a grant of \$5,000 from the county for the same year. The Board has also secured a grant of \$10,000 from the county for the year 1925, and has also secured a grant of \$5,000 from the county for the same year.

administration of the Mothers' Allowances Act together with his clarity of expression and sympathetic manner eminent, fit him for his important position, gave the members of the Local Board a report of the work of the Commission to date, with an explanation of the various developments which have been found to be necessary. Mr. Bryce also conveyed to the members of the Bruce County Board the warm appreciation of the Commission for the help and co-operation given.

Taking the month of March as an example an idea of the splendid work being accomplished may be given the member of beneficiaries in Ontario at present is 4208.

Amount expended on Allowances in March \$150,688; Average amount of Allowance \$35.88. The number of children in these 4208 families is 12,792. This means that 12,792 children are better fed, better clothed, and are enjoying the care that is theirs by right. Families are being kept together and mothers given the privilege of being able to work at home and for their own little ones, in the knowledge that the never failing monthly payment from the Mothers' Allowances Commission will ease the heavy weight of their double duty as mothers and wage-earners.

In these 4208 cases the causes of dependency are death of father—3432 incapacity of father by insanity and other causes chiefly tuberculosis and cancer 504. Desertion cases number 160 and there are 112 cases in which a foster parent is keeping a little family together on account of the death of both parents. The foster parent is usually the grandmother or aunt of the orphaned children.

In cases of incapacity of the father of a family from tuberculosis a regulation has been made that the sufferer from this dread disease must be placed in a sanatorium, before an allowance will be granted. While it may seem a hardship for a municipality to pay the necessary fees for the treatment of the father, (\$10.50 per week) it is really an economy, as it safeguards the health of the family. In one instance where this precaution was not taken the municipality is now responsible for the cost of the payment of \$960 monthly for the care in a sanatorium of the father.

The members of the Bruce Local Board, all of whom were present at this conference are: Mr. C. J. Mickle, B.A., Chesley, Chairman; Mrs. F. E. Coombe, Kincairdine; Rev. R. Perdrie, Walkerton; Mr. D. J. Byers, Warrenton; Mr. Robt. McVittie, Southampten and Mrs. I. Shoemaker, Paisley.

While ten different counties of Ontario pay the Local Boards a per diem allowance while attending the meetings the Bruce Local Board are giving their services but are allowed travelling expenses which with all the costs of the Administration of the Mothers' Allowances Act is paid by the Province.
